Responsibilities

The following are the principal recurring responsibilities of the Committee. The Committee may have other duties as are consistent with its function and applicable law, rules and regulations, and as the Board and Committee deem appropriate.

1. Appoint and Oversee Independent Auditor; Approve Audit and Non-Audit Services. The Committee will be directly responsible for appointing, compensating, retaining, evaluating and overseeing an independent registered public accounting firm to act as the Company's independent auditors for the purpose of auditing the Company's financial statements, books, records, accounts and internal control over financial reporting, and, where appropriate, replacing the independent auditor. The Committee shall also appoint, retain, compensate, oversee and, where appropriate, replace any other registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. Each such independent registered public accounting firm shall report directly to the Committee, and the Committee shall be responsible for the resolution of any disagreements that may arise between management and each registered public accounting firm. In particular, the Committee shall:

 - a. the independent auditor's internal quality control procedures;
 - b. any material issues raised by the most recent internal quality control review, or peer review, of the independent auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditor, and any steps taken to deal with any such issues; and

- c. all relationships between the independent auditor and the Company, in order to assess the independent auditor's independence.

The Committee shall review and discuss with the independent auditor the written report and any relationships or services that may impact the objectivity and independence of the auditors.

After reviewing the foregoing report, other written disclosures or relevant relationships or services, and the independent auditor's work throughout the year, the Committee shall evaluate the independent auditor's qualifications, performance and independence.

In making its evaluation, the Committee shall take into account the opinions of management and, if the Company has an internal audit function, the opinions of the Company's internal auditors (or other personnel responsible for the internal audit function). This evaluation shall also include the review and evaluation of the lead partner of the independent auditor. The Committee will assure the regular rotation of the lead audit partner every five years as required by law, and shall consider whether regular rotation of the audit firm itself is necessary to assure continuing auditor independence.

The Committee shall present its conclusions with respect to the independence and qualifications of the independent auditor to the full Board.

3. Communicate with the Independent Auditor. The Committee shall discuss with independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1.  - c. the results of the independent audit and the quarterly reviews, and the independent auditor's opinion on the audited financial statements;
 - d. the quality and adequacy of the Company's internal controls, and discussion with management and the independent auditor with regard to any significant deficiencies or material weaknesses in the design or operation of, and any material changes in, the Company's internal controls;
 - e. the Company's disclosure controls and procedures, as well as the quarterly assessments of such controls and procedures by the Chief Executive Officer and Chief Financial Officer;
 - f. any major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies;

- g. any analyses prepared by management or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; and
- h. the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.

The Committee shall regularly review with the independent auditor any audit problems or difficulties the independent auditor encountered in the course of its audit work, including any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management. Among the items the Committee shall review with the independent auditor are: accounting adjustments that were noted or proposed by the auditor but were "passed" (as immaterial or otherwise); any communications between the audit team and the audit firm's national office respecting auditing or accounting issues presented by the engagement; and any "management" or "internal control" letters issued, or proposed to be issued, by the independent auditor. Such review shall also include discussion of the responsibilities, budget and staffing of the Company's internal audit function, if the Company has an internal audit function.
