

ORBCOMM Named Satellite M2M Service Provider of the Year by Compass Intelligence

January 8, 2016

Recognized for excellence and innovation in satellite M2M

ROCHELLE PARK, N.J.--(BUSINESS WIRE)--Jan. 8, 2016-- ORBCOMM Inc. (Nasdaq:ORBC), a global provider of Machine-to-Machine (M2M) and Internet of Things (IoT) solutions, today announced that it has been named the Satellite M2M Service Provider of the Year as part of the 3rd Annual 2016 Compass Intelligence A-List in M2M Awards. Christian Allred, ORBCOMM's General Manager and Senior Vice President of Enterprise Solutions, was presented with the award and delivered the keynote presentation at the Compass Intelligence press luncheon held yesterday at the Las Vegas Convention Center and World Trade Center during the 2016 International CES® trade show in Las Vegas, NV.

"Compass Intelligence's Satellite M2M Service Provider of the Year Award is a great honor and a testament to the superior service and reliability of ORBCOMM's advanced satellite network, which enables a broad range of M2M and IoT asset tracking and monitoring applications for some of the largest enterprises in the world," said Marc Eisenberg, ORBCOMM's Chief Executive Officer. "With the successful launch of our second and final OG2 mission last month, ORBCOMM is the only fully funded, fully operational, next generation satellite network purpose-built for the global M2M industry."

"Each year Compass Intelligence recognizes the best of the best in mobile, IoT and green technology, and this year is no exception as we have an elite list of award recipients," states Stephanie Atkinson, CEO & founder of Compass Intelligence. "The 2016 list of esteemed awardees showcase best of breed and state-of-the-art products, services, and technologies that continue to advance the technology market, especially in mobile and IoT."

The Compass Intelligence Awards include three main categories including Mobility, A-List in IoT & M2M, and Bamboo Mobile (Green Technology) awards. The award recipients were selected by 60+ industry-leading press, editors, and analysts who cover the mobile and wireless market and recognize the best in mobile devices and software, wireless communications, IoT, wearables, green technology, and connected products offered in the market during the past year.
