Forward-Looking Statements

This presentation may contain statements that are based on management's current estimates or expectations of future events or future results, and that may be deemed to constitute forward-looking statements as defined under the Private Securities Litigation Reform Act of 1995. These statements on SmartFinancial Inc.'s ("SmartFinancial") business and financial results and conditions, are not historical in nature and can generally be identified by such words as "expect," "anticipate," "intend," "plan," "believe," "seek," "may," "estimate," and similar expressions. All forward-looking statements are subject to risks, uncertainties, and other factors that may cause the actual results of SmartFinancial to differ materially from future results expressed or implied by such forward-looking statements. Such risks, uncertainties, and other factors include, among others,

- (1) risks associated with our growth strategy, including a failure to implement our growth plans or an inability to manage our growth effectively;
- (2) claims and litigation arising from our business activities and from the companies we acquire, which may relate to contractual issues, environmental laws, fiduciary responsibility, and other matters;
- (3) general risks related to our disposition merger and acquisition activity, including risks associated with our pursuit of future acquisitions or sales;
- (4) changes in management's plans for the future;
- (5) prevailing, or changes in, economic or political conditions (including those resulting from the current administration and Congress), particularly in our market areas, including the effects of declines in the real estate market, high unemployment rates, inflationary pressures, elevated interest rates and slowdowns in economic growth, as well as the financial stress on borrowers as a result of the foregoing;
- (6) our ability to anticipate interest rate changes and manage interest rate risk (including the impact of higher interest rates on macroeconomic conditions, competition, and the cost of doing business and the impact of interest rate fluctuations on our financial projections, models and guidance);
- (7) tariffs or trade wars (including reduced consumer spending, lower economic growth or recession, reduced demand for U.S. exports, disruptions to supply chains, and decreased demand for other banking products and services);
- (8) uncertain duration of trade conflicts and the magnitude of the impact that proposed tariffs may have on our customers' businesses;
- (9) increased technology and cybersecurity risks, including generative artificial intelligence risks;
- (10) the impact of a failure in, or breach of, our operational or security systems or infrastructure, or those of third parties with whom we do business, including as a result of cyber-attacks or an increase in the incidence or severity of fraud, illegal payments, security breaches or other illegal acts impacting us and our customers;
- (11) credit risk associated with our lending activities;
- (12) changes in loan demand, real estate values, or competition;
- (13) developments in our mortgage banking business, including loan modifications, general demand, and the effects of judicial or regulatory requirements or guidance;
- (14) changes in accounting principles, policies, or guidelines;
- (15) changes in applicable laws, rules, or regulations;
- (16) adverse results from current or future litigation, regulatory examinations or other legal and/or regulatory actions;
- (17) potential impacts of any adverse developments in the banking industry, including the impacts on customer confidence, deposit outflows, liquidity and the regulatory response thereto;
- (18) significant turbulence or a disruption in the capital or financial markets and the effect of a fall in stock market prices on our investment securities;
- (19) the effects of war or other conflicts;
- (20) the impact of government actions or inactions, including a prolonged shutdown of the federal government; and
- (21) other general competitive, economic, political, and market factors, including those affecting our business, operations, pricing, products, or services.

These and other factors that could cause results to differ materially from those described in the forward-looking statements can be found in SmartFinancial's most recent annual report on Form 10-K, quarterly reports on Form 10-Q, and current reports on Form 8-K, in each case filed with or furnished to the Securities and Exchange Commission (the "SEC") and available on the SEC's website (www.sec.gov). Undue reliance should not be placed on forward-looking statements. SmartFinancial disclaims any obligation to update or revise any forward-looking statements contained in this presentation, which speak only as of the date hereof, whether as a result of new information, future events, or otherwise.

Non-GAAP Financial Measures

Statements included in this presentation include measures not recognized under U.S. generally accepted accounting principles ("GAAP") and therefore are considered Non-GAAP financial measures ("Non-GAAP") and should be read along with the accompanying tables, which provide a reconciliation of Non-GAAP financial measures to GAAP financial measures. SmartFinancial management uses several Non-GAAP financial measures and ratios derived therefrom in its analysis of SmartFinancial's performance, including:

- | | |
|---|--|
| (i) Operating earnings | (xii) Operating return on average assets |
| (ii) Operating noninterest income | (xiii) Operating PPNR return on average assets |
| (iii) Operating noninterest expense | (xiv) Operating return on average shareholders' equity |
| (iv) Operating pre-provision net revenue ("PPNR") earnings | (xv) Return on average tangible common equity |
| (v) Tangible common equity | (xvi) Operating return on average tangible common equity |
| (vi) Tangible common equity (excluding Accumulated Other Comprehensive income ("AOCI")) | (xvii) Operating noninterest income/average assets |
| (vii) Average tangible common equity | (xviii) Operating noninterest expense/average assets |
| (viii) Tangible book value per common share | (xix) Tangible common equity to tangible assets |
| (ix) Tangible book value per common share (excluding AOCI) | (xx) Diluted operating earnings per share |
| (x) Tangible assets | |
| (xi) Operating efficiency ratio | |

Operating earnings, operating revenue, operating PPNR earnings, operating noninterest income and operating noninterest expense exclude non-operating related income and expense items from net income, noninterest income and noninterest expense, respectively. Operating efficiency ratio is the quotient of operating noninterest expense divided by the sum of net interest income adjusted for taxable equivalent yields plus operating noninterest income. Tangible common equity and average tangible common equity excludes goodwill and other intangible assets from shareholders' equity and average shareholders' equity, respectively. Tangible common equity (excluding AOCI) excludes goodwill and other intangible assets from shareholders' equity and accumulated other comprehensive income. Tangible book value per common share is tangible common equity divided by common shares outstanding. Tangible book value per common share (excluding AOCI) is tangible common equity (excluding AOCI) divided by common shares outstanding. Tangible assets excludes goodwill and other intangibles from total assets. A detailed reconciliation of these items and the ratios derived therefrom is available in the Non-GAAP reconciliations.

Management believes that Non-GAAP financial measures provide additional useful information that allows investors to evaluate the ongoing performance of the company and provide meaningful comparisons to its peers. Management also believes these Non-GAAP financial measures enhance investors' ability to compare period-to-period financial results and allow investors and company management to view our operating results excluding the impact of items that are not reflective of the underlying operating performance.

Non-GAAP financial measures should not be considered as an alternative to any measure of performance or financial condition as promulgated under GAAP, and investors should consider SmartFinancial's performance and financial condition as reported under GAAP and all other relevant information when assessing the performance or financial condition of the company. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the results or financial condition as reported under GAAP.

1) 2025 Great Place to Work survey

SMARTBANK JOURNEY: *LOOKING AHEAD*

Strategic Focus: Leverage Existing Infrastructure Investments to Drive Profitability and Optimize Efficiency

\$ in Billions, unless otherwise indicated

Validation:

- Focused on validating platform and substantiating market need
- Completed Cornerstone merger-of-equals
- Completed functional initial public offering
- Began expanding commercial banking product offering
- Quickly recognized the need for scale to spread operating cost over larger asset base

Scaling:

- Focused on building scale through asset growth with emphasis on fee revenue drivers
- Completed four bank acquisitions
- Acquired Fountain Equipment Finance
- Started dealer floor plan lending unit
- Expanded into seven new de novo markets
- Broadened Treasury Management and commercial banking product package
- Implemented several multi-year IT infrastructure projects
- Consolidated inconsistent legacy products, services and operational procedures

Leveraging:

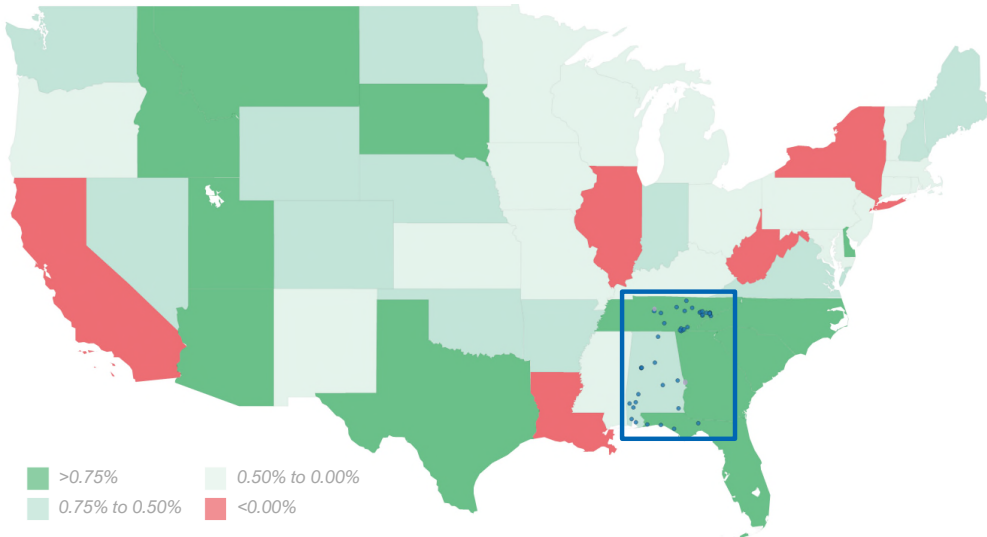

- Focus on leveraging existing investments to efficiently deploy capital and enhance EPS and ROATCE
- Strategic hiring supported by existing infrastructure
- Further investment in commercial banking business
- Heightened focus on commercial sales process
- Targeted business relationship generation and client profitability profiles
- Operational and product enhancement and delivery in key areas (Treasury Management, digital capabilities, etc.)
- M&A focus shifted to strategic and/or “needle moving” opportunities

- **\$655** Million Long-Term Variable Rate (Resets > 3 Months)

\$ in Thousands, unless otherwise indicated

Static Shock / Rate Ramp Analysis¹

¹) Based on 12-month static rate shock and ramp analysis as of 3/31/26. These estimates of changes in SmartFinancial's net interest income require us to make certain assumptions including loan and mortgage-related investment prepayment speeds, reinvestment rate, deposit maturities and decay rates. These assumptions are inherently uncertain and, as a result, we cannot precisely predict the impact of changes in interest rates on net interest income. Although our analysis provides an indication of our interest rate risk exposure at a particular point in time, such estimates are not intended to, and do not, provide a precise forecast of the effect of changes in market interest rates and will differ from actual results

REVENUE DIVERSIFICATION: LINE OF BUSINESS & FEE INCOME EXPANSION
