1. *Director Nominations.* The Committee shall identify, review and evaluate candidates to serve on the Board consistent with criteria approved by the Board, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements. The Committee shall have the primary responsibility for reviewing, evaluating and considering the recommendation for nomination of incumbent directors for re-election to the Board, as well as nominees recommended by the Company's stockholders, and monitoring the size of the Board. Upon identifying individuals qualified to become members of the Board, the Committee shall recommend potential director candidates to the Board for nomination to serve as directors. 3. *Board and Director Assessment.* The Committee shall periodically review, discuss and assess the performance of the Board, including Board committees, seeking input from senior management, the full Board and others. The assessment shall include evaluation of the Board's contribution as a whole and effectiveness in serving the best interests of the Company and its stockholders, specific areas in which the Board and/or management believe contributions could be improved, and overall Board composition. The factors to be considered shall include whether the directors, both individually and collectively, can and do provide the integrity, experience, judgment, commitment (including having sufficient time to devote to the Company and the level of director participation), skills, diversity and expertise appropriate for the Company. In assessing the directors, both individually and collectively, the Committee may consider the current needs of the Board and the Company to maintain a balance of knowledge, experience and capability in various areas. The Committee shall also consider and assess the independence of directors, including whether a majority of the Board continues to be independent from management in both fact and appearance, as well as within the meaning prescribed by Nasdaq. The results of these reviews shall be provided to the Board for further discussion as appropriate.

4. **Board Committee Nominations.** The Committee, after due consideration of the interests, independence and experience of the individual directors and the independence and experience requirements of Nasdaq, the rules and regulations of the Securities and Exchange Commission (“**SEC**”) and applicable law, shall evaluate the performance of the members of the committees of the Board, review the composition of such committees, and recommend to the entire Board annually the chair position and membership of each such committee.

7. **Code of Conduct.** The Committee shall oversee compliance with the Company’s Code of Business Conduct and Ethics (the “**Code of Conduct**”), periodically review Company policy statements to determine their adherence to the Code of Conduct, and consider any request by directors or executive officers of the Company for a waiver from the Code of Conduct. Any approved waivers shall be promptly disclosed as required by applicable law and Nasdaq requirements.

8. **Procedures for Information Dissemination.** The Committee shall oversee and review the processes and procedures used by the Company to provide information to the Board and its committees. The Committee should consider, among other factors, the reporting channels through which the Board and its committees receive information and the level of access to outside advisors where necessary or appropriate, as well as the procedures for providing accurate, relevant and appropriately detailed information to the Board and its committees on a timely basis.

9. **Management Succession.** The Committee shall periodically review with the Chief Executive Officer of the Company the plans for succession to the offices of the Company’s Chief Executive Officer and other key executive officers and make recommendations to the Board with respect to the identification of potential candidates to succeed to these positions.

10. **Certificate of Incorporation, Bylaws and Committee Charters.** The Committee shall review and assess the adequacy of the Company’s Certificate of Incorporation and Bylaws and the charters of any committee of the Board (the “**Governing Documents**”) periodically in order to ensure compliance with any principles of corporate governance developed by the Committee and recommend to the Board for its consideration any necessary modifications to the Governing Documents.
