Cautionary Notice Regarding Forward-Looking Statements

This presentation contains “forward-looking statements” within the meaning, and protections, of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including, without limitation, statements about future financial and operating results, cost savings, enhanced revenues, economic and seasonal conditions in the Company’s markets, and improvements to reported earnings that may be realized from cost controls, tax law changes, new initiatives and for integration of banks that the Company has acquired, or expects to acquire, as well as statements with respect to Seacoast’s objectives, strategic plans, expectations and intentions and other statements that are not historical facts. Actual results may differ from those set forth in the forward-looking statements.

Forward-looking statements include statements with respect to the Company’s beliefs, plans, objectives, goals, expectations, anticipations, assumptions, estimates and intentions about future performance and involve known and unknown risks, uncertainties and other factors, which may be beyond the Company’s control, and which may cause the actual results, performance or achievements of Seacoast Banking Corporation of Florida (“Seacoast” or the “Company”) or its wholly-owned banking subsidiary, Seacoast National Bank (“Seacoast Bank”), to be materially different from results, performance or achievements expressed or implied by such forward-looking statements. You should not expect the Company to update any forward-looking statements.

All statements other than statements of historical fact could be forward-looking statements. You can identify these forward-looking statements through the use of words such as “may”, “will”, “anticipate”, “assume”, “should”, “support”, “indicate”, “would”, “believe”, “contemplate”, “expect”, “estimate”, “continue”, “further”, “plan”, “point to”, “project”, “could”, “intend”, “target” or other similar words and expressions of the future. These forward-looking statements may not be realized due to a variety of factors, including, without limitation: the impact of current and future economic and market conditions generally (including seasonality) and in the financial services industry, nationally and within Seacoast’s primary market areas, including the effects of inflationary pressures, changes in interest rates, tariffs or trade wars (including reduced consumer spending), slowdowns in economic growth, and the potential for high unemployment rates, as well as the financial stress on borrowers and changes to customer and client behavior and credit risk as a result of the foregoing; potential impacts of adverse developments in the banking industry and including impacts on customer confidence, deposit outflows, liquidity and the regulatory response thereto (including increases in the cost of our deposit insurance assessments), the Company’s ability to effectively manage its liquidity risk and any growth plans, and the availability of capital and funding; governmental monetary and fiscal policies, including interest rate policies of the Board of Governors of the Federal Reserve, as well as legislative, tax and regulatory changes, including those that impact the money supply and inflation; the risks of continued changes in interest rates on the level and composition of deposits (as well as the cost of, and competition for, deposits), loan demand, liquidity and the values of loan collateral, securities, and interest rate sensitive assets and liabilities; interest rate risks (including the impacts of interest rates on macroeconomic conditions, customer and client behavior, and on our net interest income), sensitivities and the shape of the yield curve; changes in accounting policies, rules and practices; changes in retail distribution strategies, customer preferences and behavior generally and as a result of economic factors, including heightened or persistent inflation; changes in the availability and cost of credit and capital in the financial markets; changes in the prices, values and sales volumes of residential and commercial real estate, especially as they relate to the value of collateral supporting the Company’s loans; the Company’s concentration in commercial real estate loans and in real estate collateral in Florida; Seacoast’s ability to comply with any regulatory requirements and the risk that the regulatory environment may not be conducive to or may prohibit or delay the consummation of future mergers and/or business combinations, may increase the length of time and amount of resources required to consummate such transactions, and may reduce the anticipated benefit; inaccuracies or other failures from the use of models, including the failure of assumptions and estimates, as well as differences in, and changes to, economic, market and credit conditions; the impact on the valuation of Seacoast’s investments due to market volatility or counterparty payment risk, as well as the effect of a decline in stock market prices on our fee income from our wealth management business; statutory and regulatory dividend restrictions; increases in

regulatory capital requirements for banking organizations generally; the risks of mergers, acquisitions and divestitures, including Seacoast’s ability to continue to identify acquisition targets, successfully acquire and integrate desirable financial institutions and realize expected revenues and revenue synergies; changes in technology or products that may be more difficult, costly, or less effective than anticipated; the Company’s ability to identify and address increased cybersecurity risks, including those impacting vendors and other third parties which may be exacerbated by developments in generative artificial intelligence; fraud or misconduct by internal or external parties, which Seacoast may not be able to prevent, detect or mitigate; inability of Seacoast’s risk management framework to manage risks associated with the Company’s business; dependence on key suppliers or vendors to obtain equipment or services for the business on acceptable terms; reduction in or the termination of Seacoast’s ability to use the online- or mobile-based platform that is critical to the Company’s business growth strategy; the effects of war or other conflicts, acts of terrorism, natural disasters, including hurricanes in the Company’s footprint, health emergencies, epidemics or pandemics, or other catastrophic events that may affect general economic conditions and/or increase costs, including, but not limited to, property and casualty and other insurance costs; Seacoast’s ability to maintain adequate internal controls over financial reporting; potential claims, damages, penalties, fines, costs and reputational damage resulting from pending or future litigation, regulatory proceedings and enforcement actions; the risks that deferred tax assets could be reduced if estimates of future taxable income from the Company’s operations and tax planning strategies are less than currently estimated, the results of tax audit findings, challenges to our tax positions, or adverse changes or interpretations of tax laws; the effects of competition from other commercial banks, thrifts, mortgage banking firms, consumer finance companies, credit unions, non-bank financial technology providers, securities brokerage firms, insurance companies, money market and other mutual funds and other financial institutions; the failure of assumptions underlying the establishment of reserves for expected credit losses; risks related to, and the costs associated with, environmental, social and governance matters, including the scope and pace of related rulemaking activity and disclosure requirements; government actions or inactions, including a prolonged shutdown of the federal government, a deterioration of the credit rating for U.S. long-term sovereign debt, actions that the U.S. government may take to avoid exceeding the debt ceiling, and uncertainties surrounding the federal budget and economic policy, including the impact of tariffs and trade policies; the risk that balance sheet, revenue growth, and loan growth expectations may differ from actual results; and other factors and risks described herein and under “Risk Factors” in any of the Company’s subsequent reports filed with the SEC and available on its website at www.sec.gov.

The risks relating to the mergers with Heartland Bancshares, Inc. and Villages Bancorporation, Inc. include, without limitation: the diversion of management’s time on issues related to the mergers; unexpected transaction costs, including the costs of integrating operations; the risks that the businesses will not be integrated successfully or that such integration may be more difficult, time-consuming or costly than expected; the potential failure to fully or timely realize expected revenues and revenue synergies, including as the result of revenues following the mergers being lower than expected; the risk of deposit and customer attrition; regulatory enforcement and litigation risk; any changes in deposit mix; unexpected operating and other costs, which may differ or change from expectations; the risks of customer and employee loss and business disruptions, including, without limitation, as the result of difficulties in maintaining relationships with employees; increased competitive pressures and solicitations of customers by competitors; as well as the difficulties and risks inherent with entering new markets.

All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by this cautionary notice, including, without limitation, those risks and uncertainties described in the Company’s annual report on Form 10-K for the year ended December 31, 2024 and in other periodic reports that the Company files with the SEC. Such reports are available upon request from the Company, or from the Securities and Exchange Commission, including through the SEC’s Internet website at www.sec.gov.

Acquisition of Villages Bancorporation, Holding Company of Citizens First Bank

Banking Subsidiary of
Villages Bancorporation, Inc.

Transformative acquisition of Villages Bancorporation, Inc. (“VBI”), holding company of Citizens First Bank, established in 1991 by the developers of *The Villages*, a unique, affluent and growing 55+ residential community development in central Florida

Adds \$4.1 billion assets, \$1.3 billion loans and \$3.5 billion low-cost deposits and provides Seacoast with a long-term, scalable banking platform in *The Villages* that will benefit from the growth of the population and the development itself

Scarcity value of acquiring the leading bank located within *The Villages* community with 51% market share

Consistently strong earnings stream, averaging over 1.00% ROA over the past 5 years with a conservative and highly liquid balance sheet: 38% loan / deposit ratio and 1.40% cost of deposits provide runway for additional high margin growth

VBI’s profitable but low-risk balance sheet and a transaction structure that utilizes Seacoast’s excess capital drive notable improvement in Seacoast’s performance metrics and ~24% earnings accretion, with limited execution risk

Note: Deposit data as of June 30, 2025

A Strategically Compelling Acquisition with Granular Core Deposits

Strategic Rationale

- Creates a ~\$21 billion asset franchise in some of the fastest growing markets in the United States, ranking as the 2nd largest publicly-traded bank in Florida by deposit market share and the largest pure play Florida public bank¹
- Provides an ample source of long-term, low cost liquidity and a new and growing customer base primarily composed of affluent retirees with predictable income streams and a need for multiple banking products
- Strong mortgage platform with robust mortgage lending opportunities throughout The Villages and the surrounding areas
- Right of first refusal and exclusivity provisions protect Seacoast's position and ability to grow along with the population and development itself

Financially Attractive

- Double-digit EPS accretion of ~24%² with a tangible book value earnback period of approximately 2.8 years
- Provides scale and efficiencies to improve profitability positioning relative to peers
- Drives high returns for shareholders through a conservatively modeled and low-execution risk transaction with long-term franchise value benefit
- Significant revenue synergies from delivering Seacoast's products and capabilities to VBI's customers (not modeled)

Well-Positioned for Future Success

- Limited loan portfolio with opportunity to expand while maintaining a track record of conservative credit with 0.00% NCOs / Avg. Loans³
- Fills a gap in Seacoast's Florida footprint in one of the last untapped (and historically inaccessible) growth markets in the state
- The Villages' master-planned community model has proven scalable, with seamless integration of new neighborhoods and amenities that will continue to provide consumer and commercial banking opportunities
- Seacoast's long history of acquisition and integration experience mitigates integration risk

Executing Our Balanced Growth Strategy

Our advantage is rooted in a top-tier banker force, compelling brand and footprint, and strong capital and liquidity supporting further organic growth and opportunistic acquisitions. Our laser focus is on leveraging these strengths to compete and take share from vulnerable competitors.

Relationship Oriented Value Proposition	High Performance Culture	Attractive Markets	Opportunistic Acquisitions	Fortress Balance Sheet
Resonates with both clients and bankers. Treasury management product expansion and wealth management services support revenue growth.	Attracts the best banking talent from larger regionals. Investments in talent are driving disciplined loan growth and strong deposit gathering.	State-wide Florida presence with continuing strong macroeconomic trends. Strategic investments will continue to build market share and scarcity value.	Leveraging our proven M&A capabilities, improving profitability through growth in low-cost deposit base and strategic deployment of liquidity.	Industry-leading capital, robust liquidity, credit diversity and granularity provide flexibility to seize growth opportunities as they arise, and provide long-term support to customers and shareholders.

AGENDA

COMPANY PERFORMANCE

03

Third Quarter 2025 Highlights

- Net income of \$36.5 million, or \$0.42 per share, which includes \$10.8 million in merger-related charges, increased 19% year over year. Adjusted net income¹ increased 48% year over year.
- 7% annualized organic deposit growth.
- 8% annualized organic loan growth.
- Net interest income of \$133.5 million, an increase of \$6.6 million, or 5% from the prior quarter.
- Net interest margin, excluding accretion on acquired loans, expanded three basis points from the prior quarter to 3.32%.

- Tangible book value per share of \$17.61 has increased 9% year over year, well overcoming the dilutive impact of the Heartland acquisition.
- Strong capital position, with a Tier 1 capital ratio of 14.5% and a tangible common equity to tangible assets ratio of 9.8%.
- Completed the acquisition and system conversion of Heartland Bancshares, Inc., adding four branches, \$153 million in loans and \$705 million in deposits.
- On October 1, 2025, completed the acquisition of Villages Bancorporation, Inc., adding 19 branches and approximately \$4 billion in assets. Full system conversion will be completed in the third quarter of 2026.

¹Non-GAAP measure, see "Explanation of Certain Unaudited Non-GAAP Financial Measures" for more information and a reconciliation to GAAP.

Net Interest Income

- Net interest income¹ totaled \$133.9 million, an increase of \$6.6 million, or 5%, from the prior quarter.
- Net interest margin decreased one basis point to 3.57% and, excluding the effect of accretion on acquired loans, net interest margin expanded three basis points to 3.32%.
- Securities yields increased five basis points to 3.92%.
- Loan yields decreased two basis points from the prior quarter to 5.96%. Excluding the effect of accretion on acquired loans, yields increased three basis points to 5.61%.
- The cost of deposits increased one basis point to 1.81%.

¹Calculated on a fully taxable equivalent basis using amortized cost.

Efficiency Gains and Net Interest Margin Expansion Drive Return on Average Assets Improvement

- Adjusted Return on Average Assets (ROA) continues to improve as we successfully navigate the challenges associated with transitioning to a mid-size bank.
- The pressure on Net Interest Margin (NIM) excluding accretion on acquired loans has begun to ease, driven by disciplined pricing strategies and proactive balance sheet management
- Meaningful efficiency gains through scale-driven cost controls and operational enhancements, which have helped offset the mid-size bank related regulatory and compliance headwinds.

¹ FY2021 and FY2022 also exclude interest and fees on Paycheck Protection Program (“PPP”) loans.
² Non-GAAP measure, see “Explanation of Certain Unaudited Non-GAAP Financial Measures” for more information and a reconciliation to GAAP.

Noninterest Income

(\$ in thousands)

Noninterest income decreased \$0.7 million from the prior quarter to \$23.8 million, and adjusted noninterest income¹ increased \$0.2 million to \$24.7 million. Results included \$0.8 million in realized losses on securities. Other changes from the prior quarter include:

Service charges on deposits totaled \$6.2 million, an increase of \$0.7 million, or 12% from the prior quarter. Our investments in talent and significant market expansion have resulted in continued growth in treasury management services to commercial customers.

Wealth management income totaled \$4.6 million, an increase of \$0.4 million, or 9%, from the prior quarter. Assets under management have grown 24% year over year. The wealth management division delivered record growth, adding \$258.1 million in new assets under management in the third quarter, the highest quarterly result in the division's history.

BOLI income totaled \$3.9 million, an increase of \$0.5 million, or 15%, from the prior quarter. Death benefit payouts totaled \$1.3 million in the third quarter of 2025 and \$0.9 million in the second quarter of 2025.

Other income totaled \$6.0 million, a decrease of \$1.5 million, or 20%, from the prior quarter. The second quarter of 2025 included \$3.0 million in tax refunds related to a prior bank acquisition. The resulting comparative decline was partially offset by higher gains on SBA loan sales and higher loan swap fees.

¹Non-GAAP measure, see "Explanation of Certain Unaudited Non-GAAP Financial Measures" for more information and a reconciliation to GAAP.

Continued Focus on Building Wealth Management

Assets Under Management End-of-Period (\$ in millions)

Assets under management totaled \$2.5 billion at September 30, 2025, increasing 24% year over year.

The wealth management division delivered record growth, adding \$258 million in new assets under management in the third quarter, the highest quarterly result in the division's history. With a consistent focus on delivering exceptional value, this division continues to be a key growth driver in customer relationships.

Since 2021, assets under management have increased at a compound annual growth rate ("CAGR") of 25%.

Noninterest Expense

¹Non-GAAP measure, see "Explanation of Certain Unaudited Non-GAAP Financial Measures" for more information and a reconciliation to GAAP.

- Salaries and wages totaled \$46.3 million, an increase of \$1.9 million, or 4%, from the prior quarter. The increase from the prior quarter reflects the continued expansion of the footprint, including the acquisition of Heartland, and higher performance driven incentive compensation.
- Employee benefits totaled \$7.4 million, a decrease of \$0.7 million, or 9%, compared to the prior quarter.
- Outsourced data processing costs totaled \$9.3 million, an increase of \$0.8 million, or 10%, compared to the prior quarter. The increase from the prior quarter reflects higher transaction volume and growth in customers, including from the acquisition of Heartland.
- Amortization of intangibles increased \$0.9 million with the addition of \$20.9 million in core deposit intangible assets from the Heartland acquisition. These assets will be amortized using an accelerated amortization method over approximately 10 years.
- Merger-related costs totaled \$10.8 million in the third quarter of 2025 and \$2.4 million in the second quarter of 2025.

Consistent Strong Loan Growth Supported by an Expanding Pipeline

Loans outstanding increased by \$355.3 million, or 13.3% annualized, from the prior quarter. Excluding the impact of the Heartland acquisition, loans increased 7.6% annualized.

The late stage loan pipeline increased 32% to \$1.2 billion.

Loan yields declined two basis points from the prior quarter to 5.96%. Excluding the effect of accretion on acquired loans, yields increased three basis points from the prior quarter to 5.61%.

Loan Portfolio Mix

At September 30, 2025

Seacoast's lending strategy results in a diverse and granular loan portfolio. Seacoast's average loan size is \$435 thousand and the average commercial loan size is \$871 thousand.

Portfolio diversification in terms of asset mix, industry, and loan type has been a critical element of the Company's lending strategy. Exposures across industries and collateral types are broadly distributed.

Construction and land development and commercial real estate loans, as defined in regulatory guidance, represent 32% and 223%, respectively, of total consolidated risk-based capital.

Allowance for Credit Losses and Purchase Discount

Explanation of Certain Unaudited Non-GAAP Financial Measures

This presentation contains financial information determined by methods other than Generally Accepted Accounting Principles (“GAAP”). The financial highlights provide reconciliations between GAAP and adjusted financial measures including net income, noninterest income, noninterest expense, tax adjustments and other financial ratios. Management uses these non-GAAP financial measures in its analysis of the Company’s performance and believes these presentations provide useful supplemental information, and a clearer understanding of the Company’s performance. The Company believes the non-GAAP measures enhance investors’ understanding of the Company’s business and performance and if not provided would be requested by the investor community.

These measures are also useful in understanding performance trends and facilitate comparisons with the performance of other financial institutions. The limitations associated with operating measures are the risk that persons might disagree as to the appropriateness of items comprising these measures and that different companies might define or calculate these measures differently. The Company provides reconciliations between GAAP and these non-GAAP measures. These disclosures should not be considered an alternative to GAAP.
