("SmartFinancial" or the "Company"; NASDAQ: SMBK), today announced net income of $\$ 10.2$ million, or $\$ 0.61$ per diluted common share, for the second quarter of 2022, compared to net income of $\$ 8.8$ million, or $\$ 0.58$ per diluted common share, for the second quarter of 2021 , and compared to prior quarter net income of $\$ 8.3$ million, or $\$ 0.49$ per diluted common share. Billy Carroll, President \& CEO, stated: "I am extremely pleased with another outstanding quarter as our team executes our strategy. We continue to grow revenue, from both strong loan growth and enhanced non-interest income lines, while starting to realize operating leverage. Earnings performance was right in-line with our plan, and as we monitor the economy, we remain bullish on our outlook."

SmartFinancial's Chairman, Miller Welborn, concluded: "Impressive performance by our team. Our southeastern economy continues to be very strong, and all of our markets are executing at a high level."

## Net Interest Income and Net Interest Margin

Net interest income was $\$ 33.1$ million for the second quarter of 2022 , compared to $\$ 30.1$ million for the prior quarter. Average earning assets totaled $\$ 4.32$ billion, an increase of $\$ 98.1$ million. The growth in average earnings assets was primarily driven by an increase in average loans and leases of $\$ 145.5$ million and securities of $\$ 100.6$ million, offset by a decrease in average interest-earning cash of $\$ 147.2$ million as the Bank continues to deploy excess liquidity into loans and leases. The tax equivalent net interest margin was $3.08 \%$ for the second quarter of 2022 , compared to $2.91 \%$ for the prior quarter. The yield on interest-bearing liabilities increased to $0.42 \%$ for the second quarter of 2022 compared to $0.36 \%$ for the prior quarter. The cost of average interest-bearing deposits was $0.33 \%$ for the second quarter of 2022 compared to $0.27 \%$ for the prior quarter, an increase of 6 basis points, primarily attributable to the increases in rates by the Federal Reserve. The cost of total deposits for the second quarter of 2022 was $0.24 \%$ compared to $0.20 \%$ in the prior quarter.

## Non-GAAP Financial Measures

Statements included in this earnings release include measures not recognized under U.S. generally accepted accounting principles ("GAAP") and therefore are considered non-GAAP financial measures and should be read along with the accompanying tables, which provide a reconciliation of Non-GAAP financial measures to GAAP financial measures. SmartFinancial management uses several NonGAAP financial measures, including: (i) operating earnings, (ii) operating return on average assets, (iii) operating pre-tax preprovision return on average assets, (iv) operating return on average shareholders' equity, (v) return on average tangible common equity, (vi) operating return on average tangible common equity, (vii) operating efficiency ratio, (viii) operating noninterest income, (ix) operating pre-tax pre-provision earnings (x) operating noninterest expense, (xi) tangible common equity, (xii) average tangible common equity, (xiii) tangible book value; (xiv) tangible assets; and ratios derived therefrom, in its analysis of the company's performance. Operating earnings excludes the following from net income: securities gains and losses and merger related and restructuring expenses. Operating return on average assets is the annualized operating earnings (Non-GAAP) divided by average assets. Operating pre-tax pre-provision return on average assets is the annualized operating pre-tax pre-provision income earnings (Non-GAAP) by average assets. Operating return on average shareholders' equity is the annualized operating earnings (Non-GAAP) divided by average equity. Return on average tangible common equity is the annualized net income divided by average tangible common equity (Non-GAAP). Operating return on average tangible common equity is the annualized operating earnings (Non-GAAP) divided by average tangible common equity (Non-GAAP). The operating efficiency ratio includes an adjustment for taxable equivalent yields and excludes securities gains and losses and merger related and restructuring expenses from the efficiency ratio. Operating noninterest income excludes the following from noninterest income: securities gains and losses. Operating pre-tax pre-provision earnings is net interest income plus operating noninterest income (Non-GAAP) less operating noninterest expense (Non-GAAP). Operating noninterest expense excludes the following from noninterest expense: prior year adjustments to salaries, merger related and restructuring expenses and certain franchise tax true-up expenses. Tangible common equity (Non-GAAP) and average tangible common equity (Non-GAAP) excludes goodwill and other intangible assets from shareholders' equity and average shareholders' equity, respectively. Tangible book value (Non-GAAP) is tangible common equity (Non-GAAP) divided by common shares outstanding. Tangible assets (Non-GAAP) excludes goodwill and other intangibles from total assets. Management believes that Non-GAAP financial measures provide additional useful information that allows investors to evaluate the ongoing performance of the company and provide meaningful comparisons to its peers. Management believes these Non-GAAP financial measures also enhance investors' ability to compare period-to-period financial results and allow investors and company management to view our operating results excluding the impact of items that are not reflective of the underlying operating performance. Non-GAAP financial measures should not be considered as an alternative to any measure of performance or financial condition as promulgated under GAAP, and investors should consider SmartFinancial's performance and financial condition as reported under GAAP and all other relevant information when assessing the performance or financial condition of the company. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the results or financial condition as reported under GAAP.
