

# Insight Schools of California Class of 2021 Ready for the Next Big Part of Their Lives

6/11/2021

SIMI VALLEY, Calif.--(BUSINESS WIRE)-- This year was a year like no other in American education. But thanks to schools like Insight Schools of California, (**ISCA**), an online public school serving 9-12 grade students throughout the state since 2008, students will soon move forward to begin the rest of their lives. ISCA will celebrate its graduates virtually with a commencement ceremony on June 14th and 15th and the times listed below.

“Our students struggled, our students fought to get ahead, and our students succeeded like no others,” said ISCA Head of School Kimberly Odom. “This was certainly a challenging year, but our students and families got the education they needed to move on and be successful.”

This year, ISCA will graduate approximately 480 students between their three online campuses. Collectively, the graduating class reports it has been accepted to community colleges across the state and many will begin military service.

Prior to the pandemic, students enrolled in virtual school for a number of reasons—some were looking to escape bullying, some may have fallen academically off track, and others were looking for an alternative to the traditional classroom setting.

ISCA students access a robust online curriculum in the core subjects and a host of electives and attend live virtual classes taught by state-certified teachers.
