

## **ACORP Will Host International Students for Aaron's 312 at the Atlanta Motor Speedway**

October 25, 2004

ATLANTA, Oct. 25 /PRNewswire-FirstCall/ -- Aaron Rents, Inc. has always been strongly connected with the communities that have supported our business since 1955. In 1999 we established Aaron's Community OutReach Program (ACORP) totally dedicated to supporting worthy charitable causes locally as well as nationally.

Atlanta Motor Speedway (AMS) has supported ACORP and Aaron's efforts to expose children to the great sport of NASCAR since the beginning of the partnership between the 2 companies in 2000. For each NASCAR Busch Aaron's 312 race in Atlanta, AMS donates a suite to host a group of deserving children from different cultures and backgrounds. AMS President Ed Clark and his entire staff welcome the children and are hands on with making the occasion memorable.

On October 30, 2004 we will host Dekalb Path Academy for the Aaron's 312. This charter school is dedicated to improving language skills, study habits, test scores and life skills for immigrant and refugee children. This culturally diverse group comes from Somalia, Ethiopia, China, Vietnam, Iran, Mexico, and America. This will be their first NASCAR experience.

Please join Aaron Rents, Inc. on race day in the Aaron's Hospitality area in welcoming the children.
