COLUMBIA BANK

BUILDING A

PREMIER

REGIONAL

COMMUNITY BANK

NASDAQ:COLB

Columbia Banking System Inc.

This presentation includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which can be identified by words such as “may,” “expected,” “anticipate”, “continue,” or other comparable words. In addition, all statements other than statements of historical facts that address activities that Columbia expects or anticipates will or may occur in the future are forward-looking statements. Readers are encouraged to read the SEC reports of Columbia, particularly its most recently filed form 10-K, for meaningful cautionary language discussing why actual results may vary materially from those anticipated by management.

Why Columbia Bank?

- **Fortress balance sheet**
  - Very low cost, stable funding base
  - Relationship centric C&I focused loan portfolio
  - Diversified loan portfolio with top tier credit quality
- **Seasoned acquirer** with proven integration results and superior acquisition currency
- **Successfully crossed the $10 Billion Asset threshold** with the acquisition of Pacific Continental Corporation on November 1, 2017
- **Located in one of the top regional economies** in the U.S.
- **Sustained track record** of delivering above market return to shareholders

The Strongest Economic Region in the US

- **Of the 20 major US metropolitan cities and, the Seattle home index continued with the highest increase** over the past 12 months rising by 13.1%. Portland's increase was 5.9%. Exceptional growth in Seattle and Portland over the past few years has resulted in above average increases in Tacoma, Spokane, Salem and Eugene.
- In April 2018, US News & World report ranked **Portland #6, Seattle #10 and Boise #23 in the 125 Best Places to Live in the USA** considering Job Market, Value, Quality of Life, Desirability and Net Migration. Spokane #69 and Salem #93 also made the list.
- For the second year in a row, Seattle has **more construction cranes than any other US city** with the bulk supporting multifamily projects. Toronto is the only North American city with more. Portland ranks 4th in the US.
- **The competition for commercial office space is high in the Puget Sound and Portland markets** driven by the expansion of technology companies such as Amazon, Microsoft, Google and F5 Networks.
- **The Northwest has an established presence** in aerospace, technology, agriculture and consumer product sectors. Local world-class companies, including Boeing, Starbucks, Microsoft, Amazon, Costco, Nordstrom and Nike are anchors of these sectors.
- **Diversified agriculture is a key component of Northwest's success**. In 2017, 99% of the US Hops crop was produced in the northwest with 75% from Washington, 13% from Idaho and 11% from Oregon. Washington is the #1 producer of apples with 70% of the total US crop; Oregon #1 for Christmas trees, hazelnuts and blackberries; Idaho is #1 for potatoes and trout.
- **Tacoma, Seattle and Portland ports are big economic drivers in the region.** The Northwest Seaport Alliance is the 4th largest container gateway in North America, and Portland is the number one port on the west coast for automobile exports. The Seattle-Tacoma International Airport is expanding its International Arrivals Facility more than doubling its passenger capacity by 2019.
- **Military is a major driver of the Northwest economy**. Nearly 127,000 Active and Civilian personnel across Washington, Oregon and Idaho.

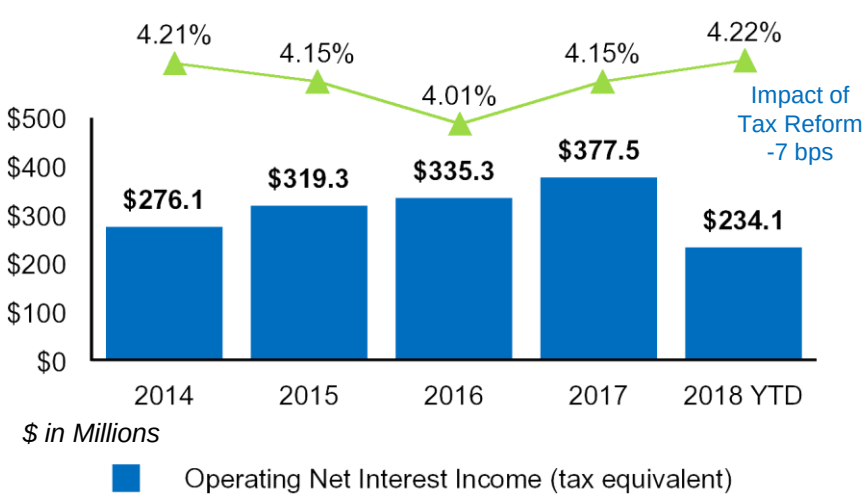
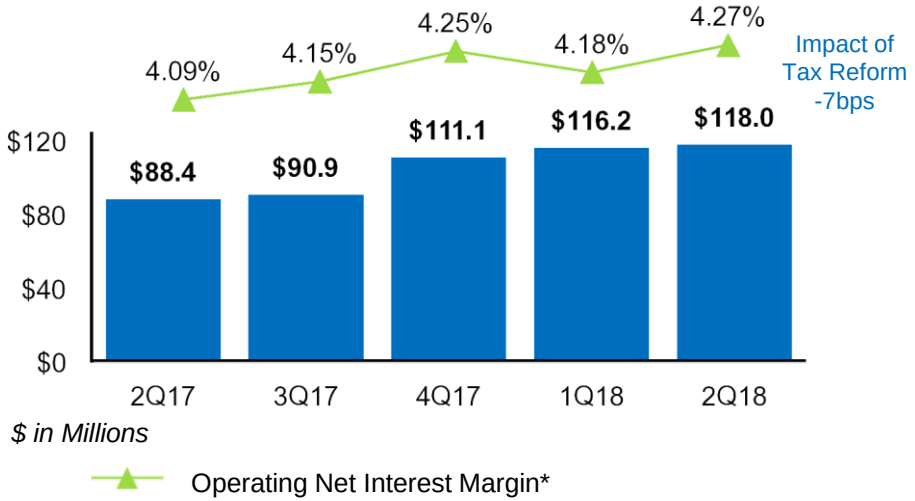
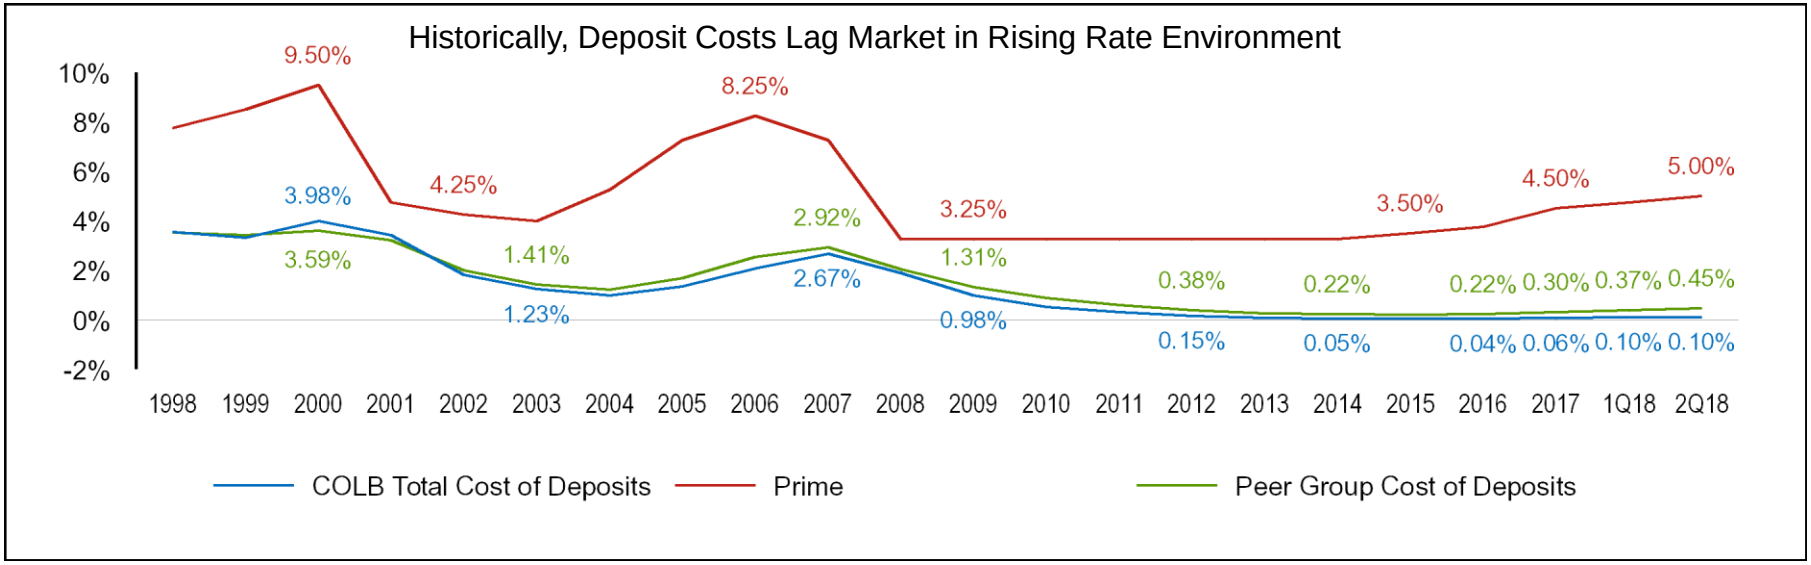
Expanding Operating Net Interest Margin *

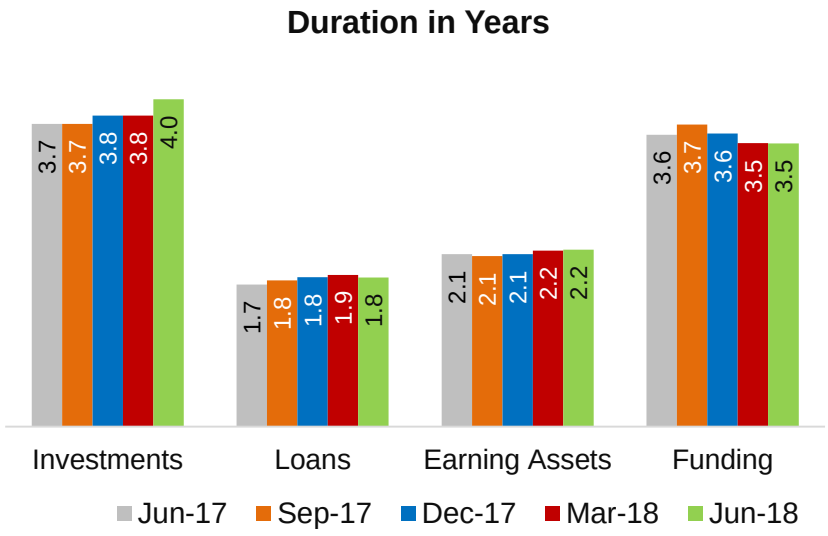


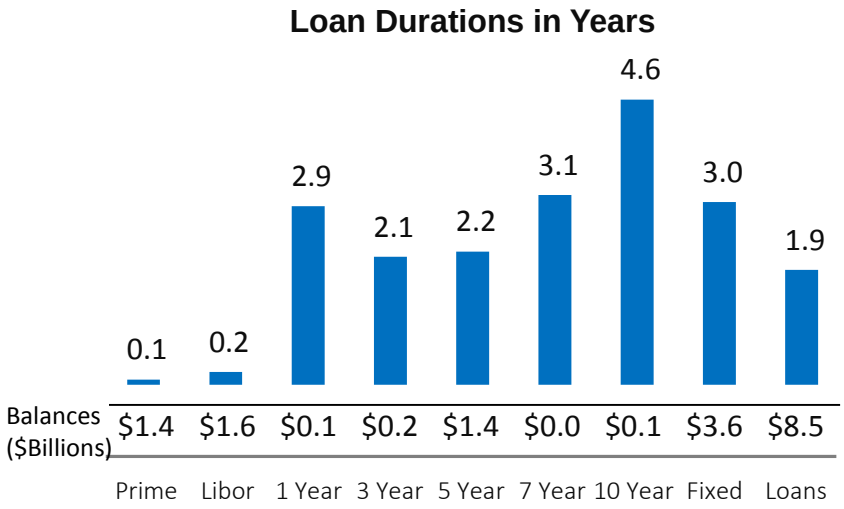




*Operating net interest margin is a non-GAAP financial measure. Refer to end of presentation for additional information.

Interest Rate Sensitivity





- Asset and liability durations are estimates
- Variable rate of 1, 3 5, 7 and 10 represent FHLB, swap or US Treasury rate indexes
- Loan balances exclude allowances, premiums/discounts

- Variable rate repricing by months to reprice:

<=12M	13-23	24-35	36-59	>60
$244MM	$183MM	$311MM	753MM	$267MM

- Net interest income sensitivity is estimated based on a stable balance sheet, internal prepayment and loan pricing assumptions, decay rates and deposit betas. The percentage change from base scenario for the next 12 months are shown below::

-100 bp	+100 bp	+200 bp
-7.0%	+3.3%	+6.3%

- Deposit durations are effective durations and are based on estimated decay rates and deposit rate betas. The decay rate approximates 17%. Betas approximate 5% for savings, 50% to 75% for money market and interest checking and 55% for time deposits.

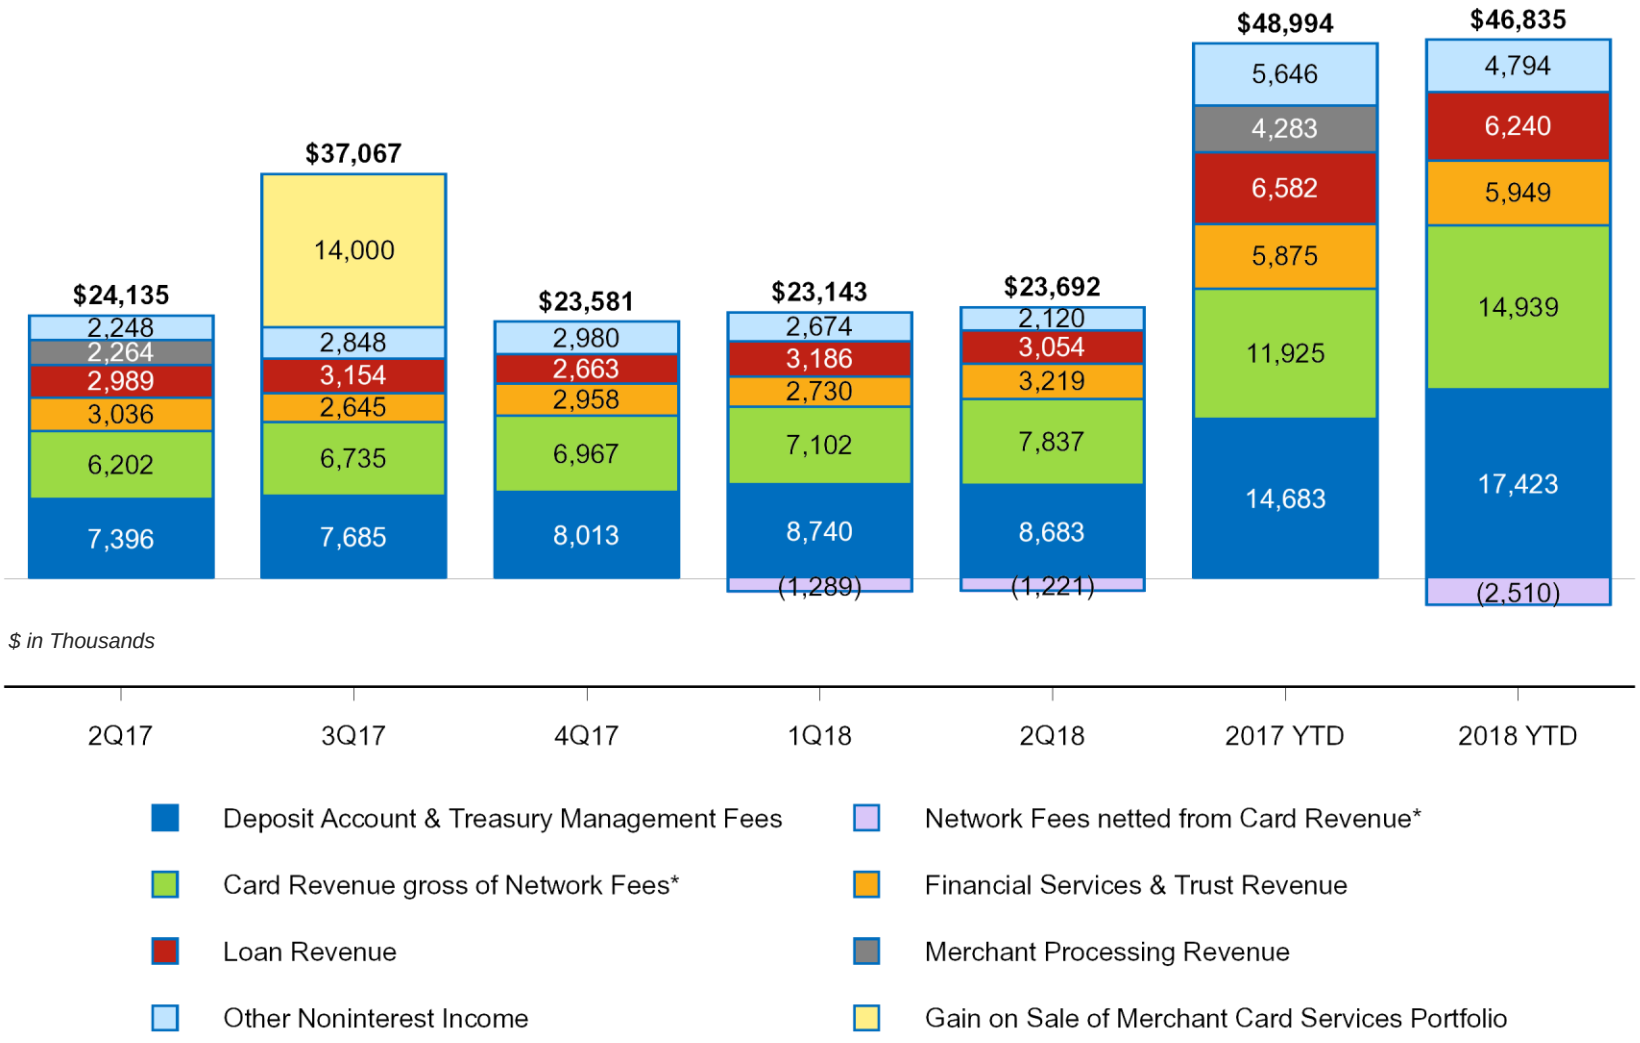
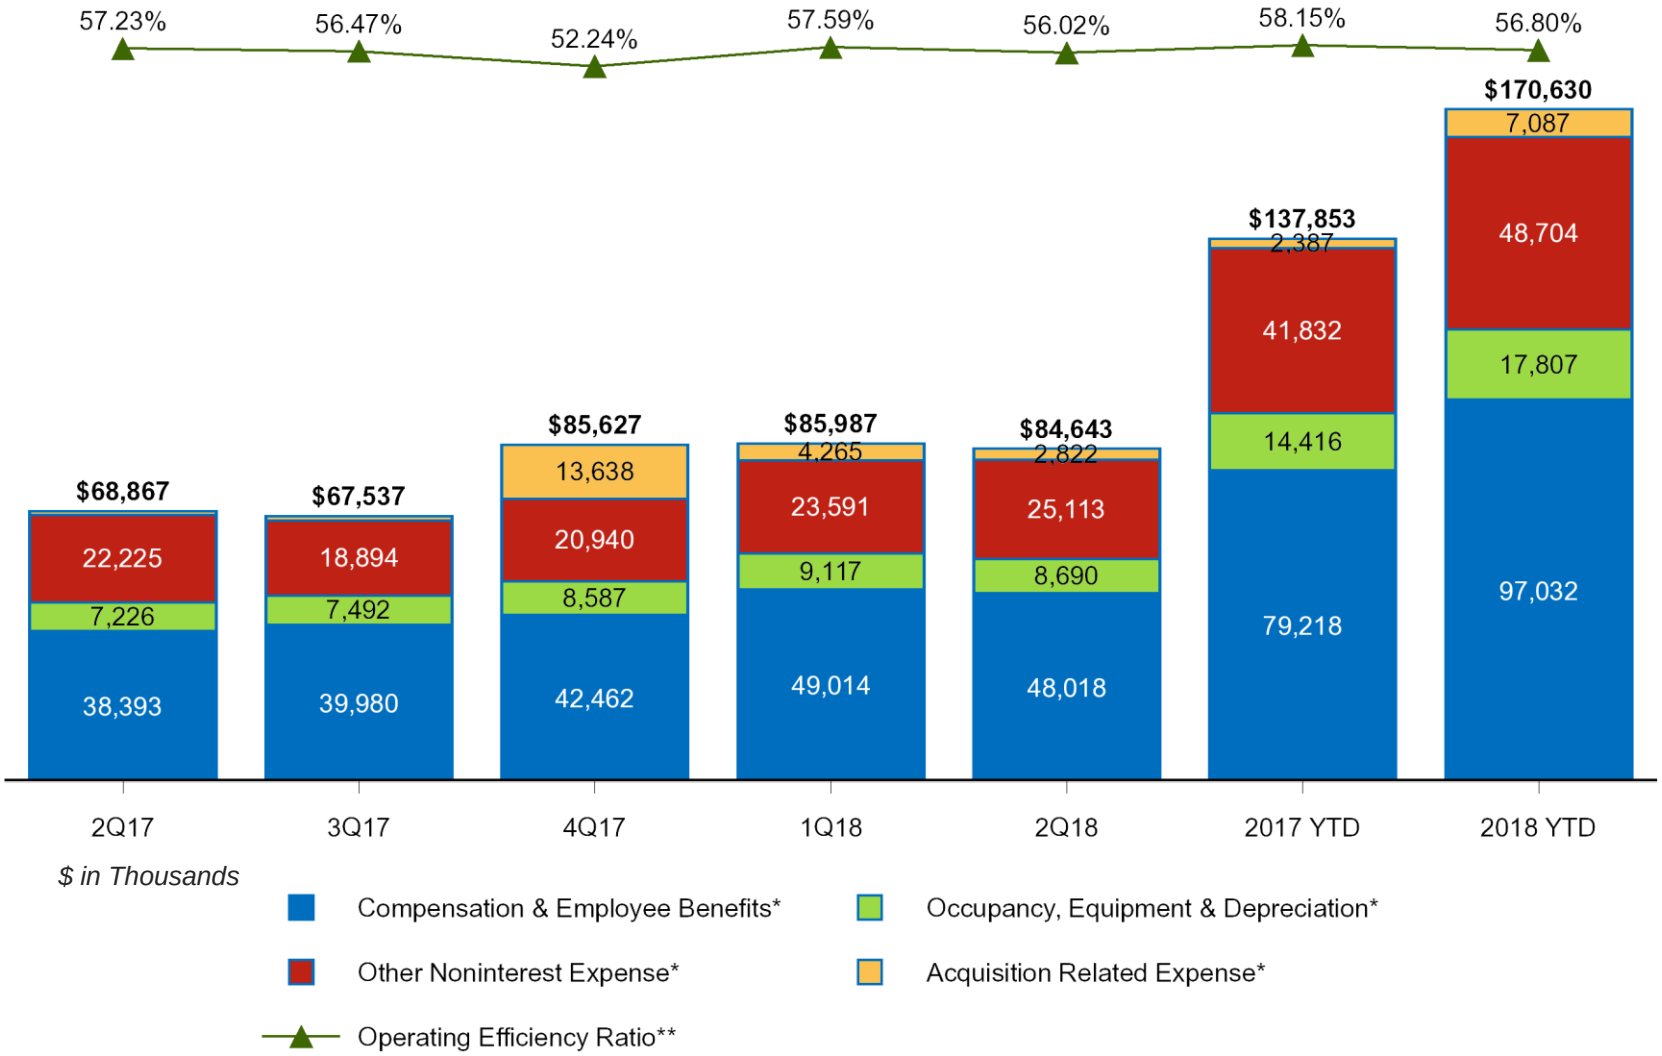
Non-Interest Income



*Beginning in 2018, network fees are netted against Card Revenue in noninterest income. Prior to 2018, network fees were presented in noninterest expense.

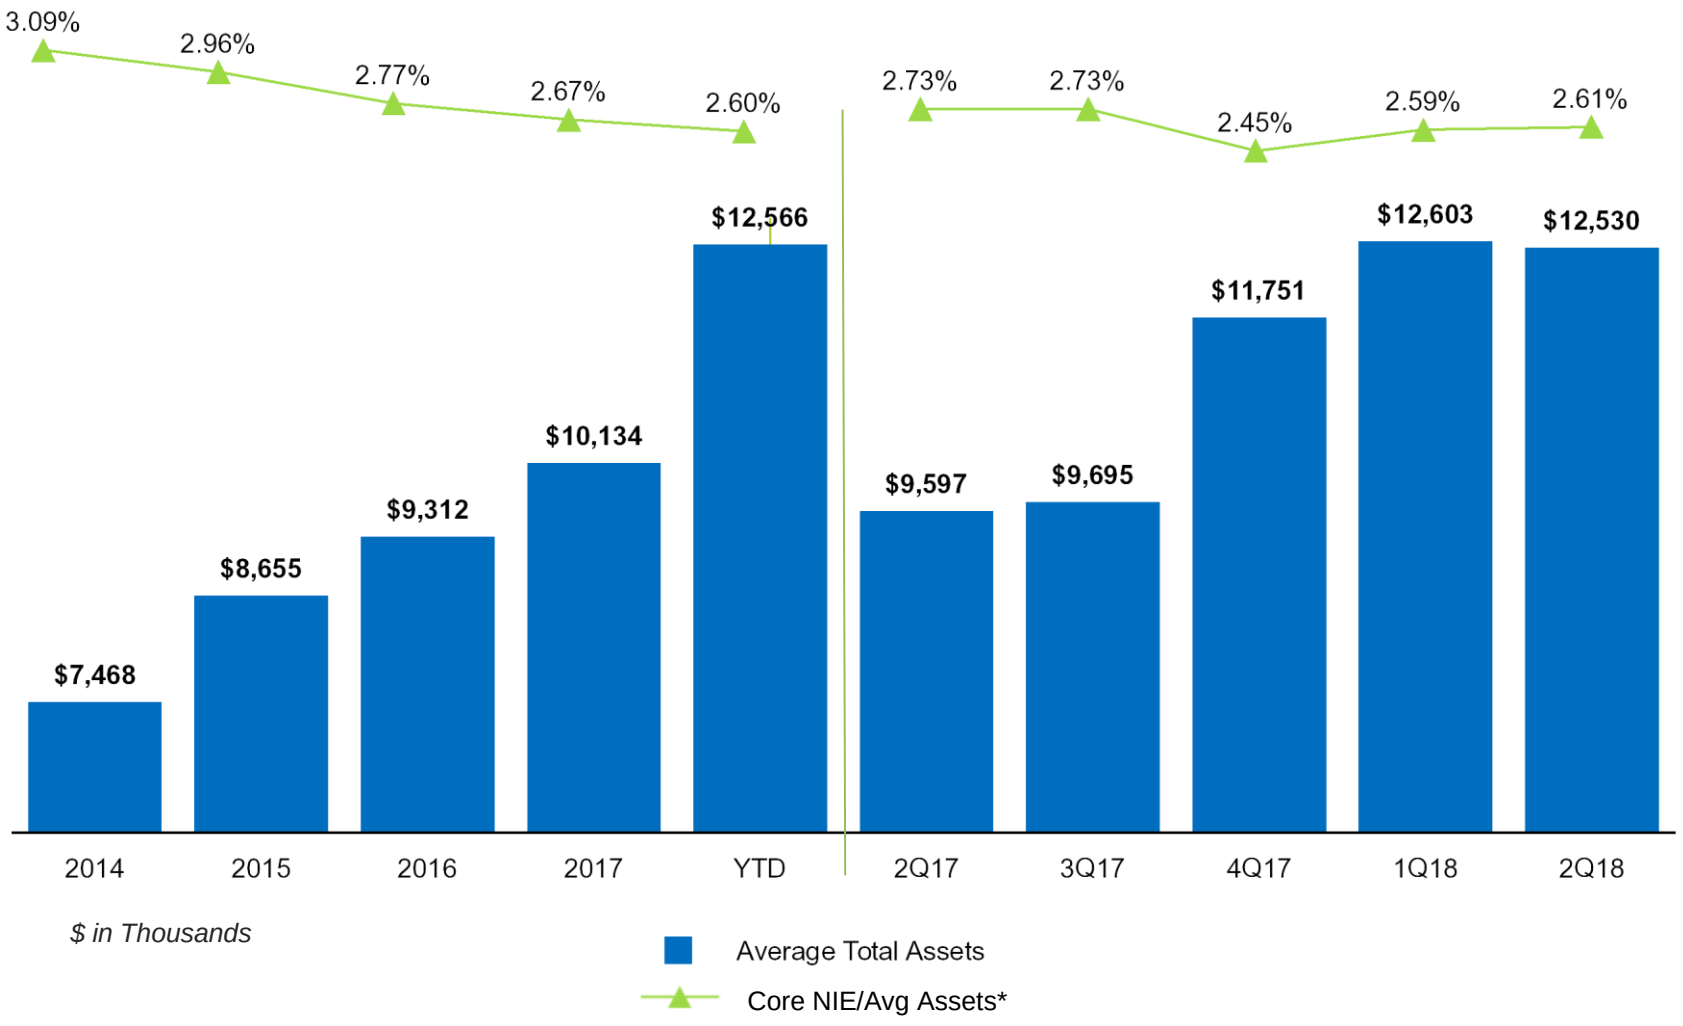
Non-Interest Expense and Operating Efficiency Ratio**



*Acquisition Related Expense is excluded from individual expense groups and shown in aggregate. Individual expense groups excluding acquisition expenses are non-GAAP measures. Refer to end of presentation for more information.

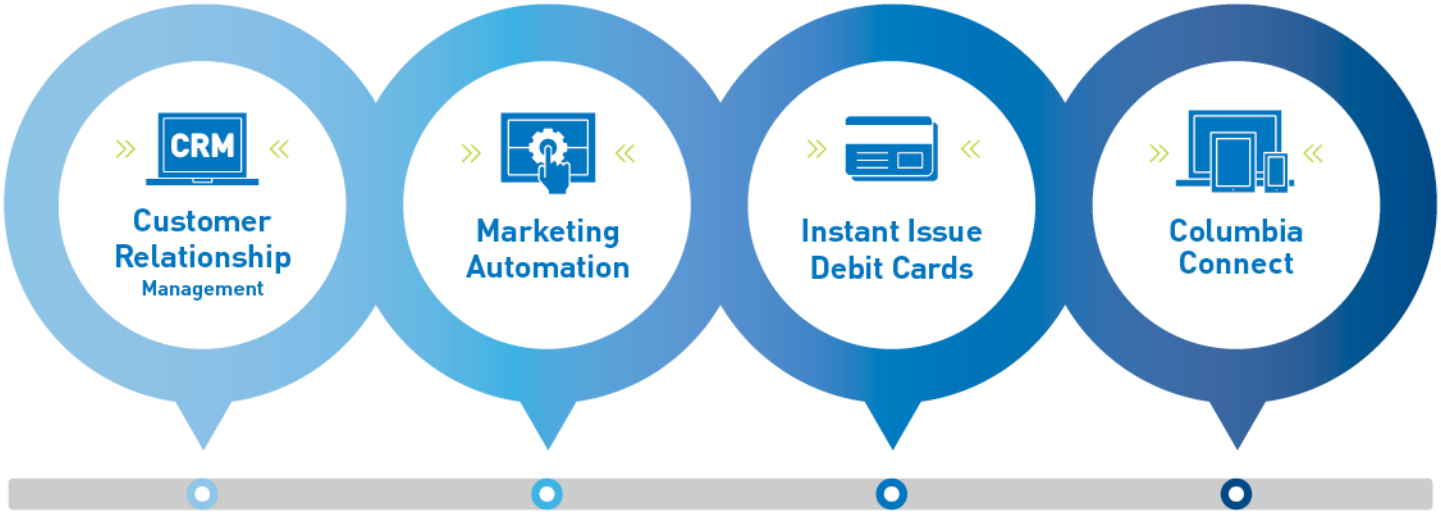
**Operating Efficiency Ratio is a non-GAAP measure. Refer to end of presentation for more information.

Favorable Trend in Expense Management



*Core NIE/Average Total Assets is a non-GAAP measure. Refer to end of presentation for more information.

Completed Technology Initiatives



Managing client interactions across teams to strengthen relationships.

Digital client acquisition through digital advertising and email.

Print-on-demand debit card option for clients who visit a branch.

Personal digital banking platform with mobile, tablet and web apps.

New Technology Initiatives

CardSwap™ & Peer-to-Peer Payment

Business Digital Banking

Small Business Lending

Online Account Opening

NeighborHub

CardSwap: Allows account holders to automatically update new payment card information across their favorite online subscriptions and vendors in a single, simple workflow.

Peer-to-Peer Payment: Allows you to send and receive money with peace of mind. Safely and easily send money to people you know through online and mobile banking.

Business Digital Banking: A suite of mobile business digital banking tools for commercial clients and small businesses.

Small Business Lending: A platform to support the online application process and streamline the approval workflow.

Online Account Opening: End-to-end account opening strategy accessible from the web or a mobile device.

NeighborHub: A new retail branch concept that merges technology and human interaction with a connection to the neighborhood.

Ballard **Neighbor**Hub – Opened May 2018

- Inviting space designed to support relationship building conversation and consultation
- Seamless digital to physical integration – new apps and tablets provide wireless service throughout the space
- Flexible space designed to bring clients and community in for after-hours events

Strong Capital, Dividend Payouts & Total Return
