Independent Auditors' Report

The Board of Directors
The Travelers Companies, Inc. and subsidiaries:

We have audited the accompanying financial statements of Travelers Casualty and Surety Company of America, which comprise the balance sheet (statutory basis) as of December 31, 2019 and 2018, and the related statements of income (statutory basis), changes in capital and surplus (statutory basis), and cash flow (statutory basis) for the years then ended, and the related notes to the financial statements (statutory basis).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with statutory accounting practices prescribed or permitted by the State of Connecticut Insurance Department. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 to the financial statements, the financial statements are prepared by Travelers Casualty and Surety Company of America using statutory accounting practices prescribed or permitted by the State of Connecticut Insurance Department, which is a basis of accounting other than U.S. generally accepted accounting principles. Accordingly, the financial statements are not intended to be presented in accordance with U.S. generally accepted accounting principles.

The effects on the financial statements of the variances between the statutory accounting practices described in Note 2 and U.S. generally accepted accounting principles, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the variances between statutory accounting practices and U.S. generally accepted accounting principles discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statements referred to above do not present fairly, in accordance with U.S. generally accepted accounting principles, the financial position of Travelers Casualty and Surety Company of America as of December 31, 2019 and 2018, or the results of its operations or its cash flows for the years then ended.

Opinion on Statutory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and capital and surplus of Travelers Casualty and Surety Company of America as of December 31, 2019 and 2018, and the results of its operations and its cash flow for the years then ended, in accordance with statutory accounting practices prescribed or permitted by the State of Connecticut Insurance Department described in Note 2.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included in the Summary Investment Schedule, Supplemental Investment Risks Interrogatories, Property and Casualty Interrogatories Relating to Reinsurance, and TRV Consolidated Federal Income Tax Return Filing: List of Included Companies is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the State of Connecticut Insurance Department. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA

NOTES TO FINANCIAL STATEMENTS (statutory basis)

1. ORGANIZATION

Travelers Casualty and Surety Company of America (the Company) is a wholly-owned subsidiary of the Travelers Casualty and Surety Company (TCS), which in turn is an indirect wholly-owned subsidiary of The Travelers Companies, Inc. (TRV).

The following depicts via indentations, the relationship of the Company at December 31, 2019 to TRV, a publicly traded insurance holding company:

The Travelers Companies, Inc.
Travelers Property Casualty Corp.
Travelers Insurance Group Holdings Inc.
Travelers Casualty and Surety Company
Travelers Casualty and Surety Company of America

The Company is a stock property-casualty insurer licensed to write business in 50 states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands. The Company provides surety, fidelity, management liability, professional liability, and other property and casualty coverages and related risk management services to a wide range of primarily domestic customers, utilizing various degrees of financially-based underwriting approaches. The range of coverages includes performance, payment and commercial surety bonds for construction and general commercial enterprises; fidelity insurance for private companies, not-for-profit organizations and financial institutions; management liability coverages including directors' and officers' liability, employment practices liability, fiduciary liability and cyber risk for public corporations, private companies, not-for-profit organizations and financial institutions (collectively referred to as Bond).

The Company primarily writes Bond business; however, similar non-Bond management and professional liability business for other customer segments including financial institutions, public companies and certain professionals including, among others, lawyers and design professionals is also written in the Company on a direct basis. Bond business is isolated on a net basis through the Company's participation in a cross-business reinsurance agreement with certain other property-casualty insurance subsidiaries of TRV. Under the terms of this agreement, all non-Bond business written by the Company is reinsured through The Travelers Indemnity Company (Indemnity) and its Pooled Affiliates (together referred to as the "TRV Reinsurance Pool"), and substantially all Bond business written by certain TRV Reinsurance Pool participants is reinsured through the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. The Company prepares its statutory financial statements in conformity with the accounting practices prescribed or permitted by the State of Connecticut Insurance Department. Insurance companies domiciled in Connecticut are required to prepare their statutory basis financial statements in accordance with the National Association of Insurance Commissioners (NAIC) *Accounting Practices and Procedures Manual*, subject to any deviations prescribed or permitted by the Connecticut Insurance Commissioner. The Company does not apply any statutory accounting practices that would be considered a permitted practice in its financial statements.
- B. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenue and losses and expenses during the reporting period. Actual results could differ from those estimates.
- C. Statutory accounting practices differ in certain respects from U.S. Generally Accepted Accounting Principles (GAAP). The items of greatest significance are as follows:

Nonadmitted Assets: Certain assets are designated as nonadmitted, including uncollected agents' balances over 90 days past due and a portion of deferred tax assets. Nonadmitted assets are excluded from the statutory balance sheet and changes in such amounts are charged or credited directly to unassigned funds, a component of surplus as regards policyholders (policyholders' surplus).

Policy Acquisition Costs: The costs of acquiring both new and renewal insurance business are charged to income as incurred. Under GAAP, such costs are deferred and amortized on a pro rata basis over the contract periods in which the related premiums are earned.

Reinsurance: Reserves for losses, loss adjustment expenses (LAE) and unearned premiums ceded to reinsurers have been reported as reductions of the related reserves rather than as assets as required by GAAP.

Under statutory accounting, a liability is established for unsecured, unauthorized reinsurance and overdue authorized reinsurance recoverables. Under GAAP, the reinsurance recoverable asset is reported net of an allowance for estimated uncollectible reinsurance recoverables.

Investments: Under GAAP, bonds are categorized based on positive intent as "trading securities" (reported at fair value, with changes in fair value reported in earnings), "available for sale" securities (reported at fair value, with changes in fair value reported in equity), or "held to maturity" securities (reported at amortized cost). Under statutory reporting, bonds are valued according to statutory requirements as described below.

Deferred Tax Assets: Under statutory accounting practices, gross deferred tax assets are admitted subject to certain restrictions. The change in net deferred income tax is reported as a charge or credit directly to unassigned funds. Under GAAP, this change is reported as an adjustment to income.

TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA

NOTES TO FINANCIAL STATEMENTS (statutory basis)

D. Other significant statutory accounting policies are as follows:

Premiums are recognized as revenues pro rata over the policy period. Unearned premium reserves represent the unexpired portion of policy premiums, net of reinsurance.

Realized investment gains and losses are included as a component of net income based upon specific identification of the investments sold on the trade date net of capital gains tax. Impairments are charged directly to net realized capital gains (losses) and are determined based on the continual review of investment portfolio valuations.

Unrealized investment gains and losses, net of deferred taxes, are credited or charged directly to unassigned funds.

Amounts recoverable from reinsurers are estimated in a manner consistent with the loss liability associated with the reinsured business. The Company evaluates and monitors the financial condition of its reinsurers under voluntary reinsurance arrangements to minimize its exposure to significant losses from reinsurer insolvencies.

The provision for federal income taxes is comprised of two components: current income taxes and deferred income taxes. Deferred federal income taxes arise from changes during the year in cumulative temporary differences between the statutory basis and tax basis of assets and liabilities. Gross deferred tax assets are reduced by a statutory valuation allowance adjustment if, based on the weight of available evidence, it is more likely than not that some portion or all of the gross deferred tax assets will not be realized.

The Company utilizes anticipated investment income as a factor in the premium deficiency calculation.

Property-casualty reserves are established for loss and LAE and represent management's estimate of the ultimate cost of all unpaid reported and unreported claims incurred and related expenses. In establishing loss and LAE reserves, the Company also takes into account estimated recoveries, reinsurance, salvage and subrogation. The loss and LAE reserves are reviewed regularly by qualified actuaries employed by the Company. The Company continually refines its loss and LAE reserve estimates in a regular ongoing process as historical loss experience develops and additional claims are reported and settled. Because establishment of loss and LAE reserves is an inherently uncertain process involving estimates, currently established reserves may change. The Company reflects adjustments to loss and LAE reserves in the period in which the estimates change. Such changes in estimates could occur in a future period and may be material to the Company's net income in such period.

Invested assets are valued according to statutory requirements and the bases of valuation adopted by the NAIC as follows:

Short-term investments are stated at amortized cost and consist of investments with remaining maturities of one year or less at the time of acquisition.

Bonds are generally stated at amortized cost, except bonds that are defined by the NAIC as non-investment grade (NAIC designation 3-6), which are stated at the lower of amortized cost or fair value. Amortization is calculated using the constant yield method.

The Company's subsidiary investment in common stock is based on the net worth of the entity, determined in accordance with statutory accounting valuation methods. Dividends received from the subsidiary are recorded as net investment income and undistributed net income is recorded as net unrealized capital gains or (losses). At December 31, 2019 and 2018, the carrying value of the Company's subsidiary investment was \$297.9 million and \$294.2 million, respectively.

For a discussion of the valuation basis and adjustment methodology for loan-backed securities and structured securities, see Note 3B.

The Company has investments in limited partnerships that generate certain federal and state tax credits which are used to offset federal taxes and state premium taxes. These investments are amortized as the tax credits are utilized.

Aggregate amount of investment income (in millions)	\$ 0.5	\$ 1.1

B. Loan-Backed and Structured Securities:

The Company applies the retrospective method of revaluing loan-backed securities. The Company's loan-backed securities are revalued quarterly using the constant effective yield method which includes an adjustment for estimated principal prepayments, if any. The effective yield used to determine amortization for these securities is recalculated and adjusted periodically based upon actual historical and/or projected future cash flows. The Company changes from the retrospective to prospective method for valuing the securities when an other-than-temporary impairment has been recorded.

For collateralized mortgage obligations, asset-backed securities and pass-through certificates prepayment assumptions are adjusted periodically.

Fair value amounts disclosed are generally provided by the SVO or, if not available from the SVO, by third party pricing services.

The Company determines an other-than-temporary impairment by utilizing discounted cash flow modeling to determine the present value of the security and comparing the present value with the amortized cost of the security. If the amortized cost is greater than the present value of the expected cash flows, the difference is considered a credit loss and recognized in net realized capital gains (losses). The Company estimates the present value of the security by projecting future cash flows of the assets underlying the securitization, allocating the flows to the various tranches based on the structure of the securitization, and determining the present value of the cash flows using the effective yield of the security at the date of acquisition (or the most recent implied rate used to accrete the security if the implied rate has changed as a result of changes in expected cash flows). The Company incorporates levels of delinquencies, defaults and severities as well as credit attributes of the remaining assets in the securitization, along with other economic data, to arrive at its best estimate of the parameters applied to the assets underlying the securitization.

The Company had no loan-backed or structured securities with other-than-temporary impairments recognized in 2019.

C. Concentrations:

At December 31, 2019 and 2018, the Company was not exposed to any concentration of credit risk of a single issuer greater than 5% of policyholders' surplus of the Company.

The Company participates in a short-term investment pool maintained by TRV. See Note 7 for discussion.

The Company seeks to mitigate credit risk by actively monitoring the creditworthiness of counterparties, obtaining collateral as deemed appropriate and applying controls that include credit approvals, limits of credit exposure and other monitoring procedures.

D. Other-Than-Temporary Impairment of Certain Securities:

The Company recognizes an impairment loss when an invested asset's value declines below cost, adjusted for accretion, amortization and previous other-than-temporary impairments (new cost basis), and the change is deemed to be other-than-temporary, or if it is determined that the Company will not be able to recover all amounts due pursuant to the issuers' contractual obligations prior to sale or maturity. When the Company determines that an invested asset is other-than-temporarily impaired, the invested asset is written down to fair value for securities other than loan-backed and structured securities, and the amount of the impairment is included in earnings as a realized capital loss. The fair value then becomes the new cost basis of the investment and any subsequent recoveries in fair value are recognized at disposition.

The Company recognizes a realized loss when impairment is deemed to be other-than-temporary even if a decision to sell an invested asset has not been made. When the Company intends to sell a temporarily impaired invested asset and the Company does not expect the fair value of the invested asset to fully recover prior to the expected time of sale, the invested asset is deemed to be other-than-temporarily impaired in the period in which the decision to sell is made.

Factors considered in determining whether a decline is other-than-temporary include the Company's ability and intent to hold the investment for a period of time sufficient to allow for any anticipated recovery, the length of time and the extent to which fair value has been below cost and the financial condition and near-term prospects of the issuer.

The Company's process for identifying and reviewing invested assets for impairments during any quarter includes the following:

- Identification and evaluation of investments that have possible indications of other-than-temporary impairment, which includes an analysis of investments with gross unrealized investment losses that have fair values less than 80% of cost for six consecutive months or more;
- Review of portfolio manager(s) recommendations for other-than-temporary impairments based on the investee's current financial condition, liquidity, near-term recovery prospects and other factors;

NOTES TO FINANCIAL STATEMENTS (statutory basis)

- Consideration of evidential matter, including an evaluation of factors or triggers that may or may not cause individual investments to qualify as having other-than-temporary impairments; and
- Determination of the status of each analyzed investment as other-than-temporary or not, with documentation of the rationale for the decision.

The following tables summarize, for all bonds in an unrealized loss position at December 31, 2019 and 2018, the aggregate fair value and gross unrealized loss by length of time those securities that have been continuously in an unrealized loss position. The gross unrealized loss is the amount by which cost or amortized cost exceeds fair value for securities rated in all NAIC designations.

E. Investments in Low-Income Housing Tax Credits (LIHTC):

The Company has investments in certain federal and state sponsored LIHTC properties. The federally sponsored LIHTC property investments primarily generate federal tax credits which allow the Company to offset federal taxes and are projected to be available through 2031. The state sponsored LIHTC property investments primarily generate premium tax credits which allow the Company to offset premium taxes in Georgia and are projected to be available through 2031.

At December 31, 2019, the Company had unfunded commitments of \$2.2 million related to LIHTC investments.

During the years ended December 31, 2019 and 2018, \$1.0 million and \$0.8 million, respectively, of tax benefits related to LIHTC were recognized. The balance of the investments in LIHTC at December 31, 2019 and 2018 was \$4.0 million and \$3.5 million, respectively.

Management of the Company is not aware of any of the LIHTC investments and related properties being the subject of any state regulatory reviews.

Current LIHTC investments do not exceed 10% of the Company's total net admitted assets.

WY	0.1	0.1	0.2	0.2
Total	<u>\$ 3.2</u>	<u>\$ 3.2</u>	<u>\$ 4.5</u>	<u>\$ 4.5</u>

These tax credits are reported in "Aggregate write-ins for other than invested assets" and have been admitted in accordance with the guidance as presented in SSAP No. 94R, *Transferable and Non-Transferable State Tax Credits* and SSAP No. 4, *Assets and Nonadmitted Assets* and are utilized per a set schedule as outlined in the respective purchase agreement.

4. FAIR VALUE MEASUREMENTS

The Company's estimates of fair value for financial assets and financial liabilities are based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates in the fair value accounting guidance hierarchy is based on whether the significant inputs into the valuation are observable. In determining the level of the hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Company's significant market assumptions. The level in the fair value hierarchy within which the fair value measurement is reported is based on the lowest level input that is significant to the measurement in its entirety. The three levels of the hierarchy are as follows:

- Level 1 - Unadjusted quoted market prices for identical assets or liabilities in active markets that the Company has the ability to access.
- Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or valuations based on models where the significant inputs are observable (e.g., interest rates, yield curves, prepayment speeds, default rates, loss severities, etc.) or can be corroborated by observable market data.
- Level 3 - Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Company's own assumptions about the inputs that market participants would use.

At both December 31, 2019 and 2018, the Company reported Level 3 industrial and miscellaneous bonds measured and reported at their fair value of zero.

Level 2 and Level 3 valuation techniques:

The fair values of bonds are generally provided by the SVO or, if not available from the SVO, by third party pricing services.

B. The Company uses various financial instruments in the normal course of its business. Certain insurance contracts are excluded by SSAP No. 100R, *Fair Value*, and, therefore, are not included in the amounts discussed.

The carrying values of cash, short-term investments and investment income accrued approximate their fair values.

TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA

NOTES TO FINANCIAL STATEMENTS (statutory basis)

- E. 1. The Company is included in a consolidated federal income tax return with its ultimate parent company, TRV. See Exhibit 4 for a listing of the entities included with the Company in a consolidated federal income tax return filing.
2. The Company is a party to a tax allocation agreement that sets forth the manner in which total consolidated federal income tax is allocated among companies included in the consolidated return. Member companies included in the TRV consolidated return are allocated taxes annually based upon their separate taxable income. Companies with a current federal income tax receivable from TRV will receive settlement to the extent that such receivables are for tax benefits that have been utilized in the consolidated federal income tax return. Member companies are reimbursed by TRV in the event the IRS levies upon a member's assets for unpaid taxes in excess of the amount specifically allocated to a member.
- F. The Company does not believe it is reasonably possible that the liability related to any federal or foreign tax loss contingencies may significantly increase within the next 12 months.

7. INFORMATION CONCERNING PARENT, SUBSIDIARIES, AFFILIATES AND OTHER RELATED PARTIES

- A. (1) The principal banking functions for the U.S. domestic property-casualty operations of TRV and its U.S. domiciled affiliated property-casualty insurance companies are handled by Indemnity. Settlements between the companies are made at least monthly.
- (2) TRV maintains a private short-term investment pool, known as the Travelers Money Market Liquidity Pool (TRVMMLP), in which affiliated companies may participate. The TRVMMLP is managed by Indemnity. Each company may convert its position in the TRVMMLP into cash at any time and may also use its position in the TRVMMLP to settle transactions with other affiliated participants in the TRVMMLP. The position of each company in the TRVMMLP is calculated and adjusted daily. Each participating insurance company carries its share of the TRVMMLP as a short-term investment. The Company's share of the TRVMMLP was \$110.3 million and \$51.1 million at December 31, 2019 and 2018, respectively.
- In 2019 and 2018, the Company sold \$316.1 million and \$228.3 million of securities to the TRVMMLP, respectively.
- (3) The Company participates in a cross-business reinsurance agreement and two excess of loss reinsurance agreements with certain affiliates who participate in the TRV Reinsurance Pool. See Note 13 for additional detail.
- B. At December 31, 2019 and 2018, the Company had \$11.8 million and \$27.8 million receivable from affiliates, respectively. Substantially all of the accounts between and among the Company and its affiliates are settled at least monthly. Accounts between and among the Company and certain international affiliates are settled within the timeframe specified in the related service and reimbursement agreements. All settlements are through the TRVMMLP or in cash.

- C. Material management or service contracts and cost sharing arrangements, involving the Company or any affiliate, other than cost allocation arrangements, are as follows:

<u>Type of Contract and Description</u>	<u>Servicing Company</u>	<u>Other Party</u>
Amended and Restated Expense Allocation	The Travelers Indemnity Company	Travelers P&C ⁽¹⁾

8. RETIREMENT PLANS, DEFERRED COMPENSATION, POSTEMPLOYMENT BENEFITS AND COMPENSATED ABSENCES AND OTHER POSTRETIREMENT BENEFIT PLANS

The Company accounts for pension and postretirement benefit expenses as consolidated/holding company plans under SSAP No. 102, *Pensions* and SSAP No. 92, *Postretirement Benefits Other Than Pensions*.

A. Consolidated/Holding Company Plans:**1. Employee Retirement Plans:**

The Company participates in a qualified noncontributory defined benefit pension plan sponsored by TRV that provides benefits, primarily under a cash balance formula, for substantially all employees of the Company and its property-casualty affiliates. In addition the Company participates in nonqualified defined benefit pension plans sponsored by TRV which cover certain highly-compensated employees of the Company and its property-casualty affiliates. The Company has no legal obligation for benefits under these plans. The Company is charged for its allocable share of pension expense for these plans based on its allocated and/or direct salary costs in accordance with an expense allocation agreement. The Company's allocated share of the pension expense was \$2.6 million and \$5.6 million for 2019 and 2018, respectively.

2. Postretirement Benefit Plan:

The Company participates in a postretirement health and life insurance benefit plan sponsored by TRV for employees of the Company and its property-casualty affiliates that satisfy certain age and service requirements and for certain retirees. The Company has no legal obligation for benefits under this plan. The Company is charged for its allocable share of postretirement benefit expense for this plan based on its allocated and/or direct salary costs in accordance with an expense allocation agreement. The Company's allocated share of the postretirement benefit expense was \$205 thousand and \$157 thousand for 2019 and 2018, respectively.

3. 401(k) Savings Plan:

The Company participates in a 401(k) savings plan sponsored by TRV for substantially all employees of the Company and its property-casualty affiliates. The Company has no legal obligation for benefits under this plan. The Company is charged for its allocable share of expense for this plan based on its allocated and/or direct salary costs in accordance with an expense allocation agreement. The Company's allocated share of the 401(k) savings plan expense was \$7.8 million and \$7.2 million for 2019 and 2018, respectively.

B. Incentive Plans:

The Company participates in a share-based incentive compensation plan, The Travelers Companies, Inc. Amended and Restated 2014 Stock Incentive Plan (the 2014 Incentive Plan), the purposes of which are to align the interests of TRV's non-employee directors, executive officers and other employees with those of TRV's shareholders and to attract and retain personnel by providing incentives in the form of share-based awards. The 2014 Incentive Plan permits grants of nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, restricted stock units, deferred stock, deferred stock units, performance awards and other share-based or share-denominated awards with respect to TRV's common stock. TRV has a policy of issuing new shares to settle the exercise of stock option awards and the vesting of other equity awards.

The number of shares of TRV's common stock initially authorized for grant under the 2014 Incentive Plan was 10 million shares. In May 2019, 2017 and 2016, TRV's shareholders authorized an additional 3.1 million, 2.5 million and 4.4 million shares of TRV's common stock, respectively, for grant under the 2014 Incentive Plan. The following are not counted towards the combined 20.0 million shares available and will be available for future grants under the 2014 Incentive Plan: (i) shares of common stock subject to awards that expire unexercised, that are forfeited, terminated or canceled, that are settled in cash or other forms of property, or otherwise do not result in the issuance of shares of common stock, in whole or in part; (ii) shares that are used to pay the exercise price of stock options and shares used to pay withholding taxes on awards generally; and (iii) shares purchased by TRV on the open market using cash option exercise proceeds; provided, however, that the increase in the number of shares of common stock available for grant pursuant to such market purchases shall not be greater than the number that could be repurchased at fair market value on the date of exercise of the stock option giving rise to such option proceeds. In addition, the 20.0 million shares authorized by shareholders for issuance under the 2014 Incentive Plan will be increased by any shares subject to awards under The Travelers Companies, Inc. Amended and Restated 2004 Stock Incentive Plan (2004 Incentive Plan) that were outstanding as of May 27, 2014 and subsequently expire, are forfeited, canceled, settled in cash or otherwise terminate without the issuance of shares.

Stock Option Awards

Stock option awards granted to eligible officers and key employees have a ten-year term. All stock options are granted with an exercise price equal to the closing price of TRV's common stock on the date of grant. The stock options granted generally vest upon meeting certain years of service criteria. Except as the Compensation Committee of the TRV Board of Directors may allow in the future, stock options cannot be sold or transferred by the participant. Stock options outstanding under the 2014 Incentive Plan and the 2004 Incentive Plan generally vest three years after grant date (cliff vest).

⁽¹⁾ Represents awards for which the requisite service has been rendered, including those that are retirement eligible.

On February 4, 2020, TRV, under the 2014 Incentive Plan, granted 2,474,036 stock option awards with an exercise price of \$132.58 per share. The fair value attributable to the stock option awards on the date of grant was \$14.41 per share.

Restricted Stock Units, Deferred Stock Units and Performance Share Award Programs

TRV issues restricted stock unit awards to eligible officers and key employees under the Equity Awards program established pursuant to the 2014 Incentive Plan. A restricted stock unit represents the right to receive a share of common stock. These restricted stock unit awards are granted at market price, generally vest three years from the date of grant, do not have voting rights and the underlying shares of common stock are not issued until the vesting criteria is satisfied. In addition, TRV's Board of Directors can be issued deferred stock units from (i) an annual award; (ii) deferred compensation (in lieu of cash retainer, committee chair fees and lead director fees); and (iii) dividend equivalents earned on outstanding deferred compensation.

TRV also has a Performance Share Awards Program established pursuant to the 2004 Incentive Plan and which continues pursuant to the 2014 Incentive Plan. Under the program, TRV may issue performance share awards to certain employees of TRV who hold positions of Vice President (or its equivalent) or above. The performance share awards provide the recipient the right to earn shares of TRV's common stock based upon TRV's attainment of certain performance goals and the recipient meeting certain years of service criteria. The performance goals for performance share awards are based on TRV's adjusted return on equity over a three-year performance period. Vesting of performance shares is contingent upon TRV attaining the relevant performance period minimum threshold return on equity and the recipient meeting certain years of service criteria, generally three years for full vesting, subject to proration for certain termination conditions. If the performance period return on equity is below the minimum threshold, none of the performance shares will vest. If performance meets or exceeds the minimum performance threshold, a range of performance shares will vest (50% to 150% for awards granted in 2018, 2019 and 2020), depending on the actual return on equity attained.

The fair value of restricted stock units, deferred stock units and performance shares is measured at the market price of TRV stock at date of grant. Under terms of the 2014 Incentive Plan, holders of deferred stock units and performance shares may receive dividend equivalents.

The total fair value of shares that vested during the years ended December 31, 2019 and 2018 was \$130 million and \$135 million, respectively.

A summary of restricted stock units, deferred stock units and performance share activity under the 2014 Incentive Plan and the legacy plans as of and for the year ended December 31, 2019 is as follows:

- (1) Represents awards for which the requisite service has been rendered.
- (2) Reflects the number of performance shares attributable to the performance goals attained over the completed performance period (three years) and for which service conditions have been met.
- (3) Represents the current year change in estimated performance shares to reflect the attainment of performance goals for the awards that were granted in each of the years 2017 through 2019.

In addition to the nonvested shares presented in the above table, there are related nonvested dividend equivalent shares. The number of nonvested dividend equivalent shares related to deferred stock units was 329 at the beginning of the year and 285 at the end of the year and the number of nonvested dividend equivalent shares related to performance shares was 24,876 at the beginning of the year and 22,359 at the end of the year. The dividend equivalent shares are subject to the same vesting terms as the deferred stock units and performance shares.

On February 4, 2020, TRV, under the 2014 Incentive Plan, granted 911,291 common stock awards in the form of restricted stock units, deferred stock units and performance share awards to participating officers, non-employee directors and other key employees. The restricted stock units and deferred stock units totaled 540,881 shares while the performance share awards totaled 370,410 shares. The fair value per share attributable to the common stock awards on the date of grant was \$132.58.

9. CAPITAL AND SURPLUS AND DIVIDEND RESTRICTIONS

The Company has 10,000 shares of common capital stock authorized and 5,400 shares issued and outstanding with a par value of \$1,200 per share.

On December 23, 2019 and December 21, 2018, the Company paid ordinary dividends of \$425.0 million and \$386.9 million, respectively, to its parent company, TCS. Timely notice of each dividend was provided to the State of Connecticut Insurance Department.

Dividends to the shareholder and the proportion of the profits of the Company that may be paid to the shareholder is not limited by charter. The maximum amount of dividends which can be paid by the Company to the shareholder without prior approval of the Insurance Commissioner of the State of Connecticut is subject to restrictions relating to statutory surplus or net income. The maximum amount of dividends to the shareholder that can be made during 2020 without prior approval is \$433.3 million.

There are no restrictions on the use of the Company's unassigned funds and such funds are held for the benefit of the shareholder, except for the dividend restrictions indicated above.

The change in the balance of special surplus from retroactive reinsurance is a result of ongoing activity occurring in 2019. See Note 13D for additional detail.

As of December 31, 2019, unassigned funds have been decreased by cumulative net unrealized losses of \$217.6 million.

10. LIABILITIES, CONTINGENCIES AND ASSESSMENTS

A. Contingent Commitments:

At December 31, 2019 and 2018, the Company had commitments to fund investments of \$2.2 million and \$1.3 million, respectively.

B. Assessments:

- The Company does not have any net accrued liabilities for guaranty fund and other insurance-related assessments due to its cross-business reinsurance agreement with certain affiliates. At December 31, 2019, the Company reported \$42 thousand in accrued premium tax offsets on a direct basis.

NOTES TO FINANCIAL STATEMENTS (statutory basis)

C. All Other Contingencies:

The Company has purchased annuities from life insurance companies to fund structured settlements. For a discussion of the Company's contingent liabilities for structured settlements, see Note 15.

In the ordinary course of business, the Company is a defendant or codefendant in various litigation matters.

11. INFORMATION ABOUT FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK AND FINANCIAL INSTRUMENTS WITH CONCENTRATIONS OF CREDIT RISK

The Company has unfunded commitments to private equity limited partnerships and real estate partnerships in which it invests. At December 31, 2019 and 2018, the off-balance-sheet risk of these financial instruments was \$2.2 million and \$1.3 million, respectively.

12. SALE, TRANSFER AND SERVICING OF FINANCIAL ASSETS AND EXTINGUISHMENTS OF LIABILITIES

The Company engages in securities lending activities from which it generates net investment income from the lending of certain of its investments to other institutions for short periods of time. Borrowers of these securities provide collateral equal to at least 102% of the market value of the loaned securities plus accrued interest. This collateral is held by a third party custodian, and the Company has the right to access the collateral only in the event that the institution borrowing the Company's securities is in default under the lending agreement. The loaned securities remain a recorded asset of the Company. The Company accepts only cash as collateral for securities on loan and restricts the manner in which that cash is invested to U.S. Treasury securities and U.S. Treasury repurchase agreements. These securities typically have a duration of 1 day. At December 31, 2019 and 2018, the Company had fixed maturity investments on loan with fair values totaling \$3.6 million and \$13.9 million, respectively.

13. REINSURANCE

A. The Company participates in reinsurance in order to limit losses, minimize exposure to large risks, provide additional capacity for future growth, and to effect affiliate business-sharing arrangements. The Company remains primarily liable as the direct insurer on all risks reinsured.

Bond business is isolated through the Company's participation in a cross-business reinsurance agreement with certain other property-casualty insurance subsidiaries of TRV. Under the terms of this agreement, all non-Bond business written by the Company is reinsured through the TRV Reinsurance Pool, and Bond business written by certain TRV Reinsurance Pool participants is reinsured through the Company.

In addition, the Company cedes surety business under the following two affiliated excess reinsurance agreements:

The Company is a party to a Per Bond Excess Reinsurance Agreement with certain other property-casualty insurance subsidiaries of TRV. Under the terms of this agreement, the Company reinsures business classified as surety, written or assumed during the term of this agreement, for losses in excess of the Company's single risk limitation authorized by the U.S. Treasury on a per bond basis.

Also, the Company is a party to a Per Principal Excess Reinsurance Agreement with certain other property-casualty insurance subsidiaries of TRV. Under the terms of this agreement the Company reinsures business classified as surety, written or assumed during the term of this agreement, for losses in excess of the Company's single risk limitation authorized by the U.S. Treasury, under all bonds written for each principal.

B. Unsecured Reinsurance Recoverables:

Affiliated Company Recoverables:

The Company had \$1.61 billion of unsecured aggregate recoverables for ceded losses, LAE and unearned premiums, that exceeded 3% of its policyholders' surplus, recoverable from Indemnity at December 31, 2019.

NOTES TO FINANCIAL STATEMENTS (statutory basis)

B. Changes in Incurred Losses and LAE:

In 2019, the prior year-end total loss and LAE reserves developed favorably by \$15.8 million, resulting primarily from lower than expected loss and defense and cost containment experience in fidelity/surety for accident year 2017. This favorable development was partially offset by higher than expected loss and defense and cost containment experience in the fidelity/surety and other liability - claims-made lines for accident year 2018 as well as higher than expected adjusting and other costs for the fidelity/surety line for multiple accident years. The remaining changes are generally the result of ongoing analyses of recent loss data and trends. There are no material additional premiums or return premiums as a result of these prior year effects.

15. STRUCTURED SETTLEMENTS

The Company has purchased annuities from life insurance companies, under which the claimant is the payee and the Company is contingently liable as the owner of the annuity contract, to fund structured settlements. These annuity contracts are now the direct responsibility of the life insurance companies from whom they have been purchased and claims settled by the purchase of such annuity contracts are treated as closed claims. In the event that the life insurance company fails to make the required annuity payments, the Company would be required to make such payments if and to the extent the purchased annuities are not covered by state guaranty associations.

Loss reserves reduced by the purchase of these annuities totaled \$71 thousand at December 31, 2019.

16. FIXED ASSETS

A. Electronic Data Processing (EDP) Equipment and Software:

TRV capitalizes software and EDP equipment in certain insurance subsidiaries. Depreciation and amortization are allocated among companies in accordance with normal expense and cost allocation methods. Depreciation and amortization expense related to EDP equipment and software allocable to the Company totaled \$5.1 million and \$4.8 million in 2019 and 2018, respectively.

B. Furniture, Fixtures, Equipment and Leasehold Improvements:

TRV capitalizes furniture, fixtures, equipment and leasehold improvements in certain insurance subsidiaries. Depreciation and amortization are allocated among companies in accordance with normal expense and cost allocation methods. Depreciation of furniture, fixtures and equipment and amortization of leasehold improvements allocable to the Company totaled \$1.8 million and \$1.7 million in 2019 and 2018, respectively.

17. SUBSEQUENT EVENTS

Subsequent to year end, a global pandemic was declared due to the spread of the novel coronavirus COVID-19 (COVID-19). COVID-19 has already caused significant investment market uncertainty and volatility as well as supply chain interruptions and disruption to the global economy. The Company expects that the decreased levels of economic activity related to COVID-19 will negatively impact premium volumes. The Company began to experience this impact in March 2020 and expects it to persist and be more significant in the second quarter of 2020. The Company also expects this impact will further persist for the remainder of 2020 and beyond, but the degree of the impact will depend on the extent and duration of the economic contraction and could be material. The Company may have increased nonadmitted assets for amounts overdue and incur net losses from agents' or premium balances charged off due to impairments on premiums receivable. The Company's management believes the disruption in the financial markets related to COVID-19 could result in net unrealized capital losses in future periods. In addition, to the extent that bond yields decline, net investment income from future investment activity, including re-investments, would decrease. The focus of the Company's management is the well-being of its staff and the ability to continue to provide service to its insureds. The Company's management believes appropriate actions are being taken in consideration of these objectives.

There were no additional subsequent events requiring adjustment to the financial statements or disclosure through April 21, 2020, the date the Company's statutory financial statements were available to be issued.

PROPERTY AND CASUALTY INTERROGATORIES RELATING TO REINSURANCE

1. Has the reporting entity reinsured any risk with any other entity under a quota share reinsurance contract that includes a provision that would limit the reinsurer's losses below the stated quota share percentage (e.g., a deductible, a loss ratio corridor, a loss cap, an aggregate limit or any similar provisions)? Yes No
2. If yes, indicate the number of reinsurance contracts containing such provisions. 2
3. If yes, does the amount of reinsurance credit taken reflect the reduction in quota share coverage caused by any applicable limiting provision(s)? Yes No
4. Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:
- (a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;
 - (b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;
 - (c) Aggregate stop loss reinsurance coverage;
 - (d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;
 - (e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the period); or
 - (f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity?
- Yes No
5. Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders. This disclosure is limited to reinsurance contracts with written premium cessions or loss and loss expense reserve cessions described in this paragraph that meet the criteria of paragraph 95.a or paragraph 95.b of SSAP No. 62R, *Property and Casualty Reinsurance*, to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity is a member.
- (a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or
 - (b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract.
- Yes No
6. Except for transactions meeting the requirements of paragraph 36 of SSAP No. 62R, *Property and Casualty Reinsurance*, has the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:
- (a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles (SAP) and as a deposit under generally accepted accounting principles (GAAP); or
 - (b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP?
- Yes No
