

2023 Fourth Quarter & Year-End Earnings Conference Call

February 15, 2024

Aaron Musgrave

Vice President, Investor Relations

Safe Harbor

This presentation includes forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and the Federal securities laws. They are not guarantees or assurances of any outcomes, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, and known and unknown risks, uncertainties and other factors. Actual results may differ materially from those discussed in the forward-looking statements included in this presentation. The factors that could cause actual results to differ are discussed in the Appendix to this presentation, and in our Annual Report on Form 10-K for the year ended December 31, 2023, as filed with the SEC on February 14, 2024.

Non-GAAP Financial Information

This presentation includes non-GAAP financial measures. Further information regarding these non-GAAP financial measures, including a reconciliation of each of these measures to the most directly comparable GAAP measure, is included in the Appendix to this presentation.

M. Susan Hardwick

President and Chief Executive Officer

Strong 2023 Results: Executing the Plan

EPS Growth Driven by Regulatory Execution, Favorable Weather

Earnings Per Share

2023 Highlights

- ✓ Achieved our planned EPS growth for the year on a weather normalized basis
- ✓ New rates effective in PA, IL, VA and MO
- ✓ Invested approx. \$2.7 billion in our systems
- ✓ Closed on 23 acquisitions; \$589M of acquisitions under agreement as of December 31
- ✓ Issued \$1.7 billion in common stock in March and \$1.0 billion in exchangeable senior notes in June, due 2026
- ✓ Published 2021-2022 Sustainability Report in July

Delivering Excellent Value to Shareholders

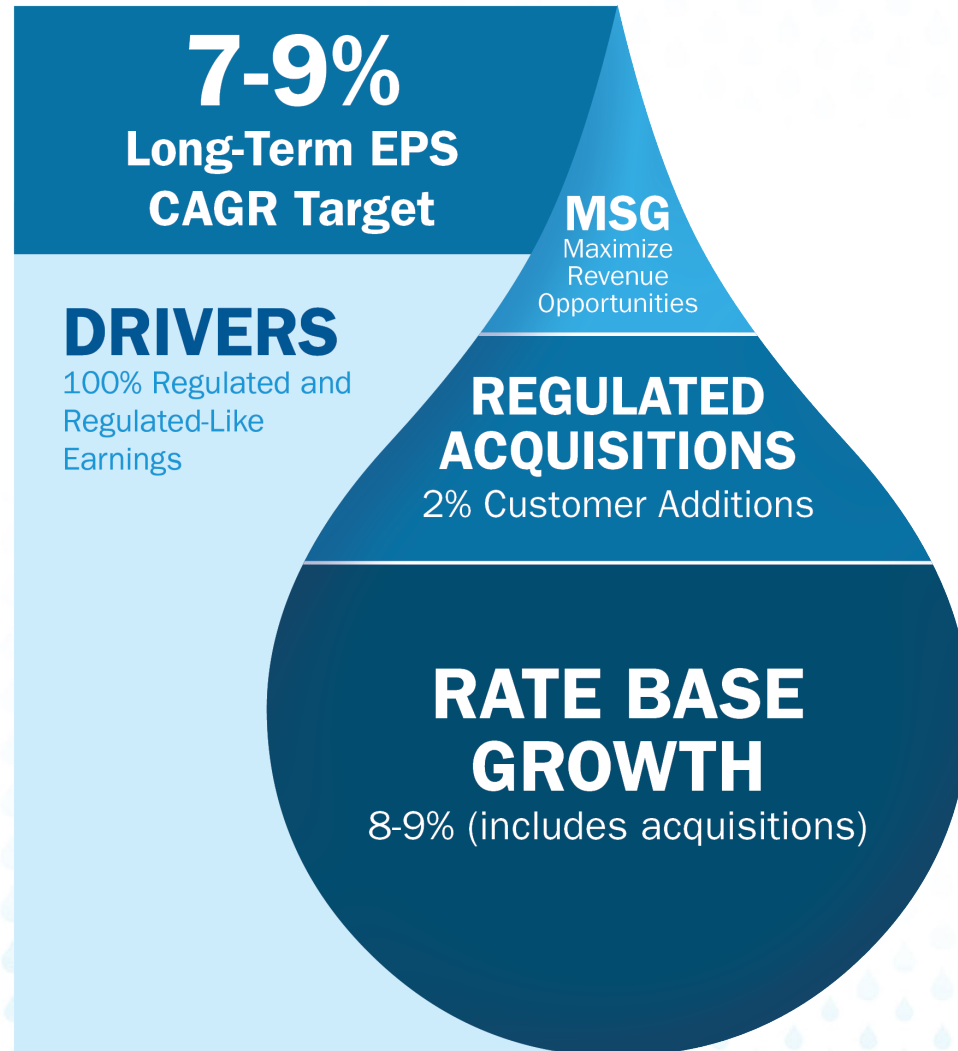

Note: TSR as of 12/31/23. Source: FactSet.

Long-Term Targets Affirmed

Strong and Sustainable Growth Outlook for the Future

EPS GROWTH OUTLOOK

Long-Term Financial Targets

- Drivers of Sustainable Shareholder Return
 - EPS Growth 7-9%
 - Dividend Per Share Growth 7-9%
 - Customer Affordability +
 - ESG Leadership +
- Additional Supportive Targets
 - Dividend Payout Ratio 55-60%
 - Debt to Capital <60%

Cheryl Norton

Executive VP & Chief Operating Officer

Investments Drive Continued Rate Base Growth

Foundational to Overall Growth

**Regulated Capital Investments
(Includes Acquisitions)**
\$ in billions

**Estimated Rate Base*
(Includes Acquisitions)**
\$ in billions

~8-9% CAGR
for Rate Base

Note: annual rate base totals include New York American Water through 2021. New York's 2021 rate base was \$0.5 billion.

** An approximation of rate base, which includes Net Utility Plant not yet included in rate base, pending rate case filings/outcomes.*

General Rate Case and Legislative Updates

Rate Cases in Progress

- Rate case filed 1/25/24
- Capital Investment of ~\$557 million
- Rates expected to be effective early 2025

- Rate case filed 1/19/24
- Capital Investment of ~\$1.3 billion
- Rates expected to be effective Fall 2024

- Rate case filed 11/8/23
- Capital Investment of ~\$1 billion
- Rates expected to be effective Aug. 2024

- Rate case filed 11/1/23
- Capital Investment of ~\$110 million
- Interim rates expected to be effective May 2024

- Rate case filed 5/1/23
- Capital Investment of ~\$340 million
- Rates expected to be effective Feb. 2024

- Rate case filed 7/1/22
- Will establish rates for the period 2024-2026
- Three-year capital investment of ~\$462 million
- Order expected second half 2024, with rate retroactive back to Jan. 1, 2024

- Rate case filed 3/31/23
- Capital Investment of ~\$875 million
- Rates expected to be effective over three steps Feb. 2024, May 2024, and May 2025

- Rate case filed 6/30/23
- Capital Investment of ~\$330 million
- Rates expected to be effective Feb. 2024

Completed Rate Cases in 2023

- General Rate Case
- Additional authorized revenues of \$11 million
- Effective 4/24/23; interim rates were effective 5/1/2022

- General Rate Case
- Additional authorized revenues of \$95 million, including \$51M for infrastructure surcharges previously approved
- Effective 5/28/23

Legislative Updates

- New Jersey Assembly Bill A4791, was signed and effective January 16, 2024. This bill establishes the Resiliency and Environmental System Investment Charge Program (RESIC), which creates a regulatory mechanism that enables water and wastewater utilities to recover the costs of investment in certain non-revenue producing utility system components that enhance water and wastewater system resiliency, environmental compliance, safety, and public health.
- On Feb. 2, the California CPUC granted the request for a one-year extension of the cost of capital filing to May 1, 2025, to set its authorized cost of capital beginning January 1, 2026.

Annualized Revenue from Rate Proceedings

(\$ in millions)

* Annualized revenue increase for rates effective since January 1, 2023
 ** Excludes revenue already approved through infrastructure mechanisms

Lead Service Lines Remain in Focus

Review of U.S. EPA's Proposed Lead and Copper Rule Improvements

- On November 30, 2023, the United States Environmental Protection Agency (EPA) announced proposed Lead and Copper Rule Improvements (LCRI).
- American Water submitted oral and written comments to the EPA on its proposed LCRI regulation in early 2024.
- American Water consistently meets water quality standards related to the lead and copper rules across our footprint and believes removing the risk of lead service lines over time is the right thing to do for the health and safety of our customers.
- Developing an accurate, comprehensive inventory, including identifying the material of service lines where the material is currently unknown, is an important next step in eliminating lead service lines.
- We believe all stakeholders must understand the costs associated with the proposed improvements to the Lead and Copper Rule and that the EPA estimates are likely understated. The cost to identify the material of all unknown service lines and replace all lead service lines and galvanized lines, where needed, by 2037 will require significant investment for all water systems.
- American Water is currently developing preliminary estimates based on the proposed LCRI. Our actual expenses will be dependent upon multiple factors, including the requirements in the final rule, the number of unknown service lines identified as lead or galvanized requiring replacement.

Utility-owned vs. Customer-owned Portion of the Service Line

Please note: This diagram is a generic representation. Variations may apply.

2024-2028 Capital Investment Plan – same as Nov. 2023

Significant Capital for PFAS and Lead; In-House Expertise Remediating Both

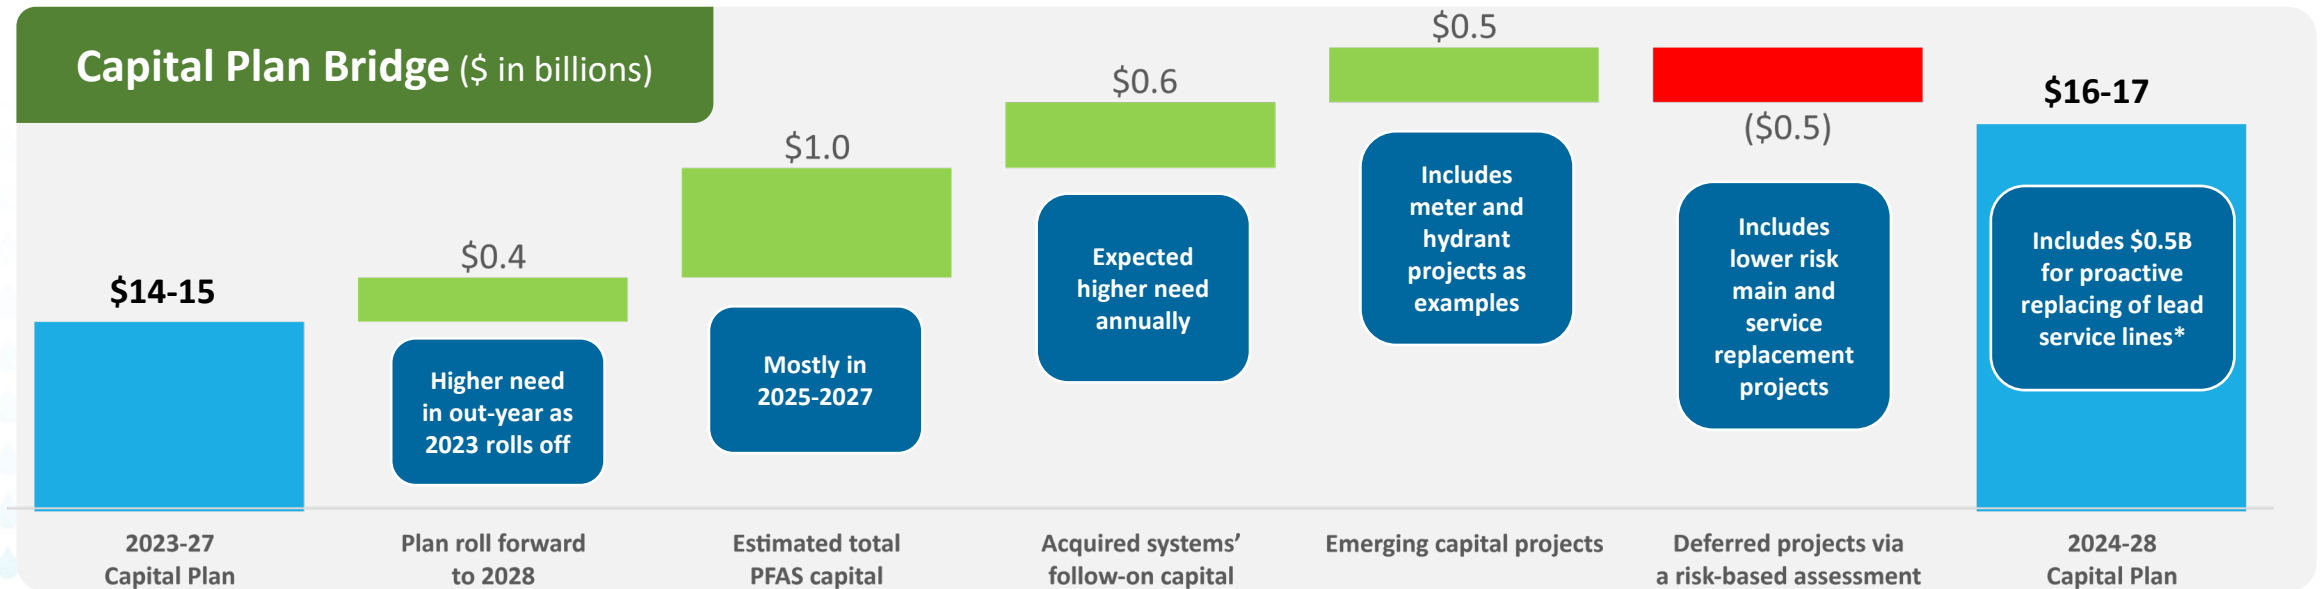

Proposed Federal PFAS Rule Recap

- March 2023: The United States EPA proposed drinking water standards for six PFAS.
- American Water estimates **~\$1 billion of capital over a 3 to 5-year period**, mostly in 2025-2027, will be needed to comply with the rule as proposed, plus up to ~\$50 million annually for operating expenses.

PFAS Litigation Update

- American Water is a party to the Multi-District Litigation (MDL) lawsuit against several PFAS manufacturers.
- In Dec. 2023, we decided to remain a party to two settlements, which we believe is the optimal path for our customers.
- In Feb. 2024, the MDL court approved the DuPont settlement and held a fairness hearing on the 3M settlement; decision pending

* To be determined how much, if any, additional capital would be needed in 2024-2028 under proposed Lead and Copper Rule Improvements

John Griffith

Executive VP & Chief Financial Officer

Reconciliation of 2023 EPS Results Compared to 2022

*Includes \$(0.29) of share count dilution.

Strong Outlook for Acquisitions; \$589M Under Agreement

Pipeline Balanced Across Many States

Closed *As of December 31, 2023*

~18,100 Customer Connections
23 Acquisitions in 8 States, \$77M

Under Agreement *As of December 31, 2023*

~88,300 Customer Connections
25 Acquisitions in 7 States, \$589M

Acquisition Activity Last 5 Years (2019-2023)

116 Acquisitions in 12 states added nearly 200,000 Customer Connections

- Acquisitions added a total of ~57,600 water connections and ~141,400 wastewater connections

>1.3 Million Customer Connections in Pipeline

Raising 2024 EPS Guidance to \$5.20 to \$5.30

Increase of \$0.10 per share due to legacy note receivable restructuring

2024 Growth Drivers

- Revenue growth in base rates and in infrastructure mechanisms from capital investment
- Focus on customer affordability by continuing to drive effective and efficient cost management strategies
- Raising 2024 EPS guidance by \$0.10 to reflect the Feb. 2024 amendment of the note receivable related to the Dec. 2021 sale of HOS and successful earn-out of \$75M contingent consideration
 - Note remains due Dec. 2026; total note now \$795M (from \$720M), interest rate now 10% (from 7%)

* Excludes weather of \$0.13 per share net favorable in 2023 (\$0.07 in Q2, \$0.04 in Q3, \$0.02 in Q4)

** Reflects (\$0.06) per share of share count dilution

Forward-Looking Statements

Certain statements made, referred to or relied upon in this presentation including, without limitation, 2024 earnings guidance, the Company's long-term financial, growth and dividend targets, the ability to achieve the Company's strategies and goals, customer affordability and acquired customer growth, the outcome of the Company's pending acquisition activity, the amount and allocation of projected capital expenditures, and estimated revenues from rate cases and other government agency authorizations, are forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and the Federal securities laws. In some cases, these forward-looking statements can be identified by words with prospective meanings such as "intend," "plan," "estimate," "believe," "anticipate," "expect," "predict," "project," "propose," "assume," "forecast," "outlook," "likely," "uncertain," "future," "pending," "goal," "objective," "potential," "continue," "seek to," "may," "can," "will," "should" and "could" and or the negative of such terms or other variations or similar expressions. These forward-looking statements are predictions based on American Water's current expectations and assumptions regarding future events. They are not guarantees or assurances of any outcomes, financial results, levels of activity, performance or achievements, and readers are cautioned not to place undue reliance upon them. The forward-looking statements are subject to a number of estimates and assumptions, and known and unknown risks, uncertainties and other factors. The Company's actual results may vary materially from those discussed in the forward-looking statements included in this presentation as a result of the factors discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2023, and subsequent filings with the SEC, and because of factors such as: the decisions of governmental and regulatory bodies, including decisions to raise or lower customer rates; the timeliness and outcome of regulatory commissions' and other authorities' actions concerning rates, capital structure, authorized return on equity, capital investment, system acquisitions and dispositions, taxes, permitting, water supply and management, and other decisions; changes in customer demand for, and patterns of use of, water and energy, such as may result from conservation efforts, or otherwise; limitations on the availability of the Company's water supplies or sources of water, or restrictions on its use thereof, resulting from allocation rights, governmental or regulatory requirements and restrictions, drought, overuse or other factors; a loss of one or more large industrial or commercial customers due to adverse economic conditions, or other factors; present and future proposed changes in laws, governmental regulations and policies, including with respect to the environment (such as, for example, potential improvements to existing Federal regulations with respect to lead and copper service lines and galvanized steel pipe), health and safety, data and consumer privacy, security and protection, water quality and water quality accountability, contaminants of emerging concern (including without limitation per- and polyfluoroalkyl substances (PFAS), public utility and tax regulations and policies, and impacts resulting from U.S., state and local elections and changes in federal, state and local executive administrations; the Company's ability to collect, distribute, use, secure and store consumer data in compliance with current or future governmental laws, regulations and policies with respect to data and consumer privacy, security and protection; weather conditions and events, climate variability patterns, and natural disasters, including drought or abnormally high rainfall, prolonged and abnormal ice or freezing conditions, strong winds, coastal and intercoastal flooding, pandemics (including COVID-19) and epidemics, earthquakes, landslides, hurricanes, tornadoes, wildfires, electrical storms, sinkholes and solar flares; the outcome of litigation and similar governmental and regulatory proceedings, investigations or actions; the risks associated with the Company's aging infrastructure, and its ability to appropriately improve the resiliency of or maintain, update, redesign and/or replace, current or future infrastructure and systems, including its technology and other assets, and manage the expansion of its businesses; exposure or infiltration of the Company's technology and critical infrastructure systems, including the disclosure of sensitive, personal or confidential information contained therein, through physical or cyber attacks or other means, and impacts from the required or voluntary public and other disclosures related thereto; the Company's ability to obtain permits and other approvals for projects and construction, update, redesign and/or replacement of various water and wastewater facilities; changes in the Company's capital requirements; the Company's ability to control operating expenses and to achieve operating efficiencies, and the Company's ability to create, maintain and promote initiatives and programs that support the affordability of the Company's regulated utility services; the intentional or unintentional actions of a third party, including contamination of the Company's water supplies or the water provided to its customers; the Company's ability to obtain and have delivered adequate and cost-effective supplies of pipe, equipment (including personal protective equipment), chemicals, power and other fuel, water and other raw materials, and to address or mitigate supply chain constraints that may result in delays or shortages in, as well as increased costs of, supplies, products and materials that are critical to or used in the Company's business operations; the Company's ability to successfully meet its operational growth projections, either individually or in the aggregate, and capitalize on growth opportunities, including, among other things, with respect to acquiring, closing and successfully integrating regulated operations, the Company's Military Services Group entering into new military installation contracts, price redeterminations, and other agreements and contracts, with the U.S. government, and realizing anticipated benefits and synergies from new acquisitions; risks and uncertainties following the completion of the sale of the Company's Homeowner Services Group ("HOS"), including the Company's ability to receive amounts due, payable and owing to the Company under the amended seller note when due, and the ability of the Company to redeploy successfully and timely the net proceeds of this transaction into the Company's Regulated Businesses; risks and uncertainties associated with contracting with the U.S. government, including ongoing compliance with applicable government procurement and security regulations; cost overruns relating to improvements in or the expansion of the Company's operations; the Company's ability to successfully develop and implement new technologies and to protect related intellectual property; the Company's ability to maintain safe work sites; the Company's exposure to liabilities related to environmental laws and regulations, including those enacted or adopted and under consideration, and the substances related thereto, including without limitation lead and galvanized steel, PFAS and other contaminants of emerging concern, and similar matters resulting from, among other things, water and wastewater service provided to customers; the ability of energy providers, state governments and other third parties to achieve or fulfill their greenhouse gas emission reduction goals, including without limitation through stated renewable portfolio standards and carbon transition plans; changes in general economic, political, business and financial market conditions; access to sufficient debt and/or equity capital on satisfactory terms and as needed to support operations and capital expenditures; fluctuations in inflation or interest rates, and the Company's ability to address or mitigate the impacts thereof; the ability to comply with affirmative or negative covenants in the current or future indebtedness of the Company or any of its subsidiaries, or the issuance of new or modified credit ratings or outlooks by credit rating agencies with respect to the Company or any of its subsidiaries (or any current or future indebtedness thereof), which could increase financing costs or funding requirements and affect the Company's or its subsidiaries' ability to issue, repay or redeem debt, pay dividends or make distributions; fluctuations in the value of, or assumptions and estimates related to, its benefit plan assets and liabilities, including with respect to its pension and other post-retirement benefit plans, that could increase expenses and plan funding requirements; changes in federal or state general, income and other tax laws, including (i) future significant tax legislation or regulations (including without limitation impacts related to the Corporate Alternative Minimum Tax); and (ii) the availability of, or the Company's compliance with, the terms of applicable tax credits and tax abatement programs; migration of customers into or out of the Company's service territories and changes in water and energy consumption resulting therefrom; the use by municipalities of the power of eminent domain or other authority to condemn the systems of one or more of the Company's utility subsidiaries, including without limitation litigation and other proceedings with respect to the water system assets of the Company's California subsidiary located in Monterey, California, or the assertion by private landowners of similar rights against such utility subsidiaries; any difficulty or inability to obtain insurance for the Company, its inability to obtain insurance at acceptable rates and on acceptable terms and conditions, or its inability to obtain reimbursement under existing or future insurance programs and coverages for any losses sustained; the incurrence of impairment charges, changes in fair value and other adjustments related to the Company's goodwill or the value of its other assets; labor actions, including work stoppages and strikes; the Company's ability to retain and attract highly qualified and skilled employees and/or diverse talent; civil disturbances or unrest, or terrorist threats or acts, or public apprehension about future disturbances, unrest, or terrorist threats or acts; and the impact of new, and changes to existing, accounting standards.

These forward-looking statements are qualified by, and should be read together with, the risks and uncertainties set forth above and the risk factors included in American Water's annual, quarterly and other SEC filings, and readers should refer to such risks, uncertainties and risk factors in evaluating such forward-looking statements. Any forward-looking statements American Water makes speak only as of the date of this presentation. American Water does not have or undertake any obligation or intention to update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, except as otherwise required by the federal securities laws. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. Furthermore, it may not be possible to assess the impact of any such factor on the Company's businesses, either viewed independently or together, or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. The foregoing factors should not be construed as exhaustive.

Non-GAAP Financial Information

This presentation includes adjusted regulated O&M efficiency ratios, both historical and forward-looking, which exclude from their calculation (i) estimated purchased water and other revenues and purchased water expenses, (ii) the impact of the Freedom Industries chemical spill in 2016 and 2019 and certain related settlement activities recognized in 2016 and 2019, (iii) the estimated impact in 2013 of weather, (iv) as to operating revenues, the amortization of excess accumulated deferred income taxes, and (v) the allocable portion of non-O&M support services costs, mainly depreciation and general taxes. Also, an alternative presentation of these ratios has been provided for each of 2010, 2013 and 2016, which includes a pro forma adjustment for the impact of the Tax Cuts and Jobs Act of 2017, and includes for 2013 and 2016 the impact of our implementation of Accounting Standards Update 2017-07, Compensation - Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Post-retirement Benefit, on January 1, 2018. These items were excluded from the O&M efficiency ratio calculation as they are not reflective of management's ability to increase the efficiency of our regulated businesses. For that reason, these adjusted regulated O&M efficiency ratios constitute "non-GAAP financial measures" under SEC rules. We evaluate our operating performance using these ratios and believe that the presentation of them is useful to investors because the ratios directly measure improvement in the operating performance and efficiency of our regulated businesses. These ratios are derived from our consolidated financial information but are not presented in our consolidated financial statements prepared in accordance with GAAP. These non-GAAP financial measures supplement and should be read in conjunction with our GAAP disclosures and should be considered as an addition to, and not a substitute for, any GAAP measure. These ratios (i) are not accounting measures based on GAAP; (ii) are not based on a standard, objective industry definition or method of calculation; (iii) may not be comparable to other companies' operating measures; and (iv) should not be used in place of the GAAP information provided elsewhere in this presentation. Management is unable to present a reconciliation of adjustments to the components of the forward-looking adjusted regulated O&M efficiency ratio without unreasonable effort because management cannot reliably predict the nature, amount or probable significance of all the adjustments for future periods; however, these adjustments may, individually or in the aggregate, cause each of the non-GAAP financial measure components of the forward-looking ratios to differ significantly from the most directly comparable GAAP financial measure.

Set forth in this appendix are tables that reconcile each of the components of our historical adjusted regulated O&M efficiency ratios to its most directly comparable GAAP financial measure.

All references throughout this presentation to EPS or earnings per share refer to diluted EPS attributable to common shareholders.

Reconciliation of Fourth Quarter 2023 EPS Results Compared to 2022

*Reflects \$(0.06) per share of share count dilution.

Review of Sale of Homeowner Services (HOS) and February 2024 Amendment to Secured Seller Note

Review of Dec. 2021 Sale of HOS to Funds Advised by Apax Partners and Amendment to Secured Seller Note

- American Water sold the former HOS business for \$1.2B in Dec. 2021; potential \$75M earn-out by 12/31/23 (now achieved)
 - Received \$480M cash up front, plus \$720M secured seller note due Dec. 2026 with 7% annual interest rate
 - Separate revenue sharing agreement added another source of ongoing earnings
- Initial cash proceeds were redeployed into the Regulated Businesses to fund near-term incremental capital investments
- In February 2024, Secured Seller Note was amended to roll-in \$75M, increase interest rate to 10%, and strengthen credit terms, coupled with agreement to remove American Water option to require early repayment

(\$ in millions)

Original Terms <i>as of Dec. 2021</i>	
Cash at Closing, Dec. 2021	\$480
Additional Cash Proceeds Due 2023	\$75
Secured Seller Note @7%, Due Dec. 2026	\$720
Total Proceeds	\$1,275

(\$ in millions)

Amended Terms <i>as of Feb. 2024</i>	
Cash at Closing, Dec. 2021	\$480
Secured Seller Note @ 10%, Due Dec. 2026	\$795
Total Proceeds	\$1,275

Reconciliation of Estimated Rate Base

(\$ in billions)

Estimated Rate Base*	
	As of 12/31/2023
Net Utility Plant	\$25.3
<i>Less</i>	
Advances for Construction	\$0.3
CIAC – Contributions in Aid of Construction	\$1.5
Net Deferred Income Taxes	\$3.8
	\$5.6
Total Estimated Rate Base	\$19.7

* An approximation of rate base, which includes Net Utility Plant not yet included in rate base, pending rate case filings/outcomes.

Five-Year Capital Plan: Investments to Support System Needs, Including ~\$1 Billion for PFAS

*Includes ~\$1 billion of cap ex related to PFAS

Continued Focus on Customer Affordability

Monthly Water Bill as % of Median Household Income*

Values around Affordability

- Focused on keeping customer bills affordable compared to income (wallet share)
- Supportive of consolidated tariffs that allow customers to benefit from efficiencies of scale
- Continue to promote and advocate for low-income assistance programs (incl. federal) and tariffs

Regulated O&M Efficiency Ratio**

* Figure is estimated based on data from the US Census Bureau American Community Survey based on zip codes served by American Water. American Water does not collect household income data from its customers.
 ** Non-GAAP Measure – O&M Efficiency Ratio = Adjusted Regulated O&M Expenses (O&M Expenses is most comparable GAAP measure) / Adjusted Regulated Operating Revenues (Operating Revenues is most comparable GAAP measure). This calculation assumes purchased water revenues approximate purchased water expenses.
 *** A reconciliation to a most comparable forward-looking GAAP measure is not available without unreasonable effort

Closed Acquisitions

	Total	\$670	\$17,835

- a) The Company's California subsidiary has requested additional annualized revenues of \$55.8 million for test year 2024. This excludes the proposed step rate and attrition rate increase for 2025 and 2026 of \$19.5 million and \$19.8 million. The total revenue requirement request, based on present rates effective at the time of filing, for the three year rate case cycle is \$95.1 million. The Company updated its filing in January 2023 to incorporate a decoupling proposal, the revised requested additional annualized revenues for the test year 2024 is \$36.5 million. This excludes the proposed step rate and attrition rate increase for 2025 and 2026 of \$20.1 million and \$19.8 million. The total revenue requirement request for the three year rate case cycle, incorporating updates to present rate revenues and forecasted demand, is \$76.4 million.
- b) The Company's Indiana subsidiary has requested additional annualized revenues of \$43.2 million for Step 1 proposed to effective Jan 2024, this excludes the \$40.5 million for infrastructure surcharges. This excludes the proposed step 2 and 3 rate increase proposed to be effective in May 2024 and May 2025 in the amount of \$18.1 million and \$25.4 million, respectively. The total revenue requirement request, based on present rates effective at the time of filing, for the three step rate case cycle is \$86.7 million.
- c) The Company's West Virginia subsidiary has requested additional annualized revenues of \$44.9 million, this excludes the \$6.9 million for infrastructure surcharges.
- d) The Company's Kentucky subsidiary has requested additional annualized revenues of \$26.1 million, this excludes the \$9.8 million for infrastructure surcharges.
- e) The Company's Pennsylvania subsidiary has requested additional annualized revenues of \$203.9 million, this excludes the \$19.65 million for infrastructure surcharges.
- f) The Company's New Jersey subsidiary has requested additional annualized revenues of \$161.7 million, this excludes the \$44.5 million for infrastructure surcharges.
- g) The Company's Illinois subsidiary has requested additional annualized revenues of \$131.6 million for Step 1 proposed to effective Jan 2025, this excludes the \$5.1 million for infrastructure surcharges. This also excludes the proposed step 2 rate increase proposed to be effective in Jan 2026 in the amount of \$15.7 million. The total revenue requirement request, based on present rates effective at the time of filing, for the two step rate case cycle is \$147.3 million.

*Rate Base stated in \$000s

- a) On June 29, 2023, Decision 23-06-025 set the authorized cost of capital through 2024. CA has a separate Cost of Capital case which sets the rate of return outside of a general rate proceeding. The decision established an ROE of 8.98% effective 30-days after the decision date. On June 30, 2023, the Company filed to implement an automatic ROE adjustment to 9.50% for 2023 based on the Commission approved Water Cost of Capital Adjustment Mechanism (WCCM), which was approved on July 25, 2023, increasing the return on equity to 9.50%, effective July 31, 2023. On October 16, California American Water filed a request to increase the ROE to 10.2% for 2024, which was approved on November 15, 2023, effective January 1, 2024.
- b) The Authorized Equity excludes cost-free items or tax credit balances at the overall rate of return which lowers the equity percentage as an alternative to the common practice of deducting such items from rate base.
- c) The Authorized Rate Base listed is the Company's view of the Rate Base allowed in the case; the Rate Base was not disclosed in the Order or the applicable settlement agreement.
- d) The ROE is the Company's view of the ROE allowed in the case; however, the ROE was not disclosed in the Order or the applicable settlement agreement.
- e) The equity ratio listed is the Company's view of the equity ratio allowed in the case; the actual equity ratio was not disclosed in the Order or the applicable settlement agreement.
- f) Interim rates were effective May 1, 2022 and received final Order April 24, 2023.
- g) The Rate Base and Effective date are based off of Year 1 of the rate case. Annual adjustments are made for Year 2 and 3 which reflect authorized capital improvements for Rate Base and inflationary adjustments for O&M.
