Forward-looking Statements

This presentation contains forward-looking statements that describe our future plans, strategies and expectations. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words such as "believe," "expect," "anticipate," "intend," "plan," "estimate" or words of similar meaning, or future or conditional verbs such as "will," "would," "should," "could" or "may." All forward-looking statements are based on assumptions and involve risks and uncertainties, many of which are beyond our control and which may cause our actual results, performance or achievements to differ materially from the results, performance or achievements contemplated by the forward-looking statements. These risks and uncertainties include, among other things:

- *Continued weakness in economic and business conditions, nationally and in our market areas, which could increase credit- related losses and expenses and/or limit growth.*
- *Further declines in the market value of investment securities that are considered to be other-than-temporary, which would negatively impact our earnings and capital levels.*
- *Increases in defaults by borrowers and other delinquencies could result in increases in our provision for credit losses and related expenses.*
- *Changes in legislative or regulatory requirements applicable to us and our subsidiaries could increase costs, limit certain operations and adversely affect results of operations.*
- *Fluctuations in interest rates and market prices could reduce our net interest margin and asset valuations and increase our expenses.*
- *Reduced wholesale funding capacity or higher borrowing costs which would reduce our liquidity and negatively impact earnings and net interest margin.*
- *Competitive pressures among depository and other financial institutions nationally and in our market areas may increase significantly.*
- *The inability to successfully execute our strategic growth initiatives, which could limit further revenue and earnings growth.*
- *Changes in tax requirements, including tax rate changes, new tax laws and revised tax law interpretations may increase our tax expense or adversely affect our customers' businesses.*
- *The consequences of continued bank acquisitions and mergers in our market areas, resulting in fewer but much larger and financially stronger competitors, could increase competition for financial services to our detriment.*
- *Other risks and uncertainties described in this presentation and the other reports that First Commonwealth files with the Securities and Exchange Commission, including its most recent Annual Report on Form 10-K.*

In light of these risks, uncertainties and assumptions, you should not place undue reliance on any forward-looking statements in this presentation. We undertake no obligation to publicly update or otherwise revise any forward-looking statements, whether as a result of new information, future events or otherwise.

2012 Areas of Focus

- **Strong Credit Culture**
- **Manage Capital**
- **Superior Customer Experience**
- **Operating Excellence and Efficiency**
- **Talent**

Areas of Focus – Credit Culture

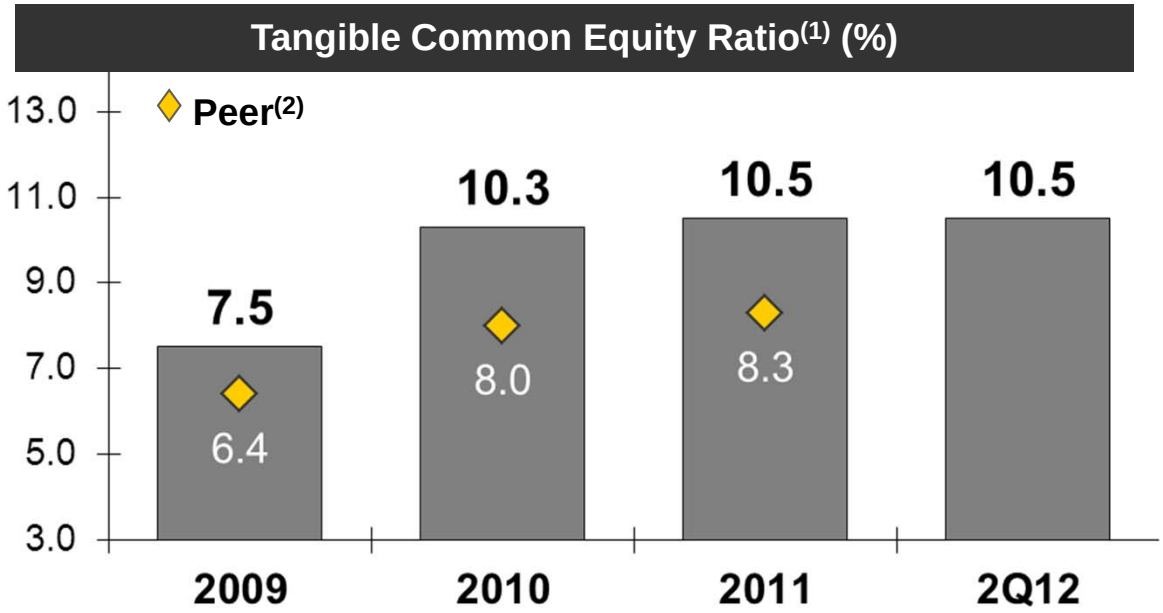

Clearly put lingering credit issues behind us and build a strong credit culture.

- Aggressive steps taken in 4Q11 to deal with legacy credit issues.
- Strengthened credit oversight through proper alignment and hiring of several key individuals.

Areas of Focus – Manage Capital

Thoughtfully manage capital to ensure stability, but ultimately benefit shareholders as credit heals and earnings return.

- Increased quarterly dividend from $0.03 to $0.05 in 2Q 2012.
- Announced $50 million share repurchase program on June 19, 2012.

(1) Please refer to page 41 for disclosures on "Non-GAAP Measures"
(2) Peer group median includes Mid-Atlantic public banks with $2-12 billion in assets

Areas of Focus – Customer Experience

Deliver a consistently superior customer experience and become the best choice for businesses and their employees among community banks.

- Improving financial literacy for consumers
- Consultative advice for business clients
- Seizing the Marcellus Shale and women-owned business opportunities
- Growing small business and middle market segments

Keys to Loan Growth

- Leverage sales and service momentum
- Reestablished middle-market lending in Pittsburgh
- Exploit small business lending
- Leverage branch and indirect franchise
- Prudently seize the Marcellus opportunities
- Corporate finance as competitive differentiator

Corporate Finance Portfolio

- **Competitive differentiator – well seasoned team delivering a product not typically seen in mid-sized banks**
- **Not new to product line – been in business since 2004**
- **Manageable size and concentration constraints**
  - 81 loans; $543 million outstanding as of June 30, 2012
  - Consists primarily of C&I credits
  - 55% of loans are to businesses headquartered in Pennsylvania and 32% operate in contiguous states
  - Syndicated deals are done at the time or origination, with major banks and not used for trading purposes
- **Low credit costs through cycle**
- **Good spreads, fees and cross-selling opportunities**

Areas of Focus – Performance

Enthusiastically migrate to a culture of operating excellence and efficiency.
