The Motley Fool: This Top Stock Has Tripled Since 2020, and It Looks Like a Bargain. Time to Buy?

12/9/2023

On the heels of our third quarter results, The Motley Fool covered the story behind Signet's stock with insights from our own Joan Hilson, Chief Financial, Strategy and Services Officer. The article cites key elements of our strategy we delivered in Q3 and looks ahead to the jewelry industry's outlook. The popular financial and investing site summed it up like this: "Signet looks like a good bet to continue to outperform the market."
