[1] Westport Fuel Systems defines Adjusted EBITDA as EBITDA from continuing operations excluding expenses for stock-based compensation, unrealized foreign exchange gains or losses, and non-cash and other adjustments that the company deems to be non-recurring in nature. Management uses Adjusted EBITDA as a long-term indicator of operational performance since it ties closely to the business units' ability to generate sustained cash flow and such information may not be appropriate for other purposes. Adjusted EBITDA includes the Company's share of income from joint ventures. Please refer to GAAP and NON-GAAP FINANCIAL MEASURES for a full reconciliation of Adjusted EBITDA and EBITDA.
