

MedCerts Partners with Equus to Upskill Jobseekers Nationwide

2/23/2021

Partnership will develop non-traditional apprenticeships in healthcare and IT across 10 states

LIVONIA, Mich.--(BUSINESS WIRE)-- **MedCerts**, a leader in online career certification training, is partnering with **Equus Workforce Solutions**, a comprehensive provider of workforce development services, to connect employers with healthcare and IT apprentices.

Having helped over 25,000 students gain credentials for new careers since 2009, MedCerts provides resources for employers – with whom Equus has relationships in major metro areas across Louisiana, Texas, Pennsylvania, Ohio, Kentucky, Georgia, Michigan, Virginia and California – to fill vacancies, host internships and externships, and coordinate informal opportunities for students to shadow industry professionals and gain hands-on volunteer experience.

MedCerts and Equus are excited to offer training and registered apprenticeship opportunities in high demand occupations, with a goal to help 60 career seekers enroll in registered apprenticeship programs by September.

“This partnership is a perfect example of synergy,” said Sandy Mead, National Director of Workforce Development at MedCerts. “We give students the ability to reskill for critical industry positions, and Equus will help connect our students with the employers most in need of these skills.”

Acquired by **Stride, Inc.** (NYSE: LRN) in 2020, MedCerts engages students in online, hands-on career training courses in healthcare, medical, and IT fields to prepare for over twenty national certifications. More than 1,000 organizations have hired MedCerts students or offer training and employment opportunities for students and employees, including CVS Pharmacy, Walmart, and the American Red Cross.

“Equus is uniquely positioned to connect career seekers to training and employment opportunities. When students’ skills can be matched to strategic apprenticeships and employment opportunities, it creates a win-win scenario for all parties,” said Michelle Day, National Workforce Solutions Director at Equus. “We’re very excited to be working with MedCerts to help our business partners meet their skills needs and streamline the employment process.”
