

Let's Give it Up to the Students! Miami Virtual Program, Arizona 8th Grade Class of 2021 Ready For the Next Steps in Their Lives

5/17/2021

MIAMI, Ariz.--(BUSINESS WIRE)-- Miami Virtual Program, Arizona (**MVPAZ**), a full-time, online public district program, will celebrate its Kindergarten, fifth-grade, and eighth-grade promotion during virtual ceremonies on the week of May 17th.

"While other schools may have struggled with online learning throughout the year, MVPAZ never missed a day of instruction, which kept our students motivated, excited, and moving forward," said MVPAZ Head of School Bouchra Bouanani. "We're so happy to have provided a range of solutions to help all our MVPAZ families."

This year, MVPAZ will promote 71 students who will enter ninth grade after completing the 2020-2021 school year.

MVPAZ is available to students in grades K-8 who are residents of Arizona. By combining personalized online instruction, hands-on curriculum and the support of highly qualified Arizona certified teachers, MVPAZ helps students discover and reach their full potential.

Students who enroll at MVPAZ follow an academic program that includes engaging online lessons coupled with age-appropriate instructional materials and hands-on tools and resources – all of which are shipped directly to each student's home. The rigorous and engaging curriculum includes courses in language arts/English, math, science, history, world languages, art and music. Students can also choose to participate in dozens of extracurricular activities and clubs that cover a wide variety of interests.

Students enroll in MVPAZ for a number of reasons—some are looking to escape bullying, some may have fallen

academically off track, and others are looking for an alternative to the traditional brick-and-mortar classroom setting.
