For the first six months of 2026, Southern earned \$6,393,000, or \$1.37 per share, an increase of \$109,000, or 1.7 percent, compared to net income of \$6,284,000, or \$1.36 per share, for the same six-month period one year ago.

Southern's annualized return on average assets was 0.75 percent and 0.81 percent for the six-month periods ended June 30, 2026 and June 30, 2025, respectively. The annualized return on average equity was 10.24 percent for the first six months of 2026, compared to 11.31 percent for the first six months of 2025. The tax equivalent net interest margin for the six-month period ending June 30, 2026 was 3.35 percent compared to 3.20 percent for the same period last year.

Total consolidated assets as of June 30, 2026 decreased slightly to \$1.683 billion from \$1.690 billion on December 31, 2025. Loans totaled \$1.276 billion as of June 30, 2026 compared to December 31, 2025 levels of \$1.273 billion. Deposits totaled \$1.400 billion compared to \$1.417 billion as of December 31, 2025.

Credit quality reflected both modest improvement in non-performing loans and higher delinquency levels at the end of the second quarter. As of June 30, 2026, non-performing loans represented 0.92 percent of total loans, compared to 0.98 percent at December 31, 2025. Delinquent loans totaled \$10.985 million, or 0.86 percent of total loans, at June 30, 2026, compared to \$784,000, or 0.06 percent, at December 31, 2025.

The bank realized net loan charge-offs totaling \$837,000 for the first six months of 2026, compared to \$15,000 for the six-month period ending June 30, 2025. There was no provision for credit losses expense recorded during the second quarter of 2026, compared to \$500,000 in the second quarter of 2025. The allowance for credit losses at June 30, 2026 totaled \$15.248 million, or 1.20 percent of total loans, a decrease of \$305,000 from December 31, 2025 levels of \$15.553 million or 1.22 percent of total loans.

While second quarter results were impacted by a \$1.689 million write-down of other real estate owned, overall performance remained solid. Year-to-date earnings exceeded the prior-year period, and the improved net interest margin reflects continued positive momentum in our core banking operations.
