GENWORTH MI CANADA INC.

SECOND QUARTER FINANCIAL SUPPLEMENT June 30, 2010

Note to Readers:

Genworth MI Canada Inc. (the "Company") completed its initial public offering ("IPO") on July 7, 2009. Immediately prior to completion of the IPO, the Company acquired all of the issued and outstanding common shares of Genworth Canada Holdings I Limited and the issued and outstanding common shares of Genworth Canada Holdings II Limited in exchange for newly-issued common shares. As no substantial change in ownership interests resulted from this reorganization and IPO, the Company carried forward the basis of measurement of assets and liabilities as reflected in the consolidated financial statements of Genworth Canada Holdings I Limited and the financial statements of Genworth Canada Holdings II Limited.

The full three and six months results and prior period comparative results for the Company reflect the consolidation of the Company and its subsidiaries Genworth Canada Holdings I Limited and Genworth Canada Holdings II Limited, including the subsidiary of Genworth Canada Holdings I Limited, Genworth Financial Mortgage Insurance Company Canada.

Information in this financial supplement should be read in conjunction with the Company's second quarter of 2010 financial statements, its related MD&A and its second quarter of 2010 press release.

If you have any questions or comments, please do not hesitate to contact me.

Once again, thank you for your continued interest in Genworth MI Canada Inc.

Best Regards,

Samantha Cheung
Vice President, Investor Relations
samantha.cheung@genworth.com
(905) 287-5482

Non-GAAP Measures

To supplement its financial statements, the Company uses select non-GAAP financial measures. Non-GAAP measures used by the Company to analyze performance include underwriting ratios such as loss ratio, expense ratio and combined ratio as well as other performance measures such as operating income and return on operating income. The Company believes that these non-GAAP financial measures provide meaningful supplemental information regarding its performance and may be useful to investors because they allow for greater transparency with respect to key metrics used by management in its financial and operational decision making. Non-GAAP measures do not have standardized meaning and are unlikely to be comparable to any similar measure presented by other companies. These measures are defined in the Company's glossary which is posted on the Company's website at www.investor.genworthmicanada.ca. Click on the Glossary of Terms under Investor Resources on the left navigation bar.
