SAFE HARBOR STATEMENT

Please note that the information provided in this presentation is accurate as of the date of the original presentation. The presentation will remain posted on this website from one to twelve months following the initial presentation, but content will not be updated to reflect new information that may become available after the original presentation posting. The presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended ("Securities Act"), Section 21E of the Securities Exchange Act of 1934, as amended ("Exchange Act"), and the Private Securities Litigation-Reform Act of 1995. Such forward-looking statements only speak as of the date of this report and Curtiss-Wright Corporation assumes no obligation to update the information included in this report. Such forward-looking statements include, among other things, management's estimates of future performance, revenue and earnings, our management's growth objectives, our management's ability to integrate our acquisition, and our management's ability to produce consistent operating improvements. These forward-looking statements are based on expectations as of the time the statements were made only, and are subject to a number of risks and uncertainties which could cause us to fail to achieve our then-current financial projections and other expectations, including the impact of a global pandemic or national epidemic. Any references to organic growth exclude the effects of prior year restructuring costs, foreign currency fluctuations, acquisitions and divestitures, unless otherwise noted.

This presentation also includes certain non-GAAP financial measures with reconciliations to GAAP financial measures being made available in the earnings release that is posted to our website and furnished with the SEC. We undertake no duty to update this information. More information about potential factors that could affect our business and financial results is included in our filings with the Securities and Exchange Commission, including our Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q, including, among other sections, under the captions, "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," which is on file with the SEC and available at the SEC's website at www.sec.gov.
