

Join the Future of Education: Insight PA Cyber Charter School Now Enrolling for 2024-2025 School Year

2/22/2024

EXTON, Pa.--(BUSINESS WIRE)-- Enrollment is now open at **Insight PA Cyber Charter School** (Insight PA) for the upcoming 2024-2025 school year. Prospective students and their families are invited to join the full-time, online public charter school's dynamic learning community that comes at no cost to families.

Insight PA provides an educational experience that is tailored to each child's needs. The online school provides a high-quality education through its comprehensive curriculum and certified teachers. The online school also offers dedicated support through counselors and specialists, to ensure both students and families receive one-on-one guidance when needed. Students learn in ways that are right for them – wherever there is an internet connection.

Students like Bucks County native, Lucas C. use Insight PA's flexibility to not only support his rigorous motocross training schedule, but also to gain invaluable life skills that will carry him into his future.

"I like Insight PA because they offer more than just traditional core subjects," says Lucas. "I've been able to take classes on personal finance and basic life skills like cooking. These types of classes have taught me how to thrive on my own and prepared me for my future."

Insight PA's curriculum emphasizes core subjects such as mathematics, language arts, science, and social studies, while also offering a wide range of elective courses and extracurricular activities. Students have opportunities for group projects, project-based learning, and personalized career coaching from state-based staff.

"We are dedicated to delivering an exceptional learning experience that transcends the boundaries of traditional classrooms," said Eileen Cannistraci, M.Ed., CEO at Insight PA. "Our innovative approach to education caters to the diverse learning styles of each student – making it the ideal choice for students who thrive in a setting where they

can benefit from personalized learning experiences that suit their individual needs and interests.”

For more information and to enroll, please visit **Insight PA Cyber Charter School**.
