Each member of the Committee has one vote on any matter presented for voting. In the event of a tie vote, the Chair has the right to resolve any ties by casting an additional vote. E. Duties and Responsibilities

In furtherance of its purpose, the Committee shall have the following duties and responsibilities:
Oversight of the Company's Independent Auditor

1. To directly appoint, retain, compensate and oversee (subject, if applicable, to stockholder ratification) the work of the independent auditors engaged for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company, and to resolve any disagreements between management and the independent auditors regarding financial reporting. The Committee shall inform the Company's independent auditors that such firm must report directly to the Committee. The Committee shall have the sole authority to approve all audit engagement fees and terms and all permitted non-audit engagements with the independent auditors. The Committee may terminate the independent auditors in its sole discretion. The Committee may take into account the opinions of management in its dealings with the independent auditors.
2. To annually evaluate the experience, qualifications, performance and independence of the independent auditors, including their lead partners. The Committee should assure the regular rotation of the audit partners, including the lead and concurring audit partners, as required by applicable laws, rules and regulations. The Committee should consider whether there should be regular rotation of the independent

auditors. The Committee may take into account the opinions of management and the internal auditors in its evaluation of the independent auditors. The Committee should present its conclusions with respect to the independent auditors to the full Board.

3. To review with the independent auditors the year-end audit and any audit problems or difficulties, together with management's responses, in connection with such audit, including the matters required to be disclosed by, or otherwise described in, Statement of Auditing Standards No. 1301, including any difficulties the auditor encountered in the course of the audit work, any restrictions on the scope of the independent auditors' activities or on access to requested information and any significant disagreements with management. The Committee should review and discuss with the independent registered public accounting firm (i) the adoption of, or changes to, the Company's significant auditing and accounting principles and practices as suggested by the independent auditor, internal auditors or management; (ii) the management letter provided by the independent auditor and the Company's response to that letter; and (iii) any accounting adjustments that were noted or proposed by the independent auditor but were "passed" as immaterial or otherwise, any communications between the audit team and the independent auditors' national office respecting auditing or accounting issues presented by the engagement and any management or internal control letter issued or to be issued by the independent auditors.
4. To obtain and review, on an annual basis, a written report from the independent auditors describing (i) the auditing firm's internal quality control procedures, (ii) any material issues raised by the auditing firm's most recent internal quality-control review or peer reviews, or any inquiry or investigation by governmental or professional authorities within the preceding five years, relating to any independent audit conducted by the auditing firm, and the steps taken to deal with such issues, (iii) any relationships that may affect the auditors' independence and (iv) any steps taken to deal with any such issues. The Committee shall require the independent auditors to confirm that the report in all respects satisfies the requirements of Independence Standards Board Standard No. 1. The Committee shall discuss the report with the independent auditors, and evaluate the qualifications, performance and independence of the independent auditors, including considering whether the auditor's quality controls are adequate and the provision of non-audit services, if any, is compatible with maintaining the auditor's independence, and taking into account the opinions of management and the internal auditor (or other personnel responsible for the internal audit function). The Committee shall present its conclusions to the Board and take, or recommend that the Board take, appropriate action to oversee the independence of the auditor.
5. Review the experience and qualifications of the senior management of the Company to ensure that none of them has a relationship with the independent auditor that would compromise the auditor's independence or otherwise cause the Company or the independent auditor to be in violation of Section 10A(1) of the Exchange Act.

6. To discuss with the independent auditors any items required to be communicated by the independent auditors in accordance with applicable professional standards, not otherwise addressed in this Charter. The Committee also shall receive the written disclosure and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence, and discuss with the independent auditors their independence.
7. Obtain assurance from the independent auditors that each audit of the Company's financial statements has complied with the requirements of Section 10A of the Exchange Act.
8. To review the independent auditors' audit plan, including its scope, staffing, locations, reliance upon management and general audit approach.
9. To pre-approve all auditing services and permissible non-audit services provided by the independent auditors to the extent required by any law, regulation or NYSE rule or establish policies pursuant to which services to be performed by the independent auditors will be pre-approved. The Committee shall not approve any engagements of the Company's outside auditors with respect to those services set forth in Section 10A(g)(1) through (9) of the Exchange Act ("Prohibited Activities"). In the event the Committee approves any non-audit services by the Company's independent auditors, such approval shall be disclosed in periodic reports required by Section 13(a) of the Exchange Act. The pre-approval requirement is not applicable with respect to the provision of non-audit services by the Company's outside auditors where (i) such services were not recognized by the Company at the time of the engagement to be non-audit services, (ii) the aggregate amount of all such non-audit services provided to the Company constitutes not more than 5% of the total amount paid by the Company to the Company's independent auditors during the fiscal year in which the non-audit services are provided and (iii) such services are promptly brought to the attention of the Committee and approved by the Committee prior to the completion of the audit. The Committee also shall establish and periodically review pre-approval policies and procedures for all auditing services and permissible non-audit services provided by the independent auditors.
