About New Jersey Resources

NJR is a Fortune 1000 company that, through its subsidiaries, provides safe and reliable natural gas and clean energy services, including transportation, distribution, asset management and home services. It is composed of five primary businesses:

- New Jersey Natural Gas, NJR's principal subsidiary, operates and maintains over 7,500 miles of natural gas transportation and distribution infrastructure to serve over half a million customers in New Jersey's Monmouth, Ocean, Morris, Middlesex and Burlington counties.
- NJR Clean Energy Ventures invests in, owns and operates solar projects with a total capacity of more than 250 megawatts, providing residential and commercial customers with low-carbon solutions.
- NJR Energy Services manages a diversified portfolio of natural gas transportation and storage assets and provides physical natural gas services and customized energy solutions to its customers across North America.
- NJR Midstream serves customers - from local distributors and producers to electric generators and wholesale marketers - through its ownership of Leaf River Energy Center and 50 percent equity ownership in Steckman Ridge natural gas storage facilities, 100 percent equity ownership in the planned Adelpia Gateway Pipeline Project, as well as its 20 percent equity interest in the planned PennEast Pipeline Project.
- NJR Home Services provides service contracts as well as heating, central air conditioning, water heaters, standby generators, solar and other indoor and outdoor comfort products to residential homes throughout New Jersey.

NJR and its more than 1,000 employees are committed to helping customers save energy and money by promoting conservation and encouraging efficiency through Conserve to Preserve® and initiatives such as The SAVEGREEN Project® and The Sunlight Advantage®.
