Curtiss-Wright to Acquire Advanced Material Process Corp. for Approximately $5.7 Million

ROSELAND, N.J., Mar 12, 2003 /PRNewswire-FirstCall via COMTEX/ -- Curtiss-Wright Corporation (NYSE: CW; CW.B) announced the acquisition of selected assets of Advanced Material Process Corporation (AMP), a privately-owned company located in Wayne, Michigan. AMP is a supplier of commercial shot-peening services primarily to the automotive market in the Detroit area. The total purchase price is approximately $5.7 million in cash with the assumption of certain operating liabilities.

AMP, with sales volume of approximately $5 million, operates from a facility of approximately 36,000 square feet on 1.7 acres of land where it has approximately fifty employees. In accordance with Curtiss-Wright acquisition criteria, the transaction is expected to be accretive to earnings within a year and meet the requisite return on capital and internal rate of return targets.

Commenting on the acquisition, Martin Benante, Chairman and CEO of Curtiss-Wright, stated, "This acquisition adds to our leadership position as the number one provider of shot-peening services in the world."
