

# Enrollment Opens for the 2024-2025 Academic School Year at Three California K12-Powered Online Schools

2/22/2024

LOS ANGELES--(BUSINESS WIRE)-- Three K12-powered online learning schools, **California Virtual Academies (CAVA)**, **Insight Schools of California (ISCA)**, and **iQ Academy California - Los Angeles (iQLA)**, are now accepting enrollment applications for the 2024-2025 school year. These accredited, full-time, online public schools provide California students with a tuition-free education using state-credentialed teachers and a tailored learning approach to meet students where they are in their academic journey.

**CAVA**, an online public school serving more than 20,000 TK-12 grade students throughout the state, has been offering online education since 2002. CAVA students have access to a robust online curriculum in core subjects, a host of electives, and also attend live virtual classes. Additionally, CAVA offers a career and college prep program for students in grades 7-12, and provides a variety of social and extracurricular activities for students to enjoy.

ISCA, is an online public school serving students grades 9-12 in Alameda, Amador, Calaveras, Contra Costa, Imperial, Inyo, Kern, Kings, Los Angeles, Orange, Riverside, Sacramento, San Bernardino, San Diego, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara, Stanislaus, Tulare, and Ventura counties. Accredited by the Western Association of Schools and Colleges (WASC), and with a Dashboard Alternative School Status (DASS), ISCA serves at-risk students who struggle in a traditional brick and mortar learning environment. ISCA works to empower these students to enter the work force, attend community college, explore vocational education programs, and even join branches of the military. ISCA also offers English language learner support, and access to the school's **Retention and Academic Intuitive Support Experts (RAISE) team**.

iQLA, is a quality, WASC-accredited online charter school that offers an innovative use of technology, rigorous

curriculum, personalized learning plans, and accommodations to foster different learning styles for students in grades TK-12. iQLA opened in the fall of 2010 and serves students in Los Angeles, Orange, Kern, San Bernardino, and Ventura counties. iQLA also offers college and career counseling support for high school students.

In addition to live scheduled classes, teachers at all three of these schools communicate regularly with students and families via phone and email in order to ensure they are supported. Outside of class, a sense of community and socialization can be found through both virtual and in-person events, field trips, clubs, outings, and service learning opportunities. The schools also celebrate traditional milestone events by offering an in-person graduation ceremony for their high school students.

Families are encouraged to attend online and in-person information sessions hosted by the school to learn more and to meet teachers, staff, and other enrolled families.
