#### **NOTICE TO DISTRIBUTORS**

**Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract**

or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the New Shares have been subject to a product approval process, which has determined that the New Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "Target Market Assessment"). Notwithstanding the Target Market Assessment, Distributors should note that: the price of the Ordinary Shares may decline and investors could lose all or part of their investment; the Ordinary Shares offer no guaranteed income and no capital protection; and an investment in Ordinary Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Placing. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Company will only procure investors who meet the criteria of professional clients and eligible counterparties.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the New Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Ordinary Shares and determining appropriate distribution channels.

### Section B – Key information on the issuer

#### Section B(1) – Who is the issuer of the securities?

The legal and commercial name of the Company, being the issuer of the Placing Shares, is Marwyn Acquisition Company I Limited. The LEI of the Company is 254900WYO35S1T334A28. The Company is incorporated in the British Virgin Islands with limited liability under the BVI Companies Act, is domiciled in the United Kingdom and operates under the laws of the British Virgin Islands. The Company is subject to the Prospectus Regulation Rules, the Market Abuse Regulation and all other laws and regulations which apply to securities sold and traded in England and Wales and, to the extent such rules apply to companies with a Standard Listing, the Listing Rules and the Disclosure Guidance and Transparency Rules.

The Company has been formed for the purpose of effecting a merger, share exchange, asset acquisition, share or debt purchase, reorganisation or similar business combination with one or more businesses.

The Company's objective is to generate attractive long term returns for Shareholders and to enhance value by supporting sustainable growth, acquisitions and performance improvements within the acquired companies.

The directors of the Company are Vin Murria OBE (Chairman), James Corsellis and Mark Brangstrup Watts (who has agreed to resign with effect from Admission). The Proposed Directors are Gavin Hugill and Karen Chandler. The Directors and the Proposed Directors each believe there is significant opportunity to invest in companies that have the potential to be long term beneficiaries of the changes to the software sector that the current macro environment has brought about. In particular, the Company will target businesses that are positioned to take advantage of the structural change arising from an unprecedented acceleration of digitalisation, affecting the way people live, work and consume, and the way businesses operate, engage and sell to customers. The Directors have significant experience in the software sector having invested in and/or operated a range of high performing software businesses. The Directors have successfully driven operational excellence within these businesses to deliver organic growth and have a track record of carrying out targeted accretive M&A in the software sector.

The Directors and the Proposed Directors believe that leading investors are now embracing the use of public markets to deploy significant amounts of capital through listed acquisition companies and blue-chip institutional investors have started supporting listed acquisition companies both pre and post-acquisition. Likewise, vendors are increasingly pursuing transactions with listed acquisition companies to access public markets.

#### Business Strategy and Execution

The Company will seek to identify situations where a combination of management expertise, improving

operating performance, freeing up cashflow for investment and implementation of a focused buy and build strategy can unlock growth in their core markets and often into new territories and adjacent sectors.

### Capital Markets and Financing Strategy

The Company and its share structure have been designed to facilitate a broad range of future transaction and financing scenarios with the aim of: (a) improving the speed and certainty of execution; and (b) reducing risk to the Company and to Investors' capital.

Committed Acquisition Capital: following the Fundraise, the Company will have significant committed acquisition capital available to fund an initial Acquisition. The Company has the discretion to deploy this capital without requiring a shareholder vote and, depending on the size of the target being acquired, may be in a position to complete an initial Acquisition without requiring any further acquisition financing or a further equity capital raise.

Flexible Share Capital Structure: the Company has the ability to make acquisitions and raise additional capital through the private issuance of listed or unlisted shares to provide financing for transactions. The share rights attaching to any additional class of share that is issued in connection with a public or private placement will be determined by the Board as it considers to be in the best interests of the Company at the time of issue, in accordance with the Memorandum and Articles.

The Company will not require the approval of holders of Ordinary Shares in connection with any further raise of committed acquisition capital or any other private issuance of listed or unlisted shares.

Following an initial Acquisition, the Company would intend to seek re-admission of the enlarged Group to listing on the Official List and trading on the London Stock Exchange or admission to AIM or an alternative internationally recognised securities trading platform or stock exchange.

Under BVI law, neither the Company nor its Shareholders are required to make any notifications relating to any person who has a direct or indirect interest in the share capital or the voting rights of the Company. However, persons holding Ordinary Shares should note the disclosure obligations under the Disclosure Guidance and Transparency Rules and the specific provisions in the Articles which require disclosure of interests of 3 per cent. in the Company's share capital from time to time, and at every 1 per cent. increment thereafter.

The Company has appointed Baker Tilly Channel Islands Limited as its auditor.

After 31 October 2020, upon its IPO the Company issued 700,000 Ordinary Shares and 700,000 Warrants for a total cash consideration of £700,000. It subsequently issued 2,500,000 A Shares and 2,500,000 Class A Warrants for a total cash consideration of £2,500,000 to fund the costs of due diligence on a potential acquisition. As at 28 February 2021 the Company had a net cash balance of approximately £1,000,000 after the expected payment of fees and expenses it had incurred to that date. Neither pro

forma financial information nor any qualified audit report has been included in this Prospectus.

### **Section B(3) – What are the key risks that are specific to the issuer?**

The key risks that are specific to the Company are:

- The Company's future success is dependent upon its ability to not only identify opportunities but also to execute a successful Acquisition. There can be no assurance that the Company will be able to conclude agreements with any target business and/or shareholders in the future and failure to do so could result in the loss of an Investor's investment.
- There may be significant competition for some or all of the acquisition opportunities that the Company may explore. A number of these competitors may possess greater technical, financial, human and other resources than the Company. Such competition may cause the Company to incur significant costs but be unsuccessful in executing an Acquisition or may result in a successful Acquisition being made at a significantly higher price than would otherwise have been the case which could materially adversely impact the business, financial condition, result of operations and prospects of the Company.
- There is a risk that the Company may incur substantial legal, financial and advisory expenses arising from unsuccessful transactions which could have a material adverse effect on the business, financial condition, results of operations and prospects of the Company.
- The Company may seek additional sources of financing (equity and/or debt) to implement its strategy. There can be no assurance that the Company will be able to raise those funds, whether on acceptable terms or at all. Equity and/or debt financing could decrease Shareholders' proportional ownership interests in the Company or have a material adverse effect on its financial condition and results of operations.
- The Company has not, since incorporation, carried on any trading activities. The value of any investment in the Company is, therefore, wholly dependent upon the successful implementation of its investment objective. Investors will be relying on the ability of the Company, the Directors and the Proposed Directors to identify potential Acquisitions, evaluate their merits, conduct diligence and negotiations, raise any required additional finance, execute such Acquisitions and potentially hire management teams.
- Prior to making or proposing any investment, the Company will undertake due diligence on potential Acquisitions to a level considered reasonable and appropriate by the Board on a case by case basis. Any failure to reveal all material facts or circumstances relating to a potential investment may have a material adverse effect on the business, financial condition, results of operations and prospects of the Company.
- The Company may either consider acquiring total voting control of any target company or business, or acquiring a non-controlling interest constituting less than total voting control or less than the entire equity interest of that target company or business if such opportunity is considered attractive or where the Company expects to acquire sufficient influence to implement its strategy. In such circumstances, the remaining ownership interest will be held by third parties and the Company's decision-making authority may be limited. Any third party's interests may be contrary to the Company's interests.
- The companies or businesses in which the Company invests may have borrowings. Although such facilities may increase investment returns, they also create greater potential for loss. In addition, a number of factors (including changes in interest rates, conditions in the banking market and general economic conditions), all of which are beyond the Company's control, may make it difficult for the Company to obtain new financing on attractive terms or at all.
- The success of the investment objective depends on the Directors' and Proposed Directors' ability to identify investments in accordance with the Company's investment objective and to interpret market data and predict market trends correctly. No assurance can be given that the strategy to be used will be successful under all or any market conditions or that the Company will be able to generate positive returns for Shareholders.
- Implementing change programmes within an acquired business may require significant modifications, including changes to hardware and other business assets, operating and financial processes and technology, software, business systems, management techniques and personnel, including senior management. There is no certainty that the Company will be able to successfully implement such change programmes within a reasonable timescale and cost, and any inability to do so could have a material adverse impact on the Company's performance and prospects.

consent of holders of all of the Sponsor Shares:

- issue any Sponsor Share;
  - amend, alter or repeal any existing or introduce any new share-based compensation or incentive scheme in the Group;
  - issue any class of shares on a non pre-emptive basis where the Company would be required to issue such shares pre-emptively if it were incorporated under the UK Companies Act 2006 and acting in accordance with the Pre-Emption Group's Statement of Principles; or
  - take any action that would not be permitted (or would only be permitted after an affirmative shareholder vote) if the Company were admitted to the Premium Segment of the Official List; and
- (f) confer upon any holder the right to require that: (i) any purchase of Ordinary Shares; or (ii) the Company's ability to amend the Memorandum and Articles, be subject to a Special Resolution of Members whilst the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), or MLTI or an individual holder of a Sponsor Share hold Incentive Shares.

The Board also has the power to create and issue additional classes of shares if required from time to time, including shares that may have superior voting rights to the Placing Shares, the right to receive dividends and other distributions in priority to those made on Placing Shares and that may have a liquidation preference in any winding-up of the Company.

There are no restrictions on the free transferability of the Placing Shares, subject to compliance with applicable securities laws.

The Company has not yet adopted a dividend policy. The Board will determine the appropriate dividend policy following the initial Acquisition.

#### **Section C(2) – Where will the securities be traded?**

Application will be made to the Financial Conduct Authority and the London Stock Exchange for all of the Placing Shares to be admitted to the standard segment of the Official List and to trading on the London Stock Exchange's market for listed securities respectively.

#### **Section C(3) – What are the key risks that are specific to the securities?**

The key risks that are specific to the Placing Shares are:

- Immediately following Admission, the Marwyn Shareholder and Vin Murria OBE will each own approximately 15.4 per cent. and 13.1 per cent. respectively of the issued Ordinary Shares, assuming no Ordinary Warrants or A Warrants are exercised. As a result, each may possess sufficient voting power to have a significant influence over all matters requiring shareholder approval. The interests of those investors may not always be aligned with those of other Shareholders.
- The Company may issue additional Ordinary Shares or other classes of shares in subsequent public offerings or private placements to fund an Acquisition or as consideration for an Acquisition. BVI law does not grant Shareholders the benefit of pre-emption rights in relation to a further issue of Ordinary Shares (or any other class of shares) and, save for the ability of the holders of the Sponsor Shares to require that any issue of shares is conducted pre-emptively, the Articles do not include pre-emption rights. It is possible that existing Shareholders may not be offered the right or opportunity to participate in such future share issues, which may dilute the existing Shareholders' interests in the Company. Shareholders may also experience subsequent dilution (in both economic and voting terms) and securities issued in the future may have preferred rights, options and pre-emption rights senior to the Placing Shares.
- The Company has in place an incentivisation scheme through which James Corsellis (through his indirect interest in MLTI), Vin Murria OBE, Gavin Hugill, Karen Chandler and future members of management that may be employed by the Company will be rewarded for increases in shareholder value, subject to certain conditions and performance hurdles. Unless otherwise determined, the Company and the holders of the Incentive Shares have the right to exchange each Incentive Share for Ordinary Shares. If Ordinary Shares are to be issued in order to satisfy the incentivisation scheme, the existing Shareholders may face dilution. If so determined by the Company, the holders of Incentive

Shares may receive cash, thereby reducing the Company's cash resources.

## **Section D – Key information on the Placing and Admission**

### **Section D(1) – Under which conditions and timetable can I invest in this security?**

The existing holders of 700,000 Ordinary Shares will have their voting rights and rights to a return of profits and capital diluted by 99.5 per cent. and 97.6 per cent. respectively.

Under the Placing, 94,800,000 Placing Shares are being made available to Investors at the Placing Price of £1.00 per Placing Share. On the basis that 94,800,000 Ordinary Shares are issued pursuant to the Placing and 35,200,000 Ordinary Shares are issued pursuant to the Subscriptions, the Company expects to receive gross proceeds of £130,000,000 which is subject to estimated fees and expenses of £1,500,000, resulting in total net proceeds from the Fundraise of £128,500,000. All costs of the Fundraise will be directly borne by the Company. No expenses or taxes will be charged directly by the Company to Investors. The Placing is conditional on, *inter alia*, Admission.

At the date of this document, the Company is in receipt of irrevocable Placing Letters from Placees (which contain a customary condition that the Placing Agreement is entered into and has become unconditional in all respects (save for any condition relating to Admission) and not having been terminated in accordance with its terms). Pursuant to the Placing Letters, the Placees have agreed to subscribe for 94,800,000 Placing Shares in aggregate (amounting to gross proceeds equal to £94,800,000).

### **Section D(2) – Why is this Prospectus being produced?**

The Company is implementing the Placing for 94,800,000 Placing Shares at a Placing Price of £1.00 per Placing Share. The Board is confident that the Company will be able to implement the investment objective in the medium term. The net proceeds from the Fundraise will therefore be used to fund the expenses of the Fundraise, ongoing costs and expenses and costs incurred in connection with seeking to identify and implement Acquisitions. The amount of finance required to implement an Acquisition may exceed the amount raised pursuant to the Fundraise and therefore the Company may need to raise additional finance through equity or debt in order to finance such Acquisition. The Placing is not being underwritten.

As well as being a director of the Company, James Corsellis is also a Managing Partner of Marwyn Capital and beneficially interested in the Marwyn Shareholder. James Corsellis owes fiduciary duties to such entities and to other companies, whose boards of directors he may join in the future.

Immediately following Admission, the Marwyn Shareholder and Vin Murria OBE will each own approximately 15.4 per cent. and 13.1 per cent. respectively of the issued Ordinary Shares, assuming no Ordinary Warrants or A Warrants are exercised. In addition, the Marwyn Shareholder and Vin Murria OBE will each own one Sponsor Share. The Marwyn founders, James Corsellis and Mark Brangstrup Watts, indirectly own Incentive Shares by virtue of their indirect interest in MLTI and are the principal beneficiaries

of MLTI.

The Company has also entered into a corporate services and advisory agreement with Marwyn Capital, which includes the provision of certain services in connection with ongoing advice in relation to, but not limited to, corporate finance, research and analysis, strategic development, forecasting and modelling, equity capital markets, debt and equity fundraising, overall project management, negotiation and bid documentation.

The Marwyn Shareholder has established and invested in other entities and may do so again in the future. These entities may have overlapping or even identical strategies and James Corsellis is, and may be, a director of such entities. Vin Murria OBE is Chairman of Summerway Capital PLC which is an AIM quoted acquisition company with an investment policy to invest in software, Software-as-a-Service and digital technologies and services sectors. Either Vin Murria OBE or James Corsellis may have a conflict of interest in determining to which entity a particular business opportunity should be presented and business opportunities may be offered to, or taken up by, other entities in advance of the Company.

## RISK FACTORS

The Group's business, financial condition or results of operations could be materially and adversely affected by the risks described below. In such cases, the market price of the Ordinary Shares may decline due to any of these risks and investors may lose all or part of their investment. Additional risks and uncertainties not presently known to the Directors or the Proposed Directors, or that the Directors or the Proposed Directors currently deem immaterial, may also have an adverse effect on the Group. The Directors and the Proposed Directors consider the following risks to be the most significant for potential investors in the Company, but the risks listed do not necessarily comprise all those associated with an investment in the Company.

Prospective Investors should note that the risks relating to the Company, its business and industry, the Ordinary Shares summarised in the section of this Prospectus entitled "Summary" are the risks that the Directors and the Proposed Directors believe to be the most essential to an assessment by a prospective Investor of whether to consider an investment in the Ordinary Shares. However, as the risks which the Company faces relate to events, and depend on circumstances, that may or may not occur in the future, prospective Investors should consider not only the information on the key risks summarised in the section of this Prospectus entitled "Summary" but also, among other things, the risks and uncertainties described below.

In each category set out below, the risks which the Directors and the Proposed Directors consider most material are set out first.

### RISKS RELATING TO THE COMPANY

#### A. RISKS RELATING TO THE COMPANY'S FUTURE BUSINESS AND POTENTIAL STRUCTURE

- 1 ***The Company may not be able to complete an Acquisition and failure to do so could result in the loss of an Investor's investment.***

The Company does not currently have an investment opportunity that is materially progressed and is not currently in formal or exclusive discussions with any asset vendors. The Company's future success is dependent upon its ability to not only identify opportunities but also to execute a successful Acquisition. There can be no assurance that the Company will be able to conclude agreements with any target business and/or shareholders in the future and failure to do so could result in the loss of an Investor's investment. In addition, the Company may not be able to raise the additional funds required to acquire any target business, fund future operating expenses after the initial twelve months, or incur the expense of due diligence for the pursuit of acquisition opportunities in accordance with its investment objective.

- 2 ***The Company may face significant competition for acquisition opportunities and cannot assure Investors that it will be successful against such competition.***

There may be significant competition for some or all of the acquisition opportunities that the Company may explore. Such competition may for example come from strategic buyers, sovereign wealth funds, special purpose acquisition companies and public and private investment funds, many of which are well established and have extensive experience in identifying and completing acquisitions. A number of these competitors may possess greater technical, financial, human and other resources than the Company. Therefore, the Company may identify an investment opportunity in respect of which it incurs costs, for example through due diligence and/or financing, but the Company cannot assure Investors that it will be successful against such competition. Such competition may cause the Company to incur significant costs but be unsuccessful in executing an Acquisition or may result in a successful Acquisition being made at a significantly higher price than would otherwise have been the case which could materially adversely impact the business, financial condition, result of operations and prospects of the Company.

- 3 ***The Company could incur costs for transactions that may ultimately be unsuccessful.***

There is a risk that the Company may incur substantial legal, financial and advisory expenses arising from unsuccessful transactions which may include public offer and transaction documentation, legal, accounting and other due diligence which could have a material adverse effect on the business, financial condition, results of operations and prospects of the Company.

**4        *The Company may be unable to obtain additional funding needed to implement its strategy. Additional funding, whether through equity and/or debt, could dilute the rights of existing Shareholders and/or restrict the Company's ability to operate its business.***

The net proceeds of the Fundraise may be insufficient to fund in full a suitable Acquisition, future Acquisitions (following an initial Acquisition) and/or investments identified by the Board. Accordingly, the Company may seek additional sources of financing (equity and/or debt) to implement its strategy. There can be no assurance that the Company will be able to raise (for example, through the issue of further Ordinary Shares) those funds, whether on acceptable terms or at all.

If further financing is obtained or the consideration for an Acquisition is provided by issuing equity securities or convertible debt securities, Shareholders at the time of such future fundraising or Acquisition may be (for example, through the issue of further Ordinary Shares) diluted and the new securities may carry rights, privileges and preferences superior to the Ordinary Shares. Save for the Sponsor Shares, no unlisted Shares exist beyond Admission.

The Company may seek debt financing to fund all or part of any future Acquisition.

The incurrence by the Company of substantial indebtedness in connection with an Acquisition could result in:

- (i) default and foreclosure on the Company's assets, if its cash flow from operations was insufficient to pay its debt obligations as they become due; or
- (ii) an inability to obtain additional financing, if any indebtedness incurred contains covenants restricting its ability to incur additional indebtedness.

An inability to obtain debt financing may have a material adverse effect on the business, financial condition, results of operations and prospects of the Company. If such financing is obtained, the Company's ability to raise further finance and its ability to operate its business may be subject to restrictions.

The occurrence of any or a combination of these, or other, factors could decrease Shareholders' proportional ownership interests in the Company or have a material adverse effect on its financial condition and results of operations.

**5        *The Marwyn Shareholder, James Corsellis and Vin Murria OBE have interests in companies with similar strategies to that of the Company***

The Marwyn Shareholder, James Corsellis and Vin Murria OBE are, and may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by the Company, including other entities established with a similar objective to that of the Company and investment opportunities may be taken up by the Marwyn Shareholder, James Corsellis or Vin Murria OBE and/or entities affiliated with any of them in advance of the Company. At the date of this document, the Marwyn Shareholder and James Corsellis are affiliated with Marwyn Acquisition Company plc, Marwyn Acquisition Company II Limited and Marwyn Acquisition III Limited (being entities engaged in business activities similar to those intended to be conducted by the Company). At the date of this document, Vin Murria OBE is affiliated with Summerway Capital Plc (being an entity engaged in business activities similar to those intended to be conducted by the Company). Each of Marwyn Acquisition Company plc, Marwyn Acquisition Company II Limited, Marwyn Acquisition III Limited and Summerway Capital Plc are acquisition vehicles and have net assets which are less than £6,000,000. Marwyn Acquisition Company plc and Summerway Capital Plc are quoted on AIM.

In the course of their respective business activities, the Marwyn Shareholder, James Corsellis and/or Vin Murria OBE may become aware of investment and business opportunities which may be appropriate for presentation to the Company as well as the other entities with which they are affiliated. The Marwyn Shareholder, James Corsellis and/or Vin Murria OBE may have conflicts of interest in determining to which entity a particular business opportunity should be presented. The Directors and the Proposed Directors will seek to mitigate or resolve any conflict of interest that has been identified and will take appropriate action to do so - this may be through the implementation of policies dealing with conflicts of interest or otherwise.

**6        *The Group has a limited history and has not, since incorporation, carried on any trading activities. There is therefore no historical financial data upon which prospective Investors may base an evaluation of the Company.***

The Company has not, since incorporation, carried on any trading activities. Accordingly, as at the date of this Prospectus, the Company has no historical financial data upon which prospective Investors may base

an evaluation of the Company. The value of any investment in the Company is, therefore, wholly dependent upon the successful implementation of its investment objective. As such, the Company is subject to all of the risks and uncertainties associated with any newly established business enterprise including the risk that the Company will not achieve its investment objectives and that the value of an investment in the Company could decline and may result in the loss of capital invested. The past performance of companies, assets or funds managed by the Directors, the Proposed Directors or persons affiliated with them, in other ventures in a similar sector or otherwise, is not necessarily a guide to the future business, results of operations, financial condition or prospects of the Company. Investors will be relying on the ability of the Company, the Directors and the Proposed Directors to identify potential Acquisitions, evaluate their merits, conduct diligence and negotiations, raise any required additional finance, execute such Acquisitions and potentially hire management teams.

**7        *Material facts or circumstances which may have a material adverse effect upon the value of the investment may not be revealed in the due diligence process.***

Prior to making or proposing any investment, the Company will undertake due diligence on potential Acquisitions to a level considered reasonable and appropriate by the Board on a case by case basis. However, these efforts may not reveal all facts or circumstances that would have a material adverse effect upon the value of the investment. In undertaking due diligence, the Company will need to utilise its own resources and to rely upon third parties to conduct certain aspects of the due diligence process. Further, the Company may not have the ability to review all documents relating to the target company and assets. Any due diligence process involves subjective analysis and there can be no assurance that due diligence will reveal all material issues related to a potential investment. Any failure to reveal all material facts or circumstances relating to a potential investment may have a material adverse effect on the business, financial condition, results of operations and prospects of the Company.

**8        *The Company may not acquire total voting control of any target company or business.***

The Company may either consider acquiring total voting control of any target company or business, or acquiring a non-controlling interest constituting less than total voting control or less than the entire equity interest of that target company or business if such opportunity is considered attractive or where the Company expects to acquire sufficient influence to implement its strategy. In such circumstances, the remaining ownership interest will be held by third parties and the Company's decision-making authority may be limited. Such Acquisitions may also involve the risk that such third parties may become insolvent or unable or unwilling to fund additional investments in the target. Such third parties may also have interests which are inconsistent or conflict with the Company's interests, or they may obstruct the Company's strategy for the target or propose an alternative strategy. Any third party's interests may be contrary to the Company's interests. In addition, disputes among the Company and any such third parties could result in litigation or arbitration. Any of these events could impair the Company's objectives and strategy, which could have a material adverse effect on the continued development or growth of the acquired company or business and therefore on the Company.

**9        *The companies or businesses in which the Company invests may have borrowings, which create greater potential for loss.***

The companies or businesses in which the Company invests may have borrowings. Although such facilities may increase investment returns, they also create greater potential for loss. This includes the risk that the relevant borrower will be unable to service the interest repayments, or comply with other requirements, rendering the debt repayable, and the risk that available capital will be insufficient to meet required repayments. There is also the risk that existing borrowings will not be able to be refinanced or that the terms of such refinancing will not be as favourable as the terms of existing borrowings. A number of factors (including changes in interest rates, conditions in the banking market and general economic conditions), all of which are beyond the Company's control, may make it difficult for the Company to obtain new financing on attractive terms or at all, which could have a material adverse effect on the business, financial condition, results of operations and prospects of the Company.

**10       *The success of the Company's investment objective not guaranteed.***

The Company's return will be reliant upon the performance of the assets acquired and the Company's investment objective from time to time. The success of the investment objective depends on the Directors' and the Proposed Directors' ability to identify investments in accordance with the Company's investment objectives and to interpret market data and predict market trends correctly. No assurance can be given that the strategy to be used will be successful under all or any market conditions or that the Company

will be able to generate positive returns for Shareholders. If the investment objective is not successfully implemented, this could adversely impact the business, development, financial condition, results of operations and prospects of the Company.

11 ***The Company may be unable to refocus and improve the operating and financial performance of an acquired business.***

The success of any of the Company's Acquisitions may depend in part on the Company's ability to implement the necessary technological, strategic, operational and financial change programmes in order to either: (i) transform the acquired business and improve its financial performance or (ii) continue to grow the acquired business and expand its current operations. Implementing change programmes within an acquired business may require significant modifications, including changes to hardware and other business assets, operating and financial processes and technology, software, business systems, management techniques and personnel, including senior management.

There is no certainty that the Company will be able to successfully implement such change programmes within a reasonable timescale and cost, and any inability to do so could have a material adverse impact on the Company's performance and prospects.

12 ***The Company will be highly dependent on the expertise and continued service of the Directors and the Proposed Directors.***

The Company will be highly dependent on the expertise and continued service of the Directors and the Proposed Directors. However, any of the Directors or the Proposed Directors could give notice to terminate their appointment at any time and their loss may have an adverse effect on the Company's business. In addition, there is a risk that the Company will not be able to recruit directors of sufficient expertise or experience to maximise any opportunities that present themselves, or that recruiting and retaining those directors is more costly or takes longer than expected. The failure to attract and retain those individuals may adversely affect the Company's operations.

## **B. RISKS RELATING TO SECTORS IN WHICH THE COMPANY MIGHT INVEST**

13 ***The performance of the software sector may be affected by changes in general economic activity levels which are beyond the Company's control***

It is anticipated that the Company will invest in businesses or companies in the software sector globally, however, its principal focus will be on the UK, Europe and North America. The performance of the software sector may be cyclical in nature with some correlation to levels of demand within targeted end markets. As a result, the software sector may be affected by changes in general economic activity levels which are beyond the Company's control but which may have a material adverse effect on the Company's financial condition and prospects. In particular, a strain of coronavirus which causes the disease known as COVID-19, has quickly spread, resulting in severe illness and, in many cases, death and has been declared as a pandemic by The World Health Organisation. The COVID-19 pandemic may result in greater demand in certain sectors, and fewer opportunities in others. The COVID-19 situation is still rapidly evolving. It is difficult to predict what impact COVID-19 may have on any potential investment. An adverse change in economic activity could have a material adverse effect on the profitability of the Company following an Acquisition.

The Company may acquire or make investments in companies and businesses that are susceptible to economic recessions or downturns. During periods of adverse economic conditions, the markets in which the Company operates may decline, thereby potentially decreasing revenues and causing financial losses, difficulties in obtaining access to, and fulfilling commitments in respect of, financing, and increased funding costs. In addition, during periods of adverse economic conditions, the Company may have difficulty accessing financial markets, which could make it more difficult or impossible for the Company to obtain funding for additional investments and negatively affect the Company's net asset value and operating results. Accordingly, adverse economic conditions could adversely impact the business, development, financial condition, results of operations and prospects of the Company.

In addition, the political risks associated with operating across a broad number of jurisdictions could affect the Company's ability to manage or retain interests in its business activities and could have a material adverse effect on the profitability of its business following an Acquisition.

There is also a risk that new economic, legal, social and tax policies may be introduced in certain countries under new national and regional administrations, including the United States, which could potentially have an adverse impact on the trading conditions for the Company.

14 ***Increased competition and unanticipated actions by competitors or customers.***

The markets in which the Company and its proposed Acquisition targets will operate are highly competitive with significant competition from large international producers and smaller regional competitors. The Group may lose market share to other competitors or to other products that can be substituted for the products of the Group. Increased competition and unanticipated actions by competitors or customers, which could arise as a result of, among other things, unforeseen changes in the competitive landscape due to the introduction of disruptive technologies, could lead to an adverse effect on results and hinder the Company's growth potential. The Company may, where the Board decides it is necessary, invest in new facilities to allow it to maintain its key market positions. Following an Acquisition, the ability of the Group to compete in the software sector will be dependent on its ability to develop technological innovations, to introduce new products and to protect its intellectual property, trade secrets and know-how.

15 ***New entrants to the market.***

The Company will always be at risk that new entrants to the market are able to procure, by way of acquisition or licence, businesses which compete with the Company. Any new entrant in this space could have a disruptive effect on the Company and its ability to implement the investment objective and deliver significant value for Shareholders. If any new entrant was able to establish a foothold in the market, this could have a corresponding negative effect on the financial prospects of the Company.

### **C. LEGAL AND REGULATORY RISK**

16 ***The Group is subject to legislative and regulatory risk.***

An investment is subject to changes in regulation and legislation. As the direction and impact of changes in regulations can be unpredictable, there is a risk that regulatory developments will not bring about positive changes and opportunities, or that the costs associated with those changes and opportunities will be significant. In particular, there is a risk that regulatory change will bring about significant downturn in the prospects of one or more acquired businesses, rather than presenting a positive opportunity.

17 ***The Group is subject to risks relating to taxation.***

Statements in this Prospectus concerning taxation are based on UK tax law and practice as at the date of this Prospectus. Any changes to the tax status of the Company or any of its underlying subsidiaries or investments, or to tax legislation or practice (whether in the UK or in jurisdictions in which the Group invests), could affect the value of investments held by the Company, affect the Company's ability to provide returns to Shareholders and affect the tax treatment for Shareholders of their investments in the Company (including the applicable rates of tax and availability of reliefs). In particular, the current spending by global governments to ameliorate some of the impact of the lockdowns imposed because of the COVID-19 pandemic may lead to increased taxation. There can be no certainty that the current taxation regime in the UK, or in any jurisdiction in which the Group may operate or invest in the future, will remain in force, or that the current levels of corporate taxation (including UK corporation tax) will remain unchanged. Prospective investors should consult their tax advisers with respect to their own tax position before deciding whether to invest in the Company.

The Company, and/or any vehicle in which the Company has a direct or indirect interest (including the companies in the Group), may be subject to tax (including withholding tax and transfer taxes) in multiple jurisdictions outside of their home jurisdictions. In particular, withholding tax or other taxes may be imposed on earnings and other amounts returned to the Company (or companies in the Group) from investments in such jurisdictions. Local tax incurred in various jurisdictions by the Company, or by the companies in the Group, may not be creditable to or deductible by the Company (or the relevant company in the Group). Although the Company will endeavour to minimise any such taxes this may affect the level of returns to Shareholders.

### **RISKS RELATING TO THE OFFER**

#### **A. RISKS RELATED TO THE NEW SHARES**

18 ***The Marwyn Shareholder, Vin Murria OBE and potentially other Investors may own significant interests in, and may exert influence over, the Group following the Placing and their respective interests may differ from, or conflict with, those of other Shareholders.***

Immediately following Admission, the Marwyn Shareholder and Vin Murria OBE will each own 15.4

per cent. and 13.1 per cent. respectively of the issued ordinary shares of the Company, assuming no Ordinary Warrants or A Warrants are exercised. As a result, each may possess sufficient voting power to have a significant influence over all matters requiring shareholder approval. The interests of the Marwyn Shareholder and Vin Murria OBE may not always be aligned with those of other Shareholders.

**19 Shareholders' interests may be diluted as a result of additional equity fundraising.**

The Company may issue additional Ordinary Shares or other classes of shares in subsequent public offerings or private placements to fund an Acquisition or as consideration for an Acquisition. BVI law does not grant Shareholders the benefit of pre-emption rights in relation to a further issue of Ordinary Shares (or any other class of shares) and, save for the ability of the holders of the Sponsor Shares to require that any issue of shares is conducted pre-emptively, the Company's Articles do not include pre-emption rights. The holders of the Sponsor Shares owe no duty to holders of Ordinary Shares to require that any share issuance be made on a pre-emptive basis. It is possible that existing Shareholders may not be offered the right or opportunity to participate in such future share issues, which may dilute the existing Shareholders' interests in the Company. Furthermore, the issue of additional Ordinary Shares or other classes of shares may be on more favourable terms than the Placing.

The Group may need to raise additional funds in the future to finance, amongst other things, expansion of the business or new developments relating to existing operations or new Acquisitions. If additional funds are raised through the issuance of new equity or equity-linked securities of the Company other than on a *pro rata* basis to existing Shareholders, the percentage ownership of the existing Shareholders may be reduced. Shareholders may also experience subsequent dilution (in both economic and voting terms) and such securities issued in the future may have preferred rights, options and pre-emption rights senior to the Ordinary Shares.

Shareholder approval is not required for the Company to create and issue additional classes of shares if required from time to time, including shares that may have superior voting rights to the Ordinary Shares, the right to receive dividends and other distributions in priority to those made on Ordinary Shares and that may have a liquidation preference in any winding-up of the Company. Save for the Sponsor Shares, no unlisted shares exist beyond Admission.

**20 Shareholders are subject to potential dilution from the incentivisation of management**

The Company has in place an incentivisation scheme through which James Corsellis (through his indirect interest in MLTI), Vin Murria OBE, Karen Chandler, Gavin Hugill and future members of management that may be employed by the Company will be rewarded for increases in shareholder value, subject to certain conditions and performance hurdles. The Incentive Shares are shares in IncentiveCo. Subject to the specified preferred return and at least one of the vesting conditions being met, the holders of the Incentive Shares will receive in aggregate 20 per cent. of the increase in value of the Company. Unless otherwise determined, the Company and the holders of the Incentive Shares have the right to exchange each Incentive Share for Ordinary Shares. If Ordinary Shares are to be issued in order to satisfy the incentivisation scheme, the existing Shareholders may face dilution. If so determined by the Company, the holders of Incentive Shares may receive cash, thereby reducing the Company's cash resources.

**21 The Warrants may result in up to 0.5 per cent. dilution for the Ordinary Shares**

The Warrants are exercisable only up until 4 December 2025 at £1.00 per Ordinary Share (subject to downwards adjustment and the winding-up of the Company). The exercise of the Warrants will result in a dilution of the Shareholders' interests if the value of an Ordinary Share exceeds the exercise price payable on the exercise of a Warrant at the relevant time. The potential for the issue of additional Ordinary Shares pursuant to exercise of the Warrants could have an adverse effect on the market price of the Ordinary Shares.

Any Warrants not exercised on or before 4 December 2025 will lapse without any payment being made to the holders of such Warrants. The Marwyn Shareholder has agreed, conditional upon Admission, to waive its rights to 2,500,000 Class A Warrants.

**22 A prospective Investor's ability to transfer any Placing Shares that it holds may be limited by certain ERISA, US Tax Code and other considerations.**

The Company will use commercially reasonable efforts to restrict the ownership and holding of its Shares so that none of its assets will constitute "plan assets" under the Plan Assets Regulations. The Company intends to impose such restrictions based on deemed representations. However, the Company cannot guarantee that the Ordinary Shares, the A Shares or the Warrants will not be acquired by Plan Investors.

If the Company's assets were deemed to be plan assets of an ERISA Plan: (i) the prudence and other fiduciary responsibility standards of ERISA would apply to assets of the Company, and (ii) certain transactions, including transactions that the Company may enter into, or may have entered into, in the ordinary course of business might constitute or result in non-exempt prohibited transactions under section 406 of ERISA or section 4975 of the US Tax Code and might have to be rescinded. A non-exempt prohibited transaction, in addition to imposing potential liability on fiduciaries of the ERISA Plan, may also result in the imposition of an excise tax on "parties in interest" (as defined in ERISA) or "disqualified persons" (as defined in the US Tax Code), with whom the ERISA Plan engages in the transaction. Governmental plans, certain church plans and non-US plans, while not subject to Title I of ERISA, section 4975 of the US Tax Code, or the Plan Asset Regulations, may nevertheless be subject to other state, local, non-US or other regulations that have similar effect.

However, these remedies may not be effective in avoiding characterisation of the Company's assets as "plan assets" under the Plan Assets Regulations and, as a result, the Company may suffer the consequences described above.

**23 *The ability of Overseas Shareholders to bring actions or enforce judgments against the Company, the Directors and the Proposed Directors may be limited.***

The ability of an Overseas Shareholder to bring or enforce an action against the Company may be limited under law. The Company is a company limited by shares incorporated in the British Virgin Islands. The rights of holders of Ordinary Shares are governed by BVI law and by the Articles. The rights of Warrantholders are governed by English law and the Warrant Instrument. These rights may differ from the rights of shareholders in corporations which are incorporated in other jurisdictions. An Overseas Shareholder may not be able to enforce a judgment against some or all of the Directors and/or the Proposed Directors. It may not be possible for an Overseas Shareholder to effect service of process upon the Directors and the Proposed Directors within the Overseas Shareholder's country of residence or to enforce against the Directors and the Proposed Directors judgments of courts of the Overseas Shareholder's country of residence based on civil liabilities under that country's securities laws. There can be no assurance that an Overseas Shareholder will be able to enforce any judgments in civil and commercial matters or any judgments under the securities laws of countries other than the UK against the Directors and the Proposed Directors or countries other than those in which judgment is made. In addition, English or other courts may not impose civil liability on the Directors and the Proposed Directors in any original action based solely on foreign securities laws brought against the Company or the Directors or the Proposed Directors in a court of competent jurisdiction in England or other countries.

**24 *Dividend payments on the Ordinary Shares are not guaranteed.***

The Company has not yet adopted a dividend policy. The Board will determine the appropriate dividend policy following the initial Acquisition. If the Company does decide to pay dividends, its ability to do so will be a function of its profitability and free cash flow. The Company can therefore give no assurance that it will be able to pay dividends going forward or as to the amount of such dividends, if paid.

**B. RISKS RELATED TO THE PLACING AND THE ADMISSION OF THE ORDINARY SHARES TO TRADING ON THE LONDON STOCK EXCHANGE**

**25 *There is no existing market for the Ordinary Shares and an active trading market for the Ordinary Shares may not develop or be sustained.***

Whilst the 700,000 Ordinary Shares have been listed on a Standard Listing since 4 December 2020, they are held by Marwyn and six former managers of Marwyn investee companies and have not been traded. Although the Company has applied to the London Stock Exchange for the Placing Shares to be admitted to standard listing segment of the Official List and to the London Stock Exchange for the Placing Shares to be admitted to trading on the Main Market, the Company can give no assurance that an active trading market for the Ordinary Shares will develop or, if developed, could be sustained following Admission. If an active trading market is not developed or maintained, the liquidity and trading price of the Ordinary Shares could be adversely affected.

**26 *Ordinary Shares may be subject to market price volatility and the market price of the Ordinary Shares may decline disproportionately in response to developments that are unrelated to the Company's operating performance.***

The Placing Price is not indicative of the market price of the Ordinary Shares following Admission. The market price of the Ordinary Shares may be volatile and subject to wide fluctuations. The market price of

the Ordinary Shares may fluctuate as a result of a variety of factors, including, but not limited to, those referred to in these Risk Factors, as well as period to period variations in operating results or changes in revenue or profit estimates by the Group, industry participants or financial analysts. The market price could also be adversely affected by developments unrelated to the Group's operating performance, such as the operating and share price performance of other companies that investors may consider comparable to the Group, speculation about the Group in the press or the investment community, unfavourable press, strategic actions by competitors (including acquisitions and restructurings), changes in market conditions, exchange rate fluctuations, regulatory changes and broader market volatility and movements. Any or all of these factors could result in material fluctuations in the price of Ordinary Shares, which could lead to investors getting back less than they invested or a total loss of their investment.

**27      *The proposed standard listing of the Ordinary Shares will afford Investors a lower level of regulatory protection than a premium listing.***

Application will be made for the Placing Shares to be admitted to a standard listing on the Official List. A standard listing will afford Investors in the Company a lower level of regulatory protection than that afforded to investors in companies with premium listings on the Official List, which are subject to additional obligations under the Listing Rules.

In particular, unless such approval is required by law or other regulatory process, or the holders of the Sponsor Shares require an Acquisition to be subject to Shareholder approval, Shareholders will not have the opportunity to vote on any Acquisition even if significant numbers of Ordinary Shares are being issued as consideration for that Acquisition. Subject to the rights of the holders of the Sponsor Shares, the Company does not expect that Shareholder approval will be required or obtained in connection with an Acquisition, and therefore, Investors will be relying on the Company's ability to evaluate its merits.

Further details regarding the differences in the protections afforded by a premium listing as against a standard listing are set out in the section entitled "Consequences of a Standard Listing" on page 21.

**28      *The FCA may decide to suspend the listing of the Ordinary Shares if the Company proposes making an Acquisition and the FCA determines that there is insufficient information in the market about that Acquisition.***

Chapter 5 of the Listing Rules provides that generally when a reverse takeover is announced or leaked, there will be insufficient information in the market about the proposed transaction and the listed company will be unable to assess accurately its financial position and inform the market appropriately, so suspension of trading in the listed company's securities will often be appropriate. The FCA has stated in public non-binding commentary that it will have regard to: (i) whether the target company is listed or trading elsewhere, (ii) the quality of the information that is available; and (iii) whether the issuer is able to fill any information gap at the time of announcing the terms of the transaction (generally by publishing a prospectus in relation to the enlarged group at the same time) in determining whether suspension is appropriate.

While the Company will not be subject to the requirements of Chapter 10 of the Listing Rules, the FCA retains a general power to suspend a company's securities where it considers it necessary to protect Investors. It may decide to exercise such power where the Company undertakes a transaction which, because of its size compared with the Company, would be a reverse takeover under Chapter 5.6. Applying the FCA's current, public non-binding commentary, the Company would only expect this to be the case if the transaction it was contemplating related to a target company which was not listed or trading elsewhere and the transaction became public prior to the time in which the Company was able to fill the information gap regarding its financial position.

If information regarding a significant proposed transaction were to leak to the market, or the Board considered that there were good reasons for announcing the transaction at a time when it is unable to provide the market with sufficient information regarding the impact of an Acquisition on its financial position, the FCA could suspend the Company's listing. Any such suspension would be likely to continue until sufficient financial information on the transaction is made public. Depending on the nature of the transaction (or proposed transaction) and the stage at which it is leaked or announced, it may take a substantial period of time to compile the relevant information, particularly where the target does not have financial or other information readily available which is comparable with the information a listed company would be expected to provide, and the period during which the Ordinary Shares would be suspended may therefore be significant. Furthermore, the Listing Rules provide that the FCA will generally cancel the listing of a listed company's securities when it completes a reverse takeover. If the FCA decided to cancel the Company's listing in such circumstances, the Company would expect to publish a prospectus and seek the simultaneous re-admission to listing at the time of completion of any such Acquisition but there is

no guarantee that such re-admission would be granted. A suspension or cancellation of the Company's Ordinary Shares would materially reduce liquidity in such shares which may affect an Investor's ability to realise some or all of its investment and/or the price at which such Investor can effect such realisation.

The process of re-admission may delay or jeopardise any potential future Acquisitions.

**29 *Investors may not be able to realise returns on their investment in Ordinary Shares within a period that they would consider to be reasonable.***

Investments in Ordinary Shares may be illiquid. There may be a limited number of Shareholders and this factor, together with the number of Placing Shares to be issued pursuant to the Placing, may contribute to infrequent trading in the Ordinary Shares on the London Stock Exchange and volatile price movements. Investors should not expect that they will necessarily be able to realise their investment in Ordinary Shares within a period that they would regard as reasonable. Accordingly, the Ordinary Shares may not be suitable for short-term investment. Admission should not be taken as implying that there will be an active trading market for the Ordinary Shares. Even if an active trading market develops, the market price for the Ordinary Shares may fall below the Placing Price.

**30 *Depository Interests***

Securities issued by non-UK or Channel Islands registered companies, such as the Company, cannot be held or transferred in the CREST system. However, to enable shareholders to settle such securities through the CREST system, a depository or custodian can hold the relevant securities and issue dematerialised Depository Interests representing the underlying shares which are held on trust for the holders of these Depository Interests.

*Voting and Other Rights*

Under the Articles, only those persons who are shareholders of record are entitled to exercise voting rights. Persons who hold Ordinary Shares in the form of Depository Interests will not be considered to be record holders of such shares that are on deposit with the Depository and, accordingly, will not be able to exercise voting rights. However, the Deed Poll provides that the Depository shall pass on, as far as it is reasonably able, rights and entitlements to vote. In order to direct the delivery of votes, holders of Depository Interests must deliver instructions to the Depository by the specified date.

In the ordinary course of events, the Company expects that holders of Depository Interests will be able to direct the Depository's exercise of the voting rights attaching to the corresponding shares held on deposit as described above. However, neither the Company nor the Depository can guarantee that holders of Depository Interests will receive the notice in time to instruct the Depository as to the delivery of votes in respect of Ordinary Shares represented by Depository Interests and it is possible that they will not have the opportunity to direct the delivery of votes in respect of such Ordinary Shares. In addition, persons who beneficially own Ordinary Shares that are registered in the name of a nominee must instruct their nominee to deliver votes on their behalf.

Neither the Company nor any nominee can guarantee that holders of Depository Interests will receive any notice of a solicitation of votes in time to instruct nominees to deliver votes on behalf of such holders and it is possible that holders of Depository Interests and other persons who hold Ordinary Shares through brokers, dealers or other third parties will not have the opportunity to exercise any voting rights.

Under the laws of the BVI, certain rights and remedies available under the BVI Business Companies Act (including the right to bring derivative actions and the rights to prevent unfair prejudice and unfair discrimination) are only available to registered shareholders of the Company. Holders of Depository Interests are not entitled to exercise such rights and remedies unless they become registered shareholders. The Depository is under no obligation, and is unlikely, to exercise such rights on behalf of holders of Depository Interests.

*Limitation of liability*

The Deed Poll contains provisions excluding and limiting the Depository's liability to holders of Depository Interests. For example, the Depository will not be liable to any holder of Depository Interests or any other person for liabilities in connection with the performance or non-performance of obligations under the Deed Poll or otherwise except as may result from its negligence or wilful default or the fraud of any custodian or agent which is not a member of its group unless it has failed to exercise reasonable care in the appointment and continued use and supervision of such custodian or agent. Furthermore, except in the case of personal injury or death, the Depository's liability to a holder of Depository Interests will be limited to the lesser of: (i) the value of shares and other deposited property properly attributable to the Depository Interests to

which the liability relates; and (ii) that proportion of £10 million which corresponds to the portion which the amount the Depository would otherwise be liable to pay to the holder of the Depository Interests bears to the aggregate of the amounts the Depository would otherwise be liable to pay all such holders in respect of the same act, omission or event which gave rise to such liability or, if there are no such amounts, £10 million. The Depository is entitled to charge fees and expenses for the provision of its services under the Deed Poll without passing any profit from such fees to holders of Depository Interests.

*Indemnification*

Each holder of Depository Interests is liable to indemnify the Depository and any custodian (and their agents, officers and employees) against all costs and liabilities arising from or incurred in connection with, or arising from any act related to, the Deed Poll so far as they relate to the property held for the account of Depository Interests held by that holder, other than those resulting from the wilful default, negligence or fraud of the Depository, or the custodian or any agent, if such custodian or agent is a member of the Depository's group, or, if not being a member of the same group, the Depository has failed to exercise reasonable care in the appointment and continued use and supervision of such custodian or agent.

31 ***The Company is not, and will not following Admission, be subject to the Takeover Code***

As a company incorporated in the BVI, the Company will not be subject to the Takeover Code. As a result, certain protections that are afforded to shareholders under the Takeover Code, for example in relation to a takeover of the Company or certain stake-building activities by shareholders, do not apply to the Company.

## CONSEQUENCES OF A STANDARD LISTING

Application will be made for the Placing Shares to be admitted to listing on the Official List pursuant to Chapter 14 of the Listing Rules, which sets out the requirements for standard listings. The Company complies with the Listing Principles set out in Chapter 7 of the Listing Rules. In addition, the Company complies with the Premium Listing Principles set out in Chapter 7 of the Listing Rules, notwithstanding that they only apply to companies which obtain a premium listing on the Official List. The Company is not, however, formally subject to such Premium Listing Principles and will not be required to comply with them by the FCA.

In addition, while the Company has a standard listing, it is not required to comply with the provisions of, among other things:

- Chapter 8 of the Listing Rules regarding the appointment of a listing sponsor to guide the Company in understanding and meeting its responsibilities under the Listing Rules in connection with certain matters. The Company has not and does not intend to appoint such a sponsor in connection with the Placing and Admission;
- Chapter 9 of the Listing Rules regarding continuous obligations for a company with a premium listing;
- Chapter 10 of the Listing Rules relating to significant transactions. It should be noted therefore that, notwithstanding that the holders of Sponsor Shares may require an Acquisition to be subject to Shareholder approval, no Acquisition will require Shareholder consent even if significant numbers of Ordinary Shares are being issued as consideration for an Acquisition. The Company may however have its listing cancelled or suspended in the event of a reverse takeover, as described in the "Risk Factors" section of this Prospectus;
- Chapter 11 of the Listing Rules regarding related party transactions. It should be noted therefore that, subject to the right of the holders of Sponsor Shares to require that any related party transaction be subject to Shareholder approval, related party transactions will not require Shareholder consent;
- Chapter 12 of the Listing Rules regarding purchases by the Company of its Ordinary Shares. The Company has not adopted a policy consistent with the provisions of Listing Rules 12.4.1 and 12.4.2. Subject to the right of the holders of the Sponsor Shares to require that any purchase of Ordinary Shares be subject to a Special Resolution of Members, the Company will have unlimited authority to purchase Ordinary Shares; and
- Chapter 13 of the Listing Rules regarding the form and content of circulars issued to Shareholders.

**It should be noted that the FCA will not have the authority to (and will not) monitor the Company's compliance with any of the Premium Listing Principles which the Company has indicated herein that it complies with on a voluntary basis, nor to impose sanctions in respect of any failure by the Company to so comply.**

### **Selling and transfer restrictions**

Prospective Investors should consider (to the extent relevant to them) the notices to residents of various countries set out in Part IV of this document.

### **Enforcement of judgments**

The Company is incorporated under the laws of the British Virgin Islands. It may not be possible for an Overseas Shareholder to effect service of process upon the Directors or the Proposed Directors within the Overseas Shareholder's country of residence or to enforce against the Directors and/or the Proposed Directors judgments of courts of the Overseas Shareholder's country of residence based on civil liabilities under that country's securities laws. There can be no assurance that an Overseas Shareholder will be able to enforce any judgments in civil and commercial matters or any judgments under the securities laws of countries other than the UK against the Directors and/or the Proposed Directors or countries other than those in which judgment is made. In addition, English or other courts may not impose civil liability on the Directors and/or the Proposed Directors in any original action based solely on foreign securities laws brought against the Company or the Directors and/or the Proposed Directors in a court of competent jurisdiction in England or other countries.

### **Data protection**

The information that a prospective Investor provides in documents in relation to a purchase of the Placing Shares or subsequently by whatever means which relates to the prospective Investor (if it is an individual) or a third party individual ("**personal data**") will be held and processed by the Company (and any third party to whom it may delegate certain administrative functions in relation to the Company) in compliance with the relevant data protection legislation and regulatory requirements of the UK. Such information will be held and processed by the Company (or any third party, functionary or agent appointed by the Company) for the following purposes:

- verifying the identity of the prospective Investor to comply with statutory and regulatory requirements in relation to anti-money laundering procedures;
- contacting the prospective Investor with information about other products and services provided by the Company, or its affiliates, which may be of interest to the prospective Investor;
- carrying out the business of the Company and the administering of interests in the Company;
- meeting the legal, regulatory, reporting and/or financial obligations of the Company in England and Wales or elsewhere; and
- disclosing personal data to other functionaries of, or advisers to, the Company to operate and/or administer the Company.

Where appropriate it may be necessary for the Company (or any third party, functionary or agent appointed by the Company) to:

- disclose personal data to third party service providers, agents or functionaries appointed by the Company to provide services to prospective Investors; and
- transfer personal data outside of the UK to countries or territories which do not offer the same level of protection for the rights and freedoms of prospective Investors as the UK.

If the Company (or any third party, functionary or agent appointed by the Company) discloses personal data to such a third party, agent or functionary and/or makes such a transfer of personal data it will use

reasonable endeavours to ensure that any third party, agent or functionary to whom the relevant personal data are disclosed or transferred is contractually bound to provide an adequate level of protection in respect of such personal data.

In providing such personal data Investors will be deemed to have agreed to the processing of such personal data in the manner described above. Prospective Investors are responsible for informing any third party individual to whom the personal data relates of the disclosure and use of such data in accordance with these provisions.

### **Investment considerations**

In making an investment decision, prospective Investors must rely on their own examination of the Company, this document and the terms of the Placing, including the merits and risks involved. The contents of this document are not to be construed as advice relating to legal, financial, taxation, investment decisions or any other matter. Prospective Investors should inform themselves as to:

- the legal requirements within their own countries for the purchase, holding, transfer or other disposal of the Placing Shares;
- any foreign exchange restrictions applicable to the purchase, holding, transfer or other disposal of the Placing Shares which they might encounter; and
- the income and other tax consequences which may apply in their own countries as a result of the purchase, holding, transfer or other disposal of the Placing Shares.

Prospective Investors must rely upon their own representatives, including their own legal advisers and accountants, as to legal, tax, investment or any other related matters concerning the Company and an investment therein.

An investment in the Company should be regarded as a long-term investment. There can be no assurance that the Company's objective will be achieved.

It should be remembered that the price of the Placing Shares, and any income from such Placing Shares, can go down as well as up. Prospective Investors should carefully consider whether an investment in Placing Shares is suitable for them in light of their circumstances and financial resources and should be able and willing to withstand the loss of their entire investment (see Risk Factors).

Prospective Investors contemplating an investment in the Placing Shares should recognise that the market value of the Placing Shares can fluctuate and may not always reflect their underlying value. Returns achieved are reliant upon the performance of the Group. No assurance is given, express or implied, that Investors will receive back the amount of their investment in the Placing Shares.

This document should be read in its entirety before making any investment in the Placing Shares. All Shareholders are entitled to the benefit of, are bound by, and are deemed to have notice of, the provisions of the Articles, which prospective Investors should review.

All holders of Depository Interests are entitled to the benefit of, are bound by, and are deemed to have notice of, the provisions of the Deed Poll, which Investors should review.

### **Forward-looking statements**

This document includes statements that are, or may be deemed to be, "forward-looking statements". In some cases, these forward-looking statements can be identified by the use of forward-looking terminology, including the terms "targets", "believes", "estimates", "anticipates", "expects", "intends", "may", "will", "should", "seek", "plan", "could", or, in each case, their negative or other variations or comparable terminology. They appear in a number of places throughout the document and include statements regarding the intentions, beliefs or current expectations of the Company and the Board concerning, among other things: (i) the Company's objective, acquisition and financing strategies, returns of capital, results of operations, financial condition, capital resources, prospects, capital appreciation of the Placing Shares and dividends, (ii) future deal flow and implementation of active management strategies, and (iii) trends in the software sector. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. Forward-looking statements are not guarantees of future performance. The Company's actual performance, results of operations, internal rate of return, financial condition, distributions to Shareholders and the development of its financing strategies may differ materially from the impression created by the forward-looking statements contained in this document. In addition, even if the Company's actual performance, results of operations, internal rate of return, financial condition, distributions to Shareholders and the development of its financing

strategies are consistent with the forward-looking statements contained in this document, those results or developments may not be indicative of results or developments in subsequent periods. Important factors that may cause these differences include, but are not limited to:

- the Company's ability to source Acquisition opportunities and other transactions and to propose effective growth strategies for any company the Company acquires;
- changes in economic conditions generally (and specifically in the market in which any Acquisition is made);
- changes in interest rates and currency fluctuations, as well as the success of the Company's hedging strategies in relation to such changes and fluctuations (if such strategies are in fact used);
- impairments in the value of the Company's assets;
- legislative and/or regulatory changes, including changes in taxation regimes;
- the Company's ability to invest the cash on its balance sheet and the proceeds of the Placing in an Acquisition on a timely basis;
- the availability and cost of debt capital to finance any Acquisition; and
- the issuance of additional equity securities to finance any Acquisition.

Prospective Investors should carefully review the "Risk Factors" section of this document for a discussion of additional factors that could cause the Company's actual results to differ materially, before making an investment decision. For the avoidance of doubt, nothing in this section constitutes a qualification of the working capital statement contained in paragraph 14 of Part VI.

Forward-looking statements contained in this document apply only as at the date of this document. Subject to any obligations under the Listing Rules, the Disclosure Guidance and Transparency Rules and the Prospectus Regulation Rules, the Company undertakes no obligation publicly to update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

The Company was incorporated on 31 July 2020 in accordance with the laws of the British Virgin Islands with an indefinite life. The Company is domiciled in the United Kingdom (i.e. the Company is tax resident in the United Kingdom by virtue of being centrally managed and controlled in the United Kingdom).

The Company is authorised to issue three classes of shares, the Ordinary Shares, the Sponsor Shares, and the A Shares (unlisted shares which provide flexibility to rapidly raise capital). The Company will also be authorised to issue any additional classes of shares as required (as further described in paragraph 6 of Part VI of this Prospectus). It is intended that the New Shares will be admitted by the FCA to a Standard Listing on the Official List in accordance with Chapter 14 of the Listing Rules and to trading on the London Stock Exchange's Main Market.

The Marwyn Shareholder will subscribe for 17,500,000 Ordinary Shares, representing 13.1 per cent. of the Ordinary Share capital of the Company, at the Placing Price.

Vin Murria OBE will subscribe for 17,500,000 Ordinary Shares, representing 13.1 per cent. of the Ordinary Share capital of the Company, at the Placing Price

At the date of this document, there are 2,500,000 A Shares in issue which will all convert to Ordinary Shares on Admission. Therefore, no A shares will be in issue upon Admission, however if further A Shares are issued after Admission then application will be made to the FCA for any Ordinary Shares subsequently arising from the conversion of those A Shares to be admitted to a Standard Listing on the Official List in accordance with the Company's obligations under LR 2.2.9.

The Marwyn Shareholder has agreed, conditional upon Admission to waive its rights to 2,500,000 Class A Warrants.

### **2 COMPANY OBJECTIVE**

The Company has been formed for the purpose of effecting a merger, share exchange, asset acquisition, share or debt purchase, reorganisation or similar business combination with one or more businesses.

The Company's objective is to generate attractive long term returns for shareholders and to enhance value by supporting sustainable growth, acquisitions and performance improvements within the acquired companies.

### **3 THE MARKET OPPORTUNITY**

#### *3.1 Digitalisation of Business Processes*

Over the past quarter of a century companies across all sectors have increasingly adopted new digital technologies to optimise business processes and operations. Implementing these new technologies has become central to driving cost efficiencies and gaining a competitive advantage in a digital world, where sectors and businesses with the highest level of digitalisation display the largest productivity growth.

Despite the opportunities presented by digitalisation, pre Covid-19 adoption of new technologies by businesses and consumers was in part restricted by the willingness of companies to invest in and adopt new systems and technologies.

The global restrictions caused by Covid-19 have helped to break down these barriers and forced businesses to become more agile which has considerably accelerated digitalisation. Despite spending cuts by businesses due to the Covid-19 pandemic, spending on digital transformation has increased as organisations rapidly adapt their business models. A McKinsey study<sup>1</sup> found that businesses have accelerated the digitalisation of their customer and supply-chain interactions and of their internal operations by three to four years.

The Directors and the Proposed Directors believe the trend to increased digitalisation of business processes and operations described above will continue as we return to a new normal, as businesses seek to maintain competitiveness and ensure productivity. Businesses providing software and tools enabling digitalisation will therefore be expected to maintain an increased demand for their products.

#### *3.2 The Software Opportunity*

---

<sup>1</sup> <https://www.mckinsey.com/business-functions/strategy-and-corporate-finance/our-insights/how-covid-19-has-pushed-companies-over-the-technology-tipping-point-and-transformed-business-forever>

The Directors and the Proposed Directors have significant experience in the software sector having invested in and/or operated a range of high performing software businesses. The Directors have successfully driven operational excellence within these businesses to deliver organic growth and have a track record of carrying out targeted accretive M&A in the software sector having completed more than 40 bolt-on acquisitions.

The Directors and the Proposed Directors believe the investment opportunities continue to exist in the software sector and that the targets within this sector are fundamentally attractive as they commonly exhibit the following characteristics:

Software business characteristics	Why it's attractive
High recurring revenue	Resilient business models
Sticky customer base	Low customer churn
High free cash flow	Generates M&A firepower
Extensive cross and up-sell opportunities	Scalable with economies of scale
High barriers to entry	Defensive
Founder-owned businesses	Consolidation opportunity

The Directors and the Proposed Directors will look to acquire businesses in the software sector, which exhibit the above characteristics and where their considerable experience investing in and operating high performing software businesses can be applied to improve and grow the acquired targets.

### 3.3 Use of Public Markets

The Directors and the Proposed Directors believe that leading investors are now embracing the use of public markets to deploy significant amounts of capital through listed acquisition companies and blue chip institutional investors have started supporting listed acquisition companies both pre and post-acquisition. Likewise, vendors are increasingly pursuing transactions with listed acquisition companies to access public markets.

Whilst the Directors and the Proposed Directors believe the Company's structure provides an attractive alternative route to the public markets versus a conventional IPO, the Directors' demonstrable track record of success has been achieved through working in partnership with vendors and management through the listing process and helping them to deliver significant growth in equity value, for all Shareholders, following the initial Acquisition.

## 4 BUSINESS STRATEGY AND EXECUTION

The Company will seek to identify situations where a combination of management expertise, improving operating performance, freeing up cashflow for investment and implementation of a focused buy and build strategy can unlock growth in their core markets and often into new territories and adjacent sectors.

### Target Company Scenarios

The Company will consider a broad range of investment opportunities including:

- Acquisitions of private companies
- Public offers for, and mergers with, existing listed businesses
- Spinouts/de-mergers from listed companies

- Acquisitions in partnership with existing financial sponsors and/or lenders

### **Capital Markets and Financing Strategy**

The Company and its share structure have been designed to facilitate a broad range of future transaction and financing scenarios with the aim of: (a) improving the speed and certainty of execution; and (b) reducing risk to the Company and to investors' capital.

Committed Acquisition Capital: following the Fundraise, the Company will have significant committed acquisition capital available to fund an initial Acquisition. The Company has the discretion to deploy this capital without requiring a shareholder vote and, depending on the size of the target being acquired, may be in a position to complete the Acquisition without requiring any further acquisition financing or a further equity capital raise.

Flexible Share Capital Structure: the Company has the ability to make acquisitions and raise additional capital through the private issuance of listed or unlisted shares to provide financing for transactions. The share rights attaching to any additional class of share that is issued in connection with such a public or private placement will be determined by Board as it considers to be in the best interests of the Company at the time of issue, in accordance with the Memorandum and Articles.

The Company will not require the approval of holders of Ordinary Shares in connection with any further raise of committed acquisition capital or any other private issuance of listed or unlisted shares.

Following an initial Acquisition, the Company would intend to seek re-admission of the enlarged Group to listing on the Official List and trading on the London Stock Exchange or admission to AIM or an alternative internationally recognised securities trading platform or stock exchange.

## **5 THE COMPANY'S COMPETITIVE STRENGTHS**

### **Investing and Public Market Experience**

The Directors have significant experience executing transactions using listed acquisition vehicles on the London Stock Exchange.

Vin Murria OBE is an experienced executive and has operated and/or advised public companies for over 30 years. Vin is the founder and former CEO of Advanced Computer Software Group Plc, a London Stock Exchange listed acquisition vehicle that delivered total shareholder return of almost 1,100%. Prior to this Vin was the CEO of Computer Software Group Plc and COO of Kewill Systems Plc which were both acquisitive public software companies. Vin completed over 40 acquisitions of software businesses during her time at these three companies.

Marwyn has been executing a consistent strategy since 2005, launching 11 comparable acquisition vehicles that have gone on to acquire platform businesses and subsequently making 83 acquisitions, and, to the best of the Directors' knowledge, have successfully launched more listed acquisition vehicles than any other financial sponsor globally.

### **8 MARWYN**

Marwyn Investment Management LLP and related entities ("**Marwyn**") is led by James Corsellis and Mark Brangstrup Watts, and employs 18 partners and staff based in London and Jersey. Marwyn is a private equity investor specialising in the use of listed acquisition companies.

As an experienced long-term investor, Marwyn provides both cornerstone and follow-on equity capital to its listed acquisition companies and takes an active approach, alongside management, to value creation, assisting in the strategy execution, M&A and key corporate actions and shareholder liaison and communication. Additionally, Marwyn typically provides its companies with a wide range of support including ongoing operating infrastructure as well as financial and transactional capabilities.

Over the last 15 years, Marwyn, together with various management teams, has launched 11 separate comparable acquisition vehicles that have gone on to complete platform acquisitions, through which approximately £3.5 billion of equity consideration and equity capital has been raised from Marwyn and third-party investors to complete acquisitions and approximately £8.1 billion has been returned to all public equity investors, generating approximately £4.6 billion of equity profits.

### **9 COMPENSATION STRATEGY**

The Company has put in place the Long Term Incentive Plan to ensure an alignment with all Shareholders, and which reflects the high competition for the best executive management, often against private equity firms offering these executives carried interest structures and other structures commonly found in SPACs.

The general principles of the Company's compensation strategy are to be:

- Proportionate: to role and risk being taken by the participant and reflecting the participants' value to delivering outstanding, sustainable shareholder returns;

- **Transparent:** the compensation structure and its associated terms should be transparent to investors and the impact of the scheme clearly communicated to investors on an ongoing basis;
- **Performance Based:** minimum performance criteria should be based on all equity issuance over the lifetime of the relevant measurement period, subject to minimum preferred returns and based only on a share of equity profits generated; and
- **Drive Sustainable Value Creation:** incentive arrangements should be structured to encourage the creation of sustainable returns over the long term through long term vesting and a lengthy performance measurement period.

The base terms of the Company's Long Term Incentive Plan are:

- The Long Term Incentive Plan is performance based and enables the participants to receive a profit share of up to a maximum value of 20 per cent. of equity profits generated for shareholders, based on the long term performance of the Company's shares;
- The value of the profit share is calculated on the growth in equity value generated for shareholders, subject to a minimum annual preferred return of 7.5 per cent. and taking into account the performance of all equity issued, including share consideration, and adjusted for dividends and capital returns for the period from Admission through to the point of exercise; and
- Participants may exercise their rights under the Plan only between the third and seventh anniversary of the initial Acquisition or otherwise on an Exit or Distribution.

Vin Murria OBE, Karen Chandler, Gavin Hugill and MLTI will be the only participants of the LTIP upon on Admission, but it is the expectation that the LTIP will ultimately include senior executives of the acquired companies. These awards cannot include the reduction of any of the base terms detailed above and may include additional customary terms including, but not limited to, additional service and performance criteria as well as lock up, malus and claw back provisions.

## **PART II - CORPORATE GOVERNANCE AND SHAREHOLDER ALIGNMENT**

### **1 CORPORATE GOVERNANCE**

#### **1.1 The Board**

The Board is responsible for leading and controlling the Company and has overall authority for the management and conduct of its business, strategy and development. The Board is also responsible for ensuring the maintenance of a sound system of internal controls and risk management (including financial, operational and compliance controls) and for reviewing the overall effectiveness of systems in place as well as for the approval of any changes to the capital, corporate and/or management structure of the Company.

#### **1.2 Board Committees**

As at the date of this document, given the size and nature of the Company, the Board has not established any committees and intends to make decisions as a whole. If the need should arise in the future, for example following any Acquisition, the Board may set up committees as appropriate.

#### **1.3 Corporate Governance**

As at the date of this document, the Company complies with the corporate governance regime applicable to the Company pursuant to the laws of the British Virgin Islands.

The Company is currently required to comply with the Listing Principles set out in Chapter 7 of the Listing Rules. In addition, the Company complies with the Premium Listing Principles set out in Chapter 7 of the Listing Rules, notwithstanding that they only apply to companies which obtain a premium listing on the Official List.

As a company with a Standard Listing, the Company is not required to comply with the provisions of the UK Corporate Governance Code. Nevertheless, the Board is committed to maintaining high standards of corporate governance and will consider whether to voluntarily adopt and comply with the UK Corporate Governance Code as part of any Acquisition, taking into account the Company's size and status at that time.

The Company currently complies with the following principles of the UK Corporate Governance Code:

- The Company will be led by an effective and entrepreneurial Board, whose role is to promote the long-term sustainable success of the Company, generating value for shareholders and contributing to wider society.
- The Board will ensure that it has the policies, processes, information, time and resources it needs in order to function effectively and efficiently.
- The Board will ensure that the necessary resources are in place for the company to meet its objectives and measure performance against them.

Following an Acquisition, subject to eligibility, the Directors and the Proposed Directors may seek to transfer the Company from a Standard Listing to either a Premium Listing, a quotation on AIM and/or a listing or quotation on another other appropriate stock exchange, based on the optimal listing for the company or business it acquires, subject to fulfilling the relevant eligibility criteria at the time. Following any such Premium Listing, the Company would be required to comply with the continuing obligations contained within the Listing Rules in the same manner as any other company with a Premium Listing. Following any such AIM quotation, the Company would adopt and comply with the Corporate Governance Code published by the Quoted Companies Alliance. The Company would continue to be subject to the Disclosure Guidance and Transparency Rules and the Market Abuse Regulation.

### **2 CONFLICTS OF INTEREST**

#### ***General***

Potential areas for conflicts of interest in relation to the Company include:

- Marwyn, James Corsellis and Vin Murria OBE are, and may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by the Company, including other entities established with a similar objective to that of the Company.
- Marwyn may have a conflict of interest with respect to evaluating a particular acquisition opportunity if the retention or resignation of James Corsellis as a director of the Company were included by a target

business as a condition to any agreement with respect to the Acquisition.

- In the course of their respective business activities, Marwyn, James Corsellis or Vin Murria OBE may become aware of investment and business opportunities which may be appropriate for presentation to the Company as well as the other entities with which they are affiliated. James Corsellis or Vin Murria OBE may have conflicts of interest in determining to which entity a particular business opportunity should be presented.

Accordingly, as a result of these multiple business affiliations, James Corsellis and Vin Murria OBE may have similar legal obligations to present business opportunities to multiple entities. In addition, conflicts of interest may arise when James Corsellis or Vin Murria OBE evaluate a particular business opportunity.

As well as being a director of the Company, James Corsellis is also a Managing Partner of Marwyn Capital and beneficially interested in the Marwyn Shareholder. James Corsellis owes fiduciary duties to such entities and to other companies, whose boards of directors he may join in the future.

Immediately following Admission, the Marwyn Shareholder will be beneficially entitled to 20,525,000 Ordinary Shares, representing 15.4 per cent. of the issued Ordinary Shares of the Company, together with 525,000 Ordinary Warrants, 2,500,000 Class A Warrants and one Sponsor Share. The Marwyn Shareholder has agreed, conditional upon Admission, to waive its rights to 2,500,000 Class A Warrants.

In addition, James Corsellis has indirectly subscribed for Incentive Shares in the IncentiveCo by virtue of his interests in MLTI. James Corsellis is one of the principal beneficiaries of MLTI. Details of the Incentive Shares are set out in paragraph 3 of this Part II.

The Company has also entered into a corporate services and advisory agreement with Marwyn Capital (the "**Corporate Services and Advisory Agreement**"). Further details of the Corporate Services and Advisory Agreement are set out in paragraph 13(a)(ii) of Part VI of this document.

The Marwyn Shareholder has established and invested in other entities and may do so again in the future. These entities may have overlapping or even identical strategies and James Corsellis is, and be may be, a director of such entities.

Vin Murria OBE is Chairman of Summerway Capital PLC which is an AIM quoted acquisition company with an investment policy to invest in software, Software-as-a-Service ("SaaS") and digital technologies and services sectors.

Either Vin Murria OBE or James Corsellis may have a conflict of interest in determining to which entity a particular business opportunity should be presented and business opportunities may be offered to, or taken up by, other entities in advance of the Company.

Antoinette Vanderpuije is a partner of Marwyn Capital and beneficially interested in the Marwyn Shareholder and an indirect beneficiary of the Long Term Incentive Plan as well as being the Company Secretary of the Company.

### **Conflicts of interest limitations**

Marwyn has in place a conflicts of interest policy which contains details of the procedures it follows in order to avoid, minimise and manage conflicts or potential conflicts arising between itself and the Company. Marwyn is structured and organised in a way so as to minimise the risks of the Company's interests being prejudiced by conflicts of interest and will, wherever possible, try to ensure that a conflict of interest does not arise. The conflicts of interest policy enables Marwyn to identify and document conflicts of interest on an ongoing basis and includes controls, such as documented investment and review processes, to manage any such identified conflicts. Conflicts of interest which are of an ongoing nature are reviewed by Marwyn's compliance team as part of their ongoing monitoring responsibilities.

The Directors and the Proposed Directors will be responsible for the sourcing of, and negotiations in respect of future acquisition opportunities. To the extent a potential conflict arises in relation to such opportunity, no Director will be permitted to take such opportunity to another vehicle without the consent of the other Directors.

The Directors and the Proposed Directors will seek to mitigate or resolve any conflict of interest that has been identified and will take appropriate action to do so. This may involve the implementation of additional control measures or by seeking the parties' informed consent to such conflict.

Conflicts of interest which are of an ongoing nature are reviewed by Marwyn's compliance team as part of their ongoing monitoring responsibilities.

Conflicts of interest which arise through employees' interests outside of Marwyn's business interests,

such as executive and non-executive directorships, family trusts or other trusteeships, governorships and advisory roles are subject to the approval of Marwyn's compliance officer, who may refuse or approve such interests by making suitable arrangements to manage such conflicts.

The conflicts of interest policy is reviewed by senior management at Marwyn at least once a year.

### 3 SHARE INCENTIVE ARRANGEMENTS

The Company has put in place the Long Term Incentive Plan to ensure an alignment with all Shareholders, and which reflects the high competition for the best executive management talent.

The long term incentive arrangements will only reward the participants if shareholder value is created. This ensures alignment of the interests of Management, Marwyn (in which James Corsellis is beneficially interested through his indirect interest in MLTI) directly with those of Shareholders.

The arrangements are structured as set out below.

#### *Incentive Shares*

MLTI, Gavin Hugill, Karen Chandler and Vin Murria have subscribed for redeemable A ordinary shares of £0.01 each in IncentiveCo ("**Incentive Shares**"). The Marwyn founders, James Corsellis and Mark Brangstrup Watts, indirectly own Incentive Shares by virtue of their indirect interest in MLTI and are the principal beneficiaries of MLTI. At the date of this document, MLTI, Gavin Hugill, Karen Chandler and Vin Murria OBE hold Incentive Shares entitling them in aggregate to 100 per cent. of the Incentive Value.

Future senior members of management that may be employed by the Company may be offered the right to acquire further Incentive Shares.

The issue of Incentive Shares to members of senior management subsequent to the date of this Prospectus will be dilutive to the interests of existing Management holders of Incentive Shares (but not MTLI), however the Incentive Value of the Plan in aggregate will not increase.

#### *Preferred Return*

The incentive arrangements are subject to the Company's shareholders achieving a preferred return of at least 7.5 per cent. per annum on a compounded basis on the capital they have invested from its date of investment or 4 December 2020 (for the initial capital invested prior to the Company's initial public offering) through to the date of exercise (with dividends and returns of capital being treated as a reduction in the amount invested at the relevant time) (the "**Preferred Return**").

#### *Incentive Value*

Subject to a number of provisions detailed below, if the Preferred Return and at least one of the vesting conditions have been met, the holders of the Incentive Shares can give notice to redeem their Incentive Shares for Ordinary Shares for an aggregate value equivalent to 20 per cent. of the "Growth", where Growth means the excess of the total equity value of the Company and other shareholder returns over and above its aggregate paid up share capital (20 per cent. of the Growth being the "**Incentive Value**"). Of that Incentive Value, 15 per cent. of the Growth will be shared between Management holders of the Incentive Shares and 5 per cent. of the Growth will accrue to MLTI.

Save where vesting is as a result of an in-specie distribution, or as a result of aggregate cash dividends and cash capital returns to the Company's Shareholders being greater than or equal to aggregate subscription proceeds received by the Company, the total equity value of the Company is based on the live takeover offer, sale price or merger value, or, absent such an exit event, the market value of the Company based on the preceding 30 day volume weighted average price of the Ordinary Shares (excluding any trades made by persons discharging managerial responsibility or persons closely associated with them). Where vesting is as a result of an in-specie distribution or as a result of aggregate cash dividends and cash capital returns to the Company's Shareholders being greater than or equal to aggregate subscription proceeds received by the Company, the total equity value of the Company is based on the post-distribution market value. Shareholder returns take account of prior dividends and other capital returns to shareholders.

The value of the Incentive Shares is reduced to the extent that their value would otherwise prevent Shareholders from achieving the Preferred Return.

#### *Redemption / Exercise*

Unless otherwise determined and subject to the redemption conditions having been met, the Company and the holders of the Incentive Shares have the right to exchange each Incentive Share for Ordinary Shares, which will be dilutive to the interests of the holders of Ordinary Shares. However, if the Company

has sufficient cash resources and the Company so determines, the Incentive Shares may instead be redeemed for cash. It is currently expected that in the ordinary course Incentive Shares will be exchanged for Ordinary Shares. However, the Company retains the right to redeem the Incentive Shares for cash instead. Circumstances where the Company may exercise this right include, but are not limited to, where the Company is not authorised to issue additional Ordinary Shares or on the winding-up or takeover of the Company.

Any holder of Incentive Shares who exercises their Incentive Shares prior to other holders is entitled to their proportion of the Incentive Value to the date that they exercise but no more. Their proportion is determined by the number of Incentive Shares they hold relative to the total number of issued shares of the same class.

#### *Vesting conditions*

The Incentive Shares are subject to certain vesting conditions, at least one of which must be (and continue to be) satisfied in order for a holder of Incentive Shares to exercise its exchange or redemption right. The vesting conditions for the Incentive Shares are as follows:

- (i) it is later than the third anniversary of the initial Acquisition;
- (ii) a sale of all or substantially all of the revenue or net assets of the business of IncentiveCo in combination with the distribution of the net proceeds of that sale to the Company and then to its Shareholders;
- (iii) a sale of all of the issued ordinary shares of IncentiveCo or a merger of IncentiveCo in combination with the distribution of the net proceeds of that sale or merger to the Company's Shareholders;
- (iv) where by corporate action or otherwise, the Company effects an in-specie distribution of all or substantially all of the assets of the Group to the Company's Shareholders;
- (v) aggregate cash dividends and cash capital returns to the Company's Shareholders are greater than or equal to aggregate subscription proceeds received by the Company;
- (vi) a winding up of the IncentiveCo; or
- (vii) a sale, merger or change of control of the Company.

Notwithstanding the above, if any of the vesting conditions described at (ii) to (vii) above is satisfied before the third anniversary of the initial Acquisition, the Incentive Shares will be treated as having vested in full.

#### *Compulsory redemption*

If the Preferred Return is not satisfied on the seventh anniversary of the date of the initial Acquisition, the Incentive Shares must be sold to the Company or, at its election, redeemed by IncentiveCo, in both cases at a price per Incentive Share equal to 1 pence, unless and to the extent that the Company's remuneration committee (once established) determines otherwise.

#### *Leaver, lock-in and clawback provisions*

In addition to the vesting conditions above, members of Management who have subscribed for Incentive Shares have agreed to lock-in periods, leaver provisions, and clawback provisions, in relation to the Incentive Shares they have acquired. It is expected similar provisions would be required from future members of senior management who may acquire Incentive Shares.

Vin Murria OBE, Karen Chandler and Gavin Hugill have agreed that their Incentive Shares will vest on a straight line basis over 3 years from Admission, save on an exit event when the Incentive Shares will vest in full. If either is deemed a good leaver, he or she will keep their vested Incentive Shares, but otherwise they will lose all of the Incentive Shares upon departure from the Group. Either the Ordinary Shares received upon exercise of the Incentive Shares and/or the remaining Incentive Shares held by Vin Murria OBE, Karen Chandler or Gavin Hugill may be clawed back if the holder commits: (i) gross misconduct, (ii) fraud (iii) a criminal act, or (iv) a material breach of any post termination covenants or restrictions in the holder's contract with the Company (if applicable), in each case as determined by the Board in its absolute discretion; or if the Company materially restate the audited consolidated accounts of the Group (excluding for any reason of change in accounting practice or accounting standards) and the remuneration committee of the Company (acting in good faith) concludes that, had such audited consolidated accounts been correct at the time of exchange of such Incentive Shares, such holder would not have received the full payment to which he or she was owed (or the full number of Ordinary Shares he or she was issued). In such circumstances, it is also possible for the remuneration committee to require such holder to pay to the Company or IncentiveCo an amount equal to any cash received by him or her in exchange for some or all

of his or her Incentive Shares together with the net proceeds of the sale of any securities received by him or her (i.e. through a distribution in specie) less any tax paid or payable.

All holders of the Incentive Shares at the date of this document have agreed that if they exchange some or all of their Incentive Shares for an allotment of Ordinary Shares, they shall not be permitted to enter into any agreement to give effect to any transfer of the Ordinary Shares so allotted at any time during the period of 12 months and one day following the date of such allotment save in certain limited circumstances.

### **PART III - HISTORICAL FINANCIAL INFORMATION**

The historical financial information of the Group (including the notes to the historical financial information) for the financial year ended 31 October 2020 as set out in Part III of the December Prospectus is incorporated by reference into, and forms part of, this Part III of this Prospectus.

For a cross-reference list of the relevant sections of such documents being incorporated by reference, refer to paragraph 20 of Part VI of this document.

## **PART IV - THE PLACING**

### **1 THE PLACING**

This Part IV should be read in conjunction with the sections headed "Expected Timetable of Principal Events" and "Fundraising Statistics" on pages 26 and 27 of this document.

The Placing comprises an offer of 94,800,000 Placing Shares at the Placing Price. The Placing Price is payable in full in cash on acceptance.

At the date of this document, the Company is in receipt of irrevocable Placing Letters from Placees (which contain a customary condition that the Placing Agreement is entered into and has become unconditional in all respects (save for any condition relating to Admission) and not having been terminated in accordance with its terms). Pursuant to the Placing Letters, the Placees have agreed to subscribe for 94,800,000 Placing Shares in aggregate (amounting to gross proceeds equal to £94,800,000).

The net proceeds to the Company amount to approximately £128,500,000, after deduction of the fees and expenses payable by the Company which are related to the Fundraise. The Fundraise is conditional on, *inter alia*, Admission.

The Placing is designed to be suitable for institutional investors and professionally-advised private investors. The Placing Shares may also be suitable for investors who are financially sophisticated, non-advised private investors who are capable of evaluating the risks and merits of such an investment and who have sufficient resources to bear any loss which may result from such an investment. Such investors may wish to consult an independent financial adviser who specialises in advising on the acquisition of shares and other securities before investing in Placing Shares in the Placing.

The Placing is being made outside the US in offshore transactions in reliance on Regulation S.

### **2 ALLOCATION**

All Placing Shares issued or sold pursuant to the Placing will be issued at the Placing Price.

The rights attaching to the Placing Shares will be uniform in all respects and all of the Ordinary Shares will form a single class for all purposes.

In the event that demand for the Placing Shares exceeds the number of Ordinary Shares being made available in the Placing, allocations may be scaled down in any manner by the Company. The Company may allocate such Ordinary Shares in its discretion, and applicants may be allocated Ordinary Shares having an aggregate value which is less than the sum applied for.

The Company will notify investors of the number of Placing Shares in respect of which their application has been successful and the results of the Placing will be announced by the Company on or around 18 March 2021 via an RNS announcement.

Subscription monies received in respect of unsuccessful applications (or to the extent scaled back) will be returned by post at the risk of the applicant without interest at the risk of the applicant to the bank account from which the money was received.

### **3 ADMISSION, DEALINGS AND CREST**

Admission is expected to take place and unconditional dealings in the Placing Shares are expected to commence on the London Stock Exchange at 8.00 a.m. on 23 March 2021. Dealings on the London Stock Exchange before Admission will only be settled if Admission takes place. All dealings in Placing Shares prior to commencement of unconditional dealings will be at the sole risk of the parties concerned.

Each Investor in the Placing will be required to undertake to pay the Placing Price for the Placing Shares sold to such Investor in such manner as shall be directed by the Company. Definitive share certificates in respect of the Placing Shares (where applicable) are expected to be despatched, by post at the risk of the recipients, to the relevant holders, not later than 20 April 2021. The Placing Shares are in registered form and the Depository Interests can be held in uncertificated form. No temporary documents of title will be issued.

### **4 CREST**

CREST is the system for paperless settlement of trades in listed securities operated by Euroclear. CREST allows securities to be transferred from one person's CREST account to another's without the need to use share certificates or written instruments of transfer.

The securities of companies incorporated in the BVI cannot be admitted to CREST and the Ordinary Shares are therefore not capable themselves of being admitted to CREST. Such securities can, however, be held by a nominee company which issues securities constituted under English law, called depository interests, on a one-for-one basis to the CREST account of the individual shareholder. These depository interests can then be admitted to and settled within CREST like any other CREST security.

The Company, through the Depository, has established a depository arrangement whereby the Depository Interests are issued to shareholders who wish to hold their Ordinary Shares in electronic form in CREST.

Settlement of transactions in the Depository Interests following Admission may take place within the CREST System if any Shareholder so wishes. CREST is a voluntary system and holders of Placing Shares who wish to receive and retain share certificates will be able to do so.

## **5 DEPOSITORY INTERESTS**

The Depository Interests are created pursuant to, and issued on, the terms of the Deed Poll. Shareholders who elect to hold their Placing Shares in uncertificated form through the Depository will be bound by the terms of the Deed Poll, the provisions of which are expressed to bind all holders of Depository Interests, future and present. Further details relating to the Deed Poll are set out in Part VI of this document.

Placing Shares to be held in uncertificated form will be transferred to the Depository or to its nominated custodian. Accordingly, in respect of those Placing Shares held by shareholders in uncertificated form, the Company's register will show the Depository (or the custodian, as appropriate) as the legal holder of such shares. The beneficial interest in the Placing Shares will, however, remain with the holders of the Depository Interests who will be entitled to receive and exercise (or procure the exercise of) all of the rights attaching to such shares.

Depository Interests have the same international security identification number (ISIN) as the underlying shares.

If CREST members wish to avail themselves of the depository arrangements, they can do so by inputting a stock deposit in the usual way. The Company has informed Euroclear UK & Ireland that:

- (a) a CREST transfer form or dematerialisation form lodged as a stock deposit will be deemed to constitute a transfer of the Ordinary Shares to the Depository who will issue corresponding Depository Interests in CREST to the depositing members/transferee; and
- (b) in a similar way, a stock withdrawal will be deemed to constitute an instruction to the Depository to cancel the Depository Interest and effect a transfer of the Ordinary Shares to the person specified in the instruction. Shareholders who wish to do so may withdraw their shares into certificated form at any time using standard CREST messages.

Your attention is drawn to the section on stamp duty and stamp duty reserve tax set out in Part V of this document.

Trading in Depository Interests will require shareholders to deal through a stockbroker or other intermediary who is a member of the London Stock Exchange.

## **6 REASONS FOR THE FUNDRAISE AND USE OF PROCEEDS**

The gross proceeds of the Fundraising are expected to be approximately £130,000,000. This new funding, along with cash from the Company's own resources of approximately £1,000,000 will be used to fund the expenses of the Fundraise, ongoing costs and expenses (which are estimated to be no more than £500,000 per annum) and costs incurred in connection with seeking to identify and implement Acquisitions. The amount of finance required to implement an Acquisition may exceed the amount raised pursuant to the Fundraise and therefore the Company may need to raise additional finance through equity or debt in order to finance such Acquisition.

## **7 LOCK-UP ARRANGEMENTS**

Each of the Marwyn Shareholder and Vin Murria OBE will together hold 38,025,000 Ordinary Shares, in aggregate, following Admission. Each of Marwyn Asset Management Limited (on behalf of the Marwyn

Shareholder) and Vin Murria OBE has undertaken to N+1 Singer and the Company that, following Admission, it or she will, subject to certain limited exceptions, not sell or otherwise dispose of, or agree to sell or otherwise dispose of, any shares (or any interest therein) in the Company held by it or her, except with the prior written consent of N+1 Singer and the Company. These restrictions apply to disposals of such shares for a period of 12 months from Admission and thereafter Marwyn Asset Management Limited (on behalf of the Marwyn Shareholder) and Vin Murria OBE have each agreed, in order to preserve an orderly market, only to sell such shares through N+1 Singer (provided N+1 Singer continues to be the Company's broker).

## **8 FURTHER INFORMATION**

In the event that there are any significant new factors, material mistakes or material inaccuracies affecting any of the matters described in this Prospectus or where any significant new factors, material mistakes or material inaccuracies have arisen after the publication of the Prospectus and prior to Admission, the Company will publish a supplementary prospectus. The supplementary prospectus will give details of the new factors, material mistakes or material inaccuracies. In the event that a supplementary prospectus is published prior to Admission, potential Investors may have a statutory right of withdrawal. If such Investors exercise their right of withdrawal or Admission does not proceed, any monies received will be returned to applicants without interest.

Prospective Investors should carefully consider the additional information set out in the other parts of this document and in particular the risk factors set out at pages 11 to 20 of this document.

## PART V - TAXATION

### 1 UNITED KINGDOM TAXATION

The following statements are intended to apply only as a general guide to certain UK tax considerations, and are based on current UK tax law and current published practice of HMRC, both of which are subject to change at any time, possibly with retrospective effect. They relate only to certain limited aspects of the UK taxation treatment of the holders of Placing Shares who: (a) for UK tax purposes are resident in the UK (except to the extent that the position of non-UK resident shareholders is expressly referred to) and, in the case of individuals, are domiciled in the UK and are not Scottish taxpayers, (b) who hold the Placing Shares as investments (other than under an individual savings account or a self-invested personal pension), and (c) who are the beneficial owners of the Placing Shares (and any dividends paid on them). The statements may not apply to certain classes of holders of Placing Shares, such as (but not limited to) persons acquiring their Placing Shares in connection with an office or employment, dealers in securities, insurance companies, pension schemes and collective investment schemes, persons connected to the Company or the Group and, in the case of individuals, to whom "split year" treatment applies.

It is the intention of the Directors and the Proposed Directors to continue to conduct the affairs of the Company so that the central management and control of the Company is exercised in the UK and that, accordingly, the Company will continue to be treated as tax resident in the UK. The following statements are based on the assumption that the Company will be resident in the UK (and not resident anywhere else) for taxation purposes.

**The summary below does not constitute tax or legal advice, and holders of Placing Shares who are in any doubt about their taxation position, or who are resident or otherwise subject to taxation in a jurisdiction outside the United Kingdom, should consult their own professional advisers immediately.**

#### **Taxation of chargeable gains**

Individual holders of Placing Shares who are resident in the UK may be liable to UK taxation on capital gains arising from the sale or other disposal of the Placing Shares (subject to any available exemption or relief). Individuals generally compute their gains by deducting from the net sale proceeds the capital gains base cost in respect of their Placing Shares. The resulting gains will be taxable at the capital gains tax rate applicable to the individual (currently 10 per cent. for basic rate taxpayers and 20 per cent. for those whose total income and chargeable gains are above the higher rate threshold), and may be reduced by capital losses brought forward from previous tax years or losses generated in the tax year of disposal, and by annual exemptions (the annual exemption from capital gains tax for UK resident individuals is £12,300 for the 2020/2021 tax year).

UK resident holders of Placing Shares within the charge to corporation tax are taxed on the chargeable gains made, computed by deducting from the net sales proceeds the chargeable gains base cost in respect of their Placing Shares.

Subject to the paragraph below (dealing with temporary non-residents) holders of Placing Shares who are not resident in the UK for UK tax purposes will not generally be subject to UK tax on chargeable gains, unless they carry on a trade, profession or vocation in the UK through a branch or agency, or (in the case of a company) carry on a trade in the UK through a permanent establishment, and the Placing Shares disposed of are used, held or acquired for the purposes of that branch, agency or permanent establishment, or used for the purposes of the trade. In addition, chargeable gains realised by non-residents on the disposal of interests in UK land, or assets deriving at least 75 per cent. of their value from UK land where the non-resident has a substantial indirect interest in that land, are subject to UK tax.

A holder of Placing Shares who is an individual, who has ceased to have sole UK residence for tax purposes in the UK for a period of five years or less and who disposes of Placing Shares during that period may be liable to UK taxation on capital gains on their return to the UK (subject to the relevant conditions being met and any available exemption or relief). If applicable, the tax charge will arise in the tax year that the individual returns to the UK.

Holders of Placing Shares who are not resident in the UK may be subject to charges to taxation in jurisdictions outside the UK, depending on their personal circumstances.

#### **Taxation of dividends**

Under UK tax legislation, the Company is not required to withhold tax at source from any dividend payments it makes.

For individual holders of Placing Shares who are resident in the UK, for the 2020/2021 tax year, the first £2,000 of dividend distributions (taking into account dividends received from the Company and any other dividend income received by the holder) received in each tax year are free of income tax (the "**annual dividend allowance**"). Where an individual's dividend income from all sources exceeds the annual dividend allowance, the excess will be liable to income tax at the dividend tax rates reflecting the holder's highest rate of tax. The dividend tax rates are 7.5 per cent. for basic rate taxpayers, 32.5 per cent. for higher rate taxpayers and 38.1 per cent. for additional rate taxpayers. Dividends received within a holders of dividend allowance count towards total taxable income and affect the rate of tax due on any dividends received exceeding it. For these purposes "dividend income" includes without limitation UK and non-UK source dividends and certain other distributions in respect of shares.

UK resident holders of Placing Shares within the charge to corporation tax will be subject to UK corporation tax on receipt of dividends unless such dividends can be treated as an exempt distribution. This is dependent upon the satisfaction of certain conditions set out in Part 9A of the Corporation Tax Act 2009. Whilst it is expected that dividends paid by the Company should generally satisfy such conditions, the exemptions in Part 9A of the Corporation Tax Act 2009 are not comprehensive and are subject to anti-avoidance rules meaning that there is no guarantee that this will be the case, and it will be necessary for holders of Placing Shares to consider the application of such conditions in respect of every dividend received and in the context of their own circumstances.

It is important that prospective Investors who are not resident in the UK for tax purposes obtain their own tax advice concerning tax liabilities on dividends received from the Company.

#### **Stamp duty and stamp duty reserve tax ("SDRT")**

**The statements below are intended as a general guide to the current UK stamp duty and SDRT position. Certain categories of person, including market makers, brokers and dealers may not be liable to stamp duty or SDRT and others (including persons connected with depository arrangements and clearance services), may be liable at a higher rate of 1.5 per cent. or may, although not primarily liable for tax, be required to notify and account for it under the Stamp Duty Reserve Tax Regulations 1986.**

Neither UK stamp duty nor SDRT should arise on the issue of the Placing Shares or Depository Interests.

Subject to an exemption for transfers where the value of the consideration for the transfer does not exceed £1,000 (and the instrument of transfer is certified that the instrument does not form part of a larger transaction or series of transactions for which the aggregate consideration exceeds £1,000), transfers of Placing Shares outside of CREST will, in principle, generally be subject to UK stamp duty at the rate of 0.5 per cent. of the amount or value of the consideration given for the transfer (rounded up to the nearest £5), unless all instruments effecting or evidencing the transfer: (i) are executed and held outside the UK, and (ii) do not relate to any property situated, or matter or thing done (or to be done), in the UK.

However, potential Investors should be aware that, even where an instrument is in principle liable to UK stamp duty, stamp duty is not directly enforceable as a tax and, in practice, often may not need to be paid unless it is necessary to rely on the instrument in the UK for legal purposes (for example, to register a change of ownership by updating a register of ownership held in the UK, or in the event of civil litigation in the UK). Investors should note that an instrument need not be stamped in order for the BVI register of Ordinary Shares to be updated, and that the register is conclusive proof of ownership.

Provided that the Placing Shares: (i) are not registered in any register maintained in the UK by or on behalf of the Company, and (ii) are not paired with any shares issued by a UK incorporated company, any agreement to transfer Placing Shares will not be subject to UK SDRT.

Paperless transfers of Depository Interests within the CREST system will generally be liable to SDRT at the rate of 0.5 per cent. of the amount or value of the consideration payable. Such SDRT will generally be collected through the CREST system. Deposits of Ordinary Shares into CREST in exchange for Depository Interests will not generally be subject to SDRT, unless the transfer into CREST is itself for consideration in money or money's worth, in which case a liability to SDRT will arise.

Where Placing Shares or Depository Interests are transferred to a company or a company's nominee (whether or not for consideration) and the person transferring the Placing Shares or Depository Interests is connected with the company (or is a nominee of a person connected to the company), the transfer may be chargeable to stamp duty and/or SDRT (as applicable) based on the higher of the amount or value of the consideration (if any) for the transfer and the market value of the Placing Shares or Depository Interests (as applicable).

### 2 Liquidity and Capital Resources

#### *Sources of cash and liquidity*

The Company is proposing to raise capital of £130,000,000 by way of the Fundraise (which comprises the Placing and the Subscriptions).

The Group's principal source of cash will therefore be the gross proceeds of the Fundraise. The Group will use such cash to fund the expenses of the Fundraise, ongoing costs and expenses (which are estimated to be no more than £500,000 per annum) and costs incurred in connection with seeking to identify and implement Acquisitions. The amount of finance required to implement an Acquisition may exceed the amount raised pursuant to the Fundraise and therefore the Company may need to raise additional finance through equity or debt in order to finance such Acquisition. The Company is permitted to invest cash held by it in cash deposits, gilts and money market funds. The Company intends to ensure that surplus cash balances will be managed with the following objectives: (i) to ensure they are sufficiently liquid; and (ii) to deliver appropriate returns having regard to risk.

#### *Borrowings*

As at the date of this document (save for the Company's contingent indebtedness under the agreements set out in paragraph 13 of Part VI), the Company has no guaranteed, secured, unguaranteed or unsecured debt and no indirect or contingent indebtedness.

## Currency

It is not currently anticipated that there will be any hedging of foreign currency exposure by the Company, however as part of or following the initial Acquisition the Company may seek to hedge foreign currency exposure through the use of spot and forward foreign exchange contracts or other hedging techniques. There can be no assurance that this currency hedging will be effective.

## Future liquidity and cash uses

If substantially all of the cash raised pursuant to the Fundraise will (or is expected to) be used in connection with Acquisitions, the Company's liquidity after the initial 12 months will additionally depend in the medium to longer term primarily on: (i) the Company's ability to raise additional capital to fund acquisitions and working capital, (ii) the timing and sale of any companies and business it acquires; (iii) the Company's management of available cash; and (iv) dividends or distributions from subsidiaries. The Company will consider its obligations under Listing Rule 14.2.2 when carrying out activities which result in a change in the composition of the holders of Ordinary Shares.

In addition to using cash to make the Acquisition and distributions to Shareholders, the Company will incur day-to-day expenses that will need to be funded, which include: (i) costs relating to raising capital, including the Fundraise, Admission fees, legal, registration, printing, advertising and distribution costs and any other applicable expenses, (ii) transaction costs and expenses, including due diligence costs, legal, underwriting, broking, merger and acquisition, tax advice, public relations and printing costs and, where an Acquisition is not consummated, abort costs, and (iii) operational costs and expenses which will include (but will not be limited to) the fees and expenses of the Registrar, corporate finance and administration fees, broker fees, accounting and audit fees, regulatory, and custody fees, other similar costs.

## 3 Capital and Returns Management

The Company expects to raise gross proceeds of £130,000,000 through the Fundraise. The Directors and the Proposed Directors expect that further equity capital raisings may be required by the Company as it pursues its objectives. The amount of any such additional equity to be raised, which could be substantial, will depend on the nature of the acquisition opportunities which arise and the form of consideration the Company uses to make the initial Acquisition and cannot be determined as at the date of this document.

The Company expects that any returns for Shareholders would derive primarily from capital appreciation of the Ordinary Shares and any dividends paid.

## 4 Dividend Policy

The Company has not yet adopted a dividend policy. The Board will determine the appropriate dividend policy following the initial Acquisition.

For the purposes of Section 9(4) of the BVI Companies Act, there are no limitations on the business that the Company may carry on.
- 6.2 Set out below is a summary of the provisions of the Memorandum and Articles of the Company. A copy of the Memorandum and Articles is available for inspection at the address specified in paragraph 20 of this Part VI.

### (a) Variation of Rights and Protection Provisions

Rights conferred upon the holders of the shares of any class shall not be deemed to be varied by (a) the creation or issue of further shares ranking *pari passu* therewith or in priority thereto, including without limitation the creation and issuance of any Additional Class of Shares (as defined below in paragraph (h)); or (b) any redemption, repurchase, acquisition, cancellation, exchange, division, consolidation or conversion of shares permitted by the Memorandum or the Articles or the BVI Companies Act.

For so long as the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), the holders of the Sponsor Shares will each have the right to appoint one director to the Board.

For so long as the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), or MLTI or an individual holder of a Sponsor Share are holders of

The rights conferred upon the holders of any shares or of any class or series issued with preferred, deferred or other rights shall not (unless otherwise expressly provided by the terms of issue) be deemed to be varied by the creation of or issue of further shares ranking *pari passu* therewith, the exercise of any power under the disclosure provisions requiring members to disclose an interest in shares as set out in the Articles, the reduction of capital on such shares or by the purchase or redemption by the Company of its own shares or the sale into treasury. There are no express provisions under the BVI Companies Act relating to variation of rights of shareholders.

(b) Depository interests and uncertificated shares

The Directors shall, subject always to any applicable laws and regulations and the facilities and requirements of any relevant system concerned and the Articles, have the power to implement and/or approve any arrangement they may think fit in relation to the evidencing of title to and transfer of interest in shares of the Company in the form of depository interests or similar interests, instruments or securities. The Board may permit shares (or interests in shares) to be held in uncertificated form and to be transferred by means of a relevant system of holding and transferring shares (or interests in shares) in uncertificated form in such manner as they may determine from time to time.

(c) Share classes

- (ii) The Company will not issue any shares (and will not sell or transfer any shares held in treasury) to a person on a non pre-emptive basis where the Company would be required to issue such shares pre-emptively if it were incorporated under the UK Companies Act 2006 and acting in accordance with the Pre-Emption Group's Statement of Principles unless: (A) where the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), or MLTI or an individual holder of a Sponsor Share hold Incentive Shares, the prior vote or consent of all holders of Sponsor Shares has been obtained for the proposed issuance on a non-pre-emptive basis; (B) it has made a written offer in accordance with the Articles to each holder of equity securities of that class (other than the Company itself by virtue of it holding treasury shares) to issue to him on the same or more favourable terms a proportion of those equity securities equal to the proportion in value held by the holders of the relevant class(es) of shares then in issue (rounded to the nearest whole share) and the period during which any such offer may be accepted by the relevant current holders has expired or the Company has received a notice of the acceptance or refusal of every offer so made from such holders; or (C) the Board are given by a Resolution of Members the power to sell treasury shares fully paid for cash consideration. The holders of the Sponsor Shares have no duty to the holders of Ordinary Shares or holders of any other class of shares to require the Company to issue shares on a pre-emptive basis.
- (iii) Equity securities that the Company has offered to issue to a holder of equity securities in accordance with paragraph (d)(ii) above may be issued to him, or anyone in whose favour he has renounced his right to their issue, without contravening the above pre-emption rights.
- (iv) Where equity securities are held by two or more persons jointly, an offer pursuant to the above pre-emption rights may be made to the joint holder first named in the register of

members in respect of those equity securities.

- (v) In the case of a holder's death or bankruptcy, the offer must be made: (A) to the persons claiming to be entitled to the equity securities in consequence of the death or bankruptcy, at an address supplied in accordance with the Articles; or (B) until any such address has been so supplied giving the notice in any manner in which it would have been given if the death or bankruptcy has not occurred.
- (vi) The above pre-emption rights shall not apply in relation to the issue of bonus shares or equity securities in the Company if they are, or are to be, wholly or partly paid up otherwise than in cash, and equity securities in the Company which would apart from any renunciation or assignment of the right to their issue, be held under an employee share scheme.
- (vii) Equity securities held by the Company as treasury shares are disregarded for the purpose of the pre-emption rights so that the Company is not treated as a person who holds equity securities and equity securities held as treasury shares are not treated as forming part of the issued shares of the Company for the purposes of the pre-emption rights.
- (viii) The Directors may be given by virtue of a Resolution of Members the power to issue or sell from treasury equity securities and, on the passing of such resolution, the Directors shall have the power to issue or sell from treasury pursuant to that authority, equity securities wholly for cash as if the pre-emption rights above do not apply to the issue or sale from treasury.

(e) Shareholder Meetings

The Company shall hold the first annual general meeting within a period of 18 months following the date of the Acquisition. Not more than 15 months shall elapse between the date of one annual general meeting and the date of the next, unless the members pass a resolution in accordance with the Articles waiving or extending such requirement.

By a Resolution of Directors, the Directors may convene an annual general meeting or other meeting of members at such times and in such manner and places within or outside the British Virgin Islands as the Directors consider necessary or desirable. The Board shall convene a meeting of members upon the written request of members entitled to exercise 10 (ten) per cent. or more of the voting rights in respect of the matter for which the meeting is requested.

A Director convening a meeting shall give not less than 7 calendar days' written notice of a meeting to those members who are entitled to vote at the meeting and the other Directors. A meeting of members may be called by shorter notice if members holding at least 90 per cent. of the total voting rights on all the matters to be considered at the meeting, have consented to shorter notice of the meeting (as the case may be).

The inadvertent failure to give notice of a meeting to, or the non-receipt of notice of a meeting by, any person entitled to receive such notice shall not invalidate the proceedings at the meeting. The requirement to convene a meeting shall be waived if members holding a majority of the total voting rights on all the matters to be considered at the meeting have, before that meeting is held, approved in writing the matters to be considered at that meeting.

It is expected that notice periods will be reviewed as part of any acquisition and may be updated to reflect the nature of the business acquired.

(f) Votes of Members

Holders of the Ordinary Shares have the right to receive notice of and to attend and vote at any meetings of members. Subject to any rights or restrictions attached to any shares or class or series of shares and to the provisions of the Articles, each holder of shares being present in person or by proxy at a meeting will, upon a show of hands, have one vote and upon a poll each such holder of shares present in person or by proxy will have one vote for each share held by him.

Holders of the Sponsor Shares and the A Shares do not have the right to receive notice of or to attend and vote at any meetings of members (provided that if at any time the Sponsor Shares are the only shares in issue each holder of Sponsor Shares shall have the right to receive notice of, attend and vote as a member at any meeting of members).

In the case of joint holders of a share, if two or more persons hold shares jointly each of them may be present in person or by proxy at a meeting of members and may speak as a member, and if one or

more joint holders are present at a meeting of members, in person or by proxy, they must vote as one.

All resolutions of the Company will be passed by a Resolution of Members, except where a Special Resolution of Members is required in the circumstances detailed in the Articles by the prior vote or consent of the holders of the Sponsor Shares whilst the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), or MLTI or an individual holder of a Sponsor Share hold Incentive Shares.

(g) Restrictions on Voting

If any member is in default in supplying to the Company the information required under the Articles (as further described below), the Directors in their discretion may serve a direction notice on the member. The direction notice may direct that in respect of the shares in respect of which the default has occurred (the "**Default Shares**") the member shall not be entitled to attend or vote in meetings of members or class meetings until such default is rectified. Where the Default Shares represent at least 0.25 (nought point two five) per cent. in number of the class of shares concerned the direction notice may additionally direct that dividends on such shares will be retained by the Company (without interest) and that no transfer of the Default Shares (other than a transfer authorised under the Articles) shall be registered until the default is rectified; or where the Directors have any grounds to believe that such Default Shares are held by or for the benefit of or by persons acting on behalf of a Plan or a U.S. Person, the Directors may in their discretion deem the Default Shares to be held by, or on behalf of or for the benefit of, a Plan or a U.S. Person (as the Directors may determine) and that the compulsory transfer provisions of the Articles should apply to such Default Shares.

(h) Share Rights

Pursuant to the Memorandum of Association (which, subject to the provisions on Variation of Rights and Protection Provisions at paragraph (a) above, may be amended by a Resolution of Members or in certain circumstances a Resolution of Directors, as further described below) the Company is authorised to issue an unlimited number of Ordinary Shares, A Shares and 100 Sponsor Shares:

(i) Sponsor Shares (in accordance with the Articles):

- confer upon the holders no right to distributions on the Company's liquidation;
- confer upon the holders no rights in respect of dividends and distributions;
- confer upon the holders no right to receive notice of or attend and vote as a member at any meeting of members (provided that if at any time the Sponsor Shares are the only shares in issue each holder of Sponsor Shares shall have the right to receive notice of, attend and vote as a member at any meeting of members);
- are not convertible or exchangeable for any other class or series of shares of the Company; and
- confer additional rights as specified in paragraph 6.4 below.

(ii) Ordinary Shares (in accordance with the Articles):

- confer upon the holders the rights in a liquidation as specified in sub-paragraph (w) below;
- confer upon the holders the rights in respect of dividends and distributions as specified in sub-paragraph (r) below;
- confer upon the holders the right to receive notice of, attend and vote as a member at any meeting of members; and
- are not convertible or exchangeable for any other class or series of shares of the Company.

(iii) A Shares (in accordance with the Articles):

- confer upon the holders the rights in a liquidation as specified in sub-paragraph (w) below;
- confer upon the holders the rights in respect of dividends and distributions as specified in sub-paragraph (r) below;

- confer upon the holders no right to receive notice of or attend and vote as a member at any meeting of members; and
- confer the right to convert to Ordinary Shares.

(iv) The Company may from time to time by Resolution of Directors, and without prior notice to or obtaining the approval of Ordinary Shareholders, amend the Memorandum or the Articles to authorise the issuance by the Company of one or more additional classes of shares with or without par value (the "**Additional Class of Shares**") and specify the number of shares, rights, privileges, restrictions and conditions attaching to each such Additional Class of Shares as the Board may determine in its sole and absolute discretion. Without limiting the foregoing, the Board may determine:

- the number of shares constituting the Additional Classes of Shares and the distinctive designation of that series;
- the dividend and other distribution rights of the Additional Class of Shares, which may include a preference rate and/or coupon; whether dividends shall be cumulative and, if so, from which date or dates, and whether they shall be payable in preference to, or in relation to, the dividends payable on the Ordinary Shares, the A Shares or any other Additional Class of Shares;
- whether the Additional Class of Shares shall have voting rights and, if so, the terms and conditions of such voting rights, including, without limitation, the number of vote they have per share or whether they shall vote separately or together as a single class with the Ordinary Shares and/or any other Additional Class of Shares;
- whether the Additional Class of Shares shall have conversion and/or exchange rights and privileges and, if so, the terms and conditions of such conversion and/ or exchange;
- whether the Additional Class of Shares shall be redeemable and, if so, the terms and conditions of such redemption;
- the rights of the Additional Class of Shares in the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company; and
- any other relative, participating, optional or other special rights, privileges, powers, qualifications, limitations or restrictions of the Additional Class of Shares, including, without limitation, any right to appoint and/or remove one or more directors of the Company.

(v) The Company shall issue registered shares only. The Company is not authorised to issue bearer shares, convert registered shares to bearer shares or exchange registered shares for bearer shares.

(vi) The Company may exercise the powers of paying commissions and in such an amount or at such a percentage rate as the Directors may determine. Subject to the provisions of the BVI Companies Act, any such commission may be satisfied by the payment of cash or by the issue of fully or partly paid shares or partly in one way and partly in another. The Company may also on issue of shares pay such brokerage as may be lawful.

(i) Notice requiring disclosure of interest in shares

The Company may, by notice in writing, require a person whom the Company knows to be, or has reasonable cause to believe is, interested in any shares or at any time during the three years immediately preceding the date on which the notice is issued to have been interested in any shares, to confirm that fact or (as the case may be) to indicate whether or not this is the case and to give such further information as may be required in accordance with the Articles. Such information may include, without limitation: particulars of the person's status (including whether such person constitutes or is acting on behalf of or for the benefit of a Plan (as defined in the Articles or is a U.S. Person), domicile, nationality and residency; particulars of the person's own past or present interest in any shares; the identity of any other person who has a present interest in the shares held by him; where the interest is a present interest and any other interest, in any shares, subsisted during that three year period at any time when his own interest subsisted to give (so far as is within his knowledge) such particulars with respect to that other interest as may be required by the notice; and where a person's interest is a past

interest to give, (so far as is within his knowledge) like particulars for the person who held that interest immediately upon his ceasing to hold it.

If any member is in default in supplying to the Company the information required by the Company within the prescribed period or such other reasonable period as the Directors determine, the Directors in their discretion may serve a direction notice on the member. The direction notice may direct that in respect of the shares in respect of which the default has occurred (the "**Default Shares**") the member shall not be entitled to attend or vote in meetings of members or class meetings until such default is rectified. Where the Default Shares represent at least 0.25 (nought point two five) per cent. in number of the class of shares concerned the direction notice may additionally direct that dividends on such shares will be retained by the Company (without interest) and that no transfer of the Default Shares (other than a transfer authorised under the Articles) shall be registered until the default is rectified; or where the Directors have any grounds to believe that such Default Shares are held by or for the benefit of or by persons acting on behalf of a Plan or a U.S. Person, the Directors may in their discretion deem the Default Shares to be held by, or on behalf of or for the benefit of, a Plan or a U.S. Person (as the Directors may determine) and that the compulsory transfer provisions of the Articles should apply to such Default Shares.

In addition, the Articles require that Shareholders disclose interests of 3 per cent. in the Company's shares from time to time, and increases or decreases of every 1 per cent. thereafter.

(j) Untraced shareholders

The Company may sell the share of a shareholder or of a person entitled by transmission at the best price reasonably obtainable at the time of sale, if:

- (i) during a period of not less than 12 years before the date of publication of the advertisements referred to in sub-paragraph (j)(iii) at least three cash dividends have become payable in respect of the share;
- (ii) throughout such period no cheque payable on the share has been presented by the holder of, or the person entitled by transmission to, the share to the paying bank of the relevant cheque, no payment made by the Company by any other means permitted by the Articles has been claimed or accepted and, so far as any Director at the end of the relevant period is then aware, the Company has not at any time during such relevant period received any communication from the holder of, or person entitled by transmission to, the share;
- (iii) on expiry of the relevant period the Company has given notice of its intention to sell the share by advertisement in accordance with the Articles; and
- (iv) the Company has not, so far as the Board is aware, during a further period of three months after the date of the advertisements referred to in sub-paragraph (j)(iii) and before the exercise of the power of sale received a communication from the holder of, or person entitled by transmission to, the share.

Where a power of sale is exercisable over a share, the Company may at the same time also sell any additional share issued in right of such share or in right of such an additional share previously so issued provided that the requirements of sub-paragraphs (j)(ii) to (iv) have been satisfied in relation to the additional share (except that the period of not less than 12 years shall not apply in respect of such additional share).

To give effect to a sale, the Board may authorise a person to transfer the share in the name and on behalf of the holder of, or person entitled by transmission to, the share, or to cause the transfer of such share, to the purchaser or his nominee.

The Company shall be indebted to the Shareholder or other person entitled by transmission to the share for the net proceeds of sale and shall carry any amount received on sale to a separate account. Any amount carried to the separate account may either be employed in the business of the Company or invested as the Board may think fit. No interest is payable on that amount and the Company is not required to account for money earned on it.

(k) Transfer of shares

Any holder of Shares (other than the Sponsor Share held by Vin Murria OBE which is not transferable) may transfer all or any of his certificated shares by an instrument of transfer in any usual form or in any other form which the Directors may approve.

The Directors may accept such evidence of title of the transfer of shares (or interests in shares) held in uncertificated form (including in the form of depository interests or similar interests, instruments or securities) as they shall in their discretion determine. The Directors may permit such shares or interests in shares held in uncertificated form to be transferred by means of a relevant system of holding and transferring shares (or interests in shares) in uncertificated form. No transfer of shares will be registered if, in the reasonable determination of the Directors, the transferee is or may be a Prohibited Person, or is or may be holding such shares on behalf of a beneficial owner who is or may be a Prohibited Person. The Directors shall have power to implement and/or approve any arrangements they may, in their discretion, think fit in relation to the evidencing of title to and transfer of interests in shares in the Company in uncertificated form (including in the form of depository interests or similar interests, instruments or securities).

(l) Compulsory transfer of shares

The Directors may require (to the extent permitted by the rules of any relevant system where applicable) the transfer by lawful sale, by gift or otherwise as permitted by law of any shares that, in the reasonable determination of the Directors, are or may be held or beneficially owned by a Prohibited Person to a person who is not a Prohibited Person qualified under the Articles to hold the shares. In the event that the member cannot locate a qualified purchaser within such reasonable time as the Directors may determine then the Company may locate an eligible purchaser. If no purchaser is found by the selling member or the Company before the time the Company requires the transfer to be made then the member shall be obligated to sell the shares at the highest price that any purchaser has offered and the Company shall have no obligation to the member to find the best price for the relevant shares. The Directors may, from time to time, require of a member that such evidence be furnished to them or any other person in connection with the foregoing matters as they shall in their discretion deem sufficient.

Members who do not comply with the terms of any compulsory transfer notice shall forfeit or be deemed to have forfeited their shares immediately. The Directors, the Company and the duly authorised agents of the Company, including, without limitation, the Registrar, shall not be liable to any member or otherwise for any loss incurred by the Company as a result of any Prohibited Person breaching the compulsory transfer restrictions referred to herein and any member who breaches such restrictions is required under the Articles to indemnify the Company for any loss to the Company caused by such breach.

The Directors may at any time and from time to time call upon any member by notice to provide them with such information and evidence as they shall reasonably require in relation to such member or beneficial owner which relates to or is connected with their holding of or interest in shares in the Company. In the event of any failure of the relevant member to comply with the request contained in such notice within a reasonable time as determined by the Directors in their discretion, the Directors may proceed to avail themselves of the rights conferred on them under the Articles as though the relevant member were a Prohibited Person.

(m) Alteration and redemption of shares

The Company may, subject to the provisions of the BVI Companies Act (including satisfaction of the solvency test pursuant to Section 56 of the BVI Companies Act), purchase, redeem or otherwise acquire its own shares (with the consent of the member whose shares are to be purchased, redeemed or otherwise acquired) and may hold such shares as treasury shares, provided that the A Shares are not redeemable.

Sections 60, 61 and 62 of the BVI Companies Act (statutory procedure for a company purchasing, redeeming or acquiring its own shares), which may be disappplied by a company's memorandum or articles of association, shall not apply to the Company.

The Company may by Resolution of Members or Resolution of Directors consolidate all or any of the shares into a smaller number than its existing shares; or sub-divide its shares, or any of them, into shares of a larger number so, however, that in such sub-division the proportion between the amount paid and the amount (if any) unpaid on each reduced share shall be the same as in the case of the share from which the reduced share is derived.

(n) Interests of Directors

- (i) A Director shall, forthwith after becoming aware of the fact that he is interested in a transaction entered into or to be entered into by the Company, disclose the interest to all other Directors. A disclosure to all other Directors to the effect that a Director is a member, director or officer of another named entity or has a fiduciary relationship with respect to the entity or a named individual and to be regarded as interested in any transaction which may, after the date of the entry or disclosure, be entered into, is a sufficient disclosure of interest in relation to that transaction, and any such Director may:
- vote on a matter relating to the transaction;
  - attend a meeting of Directors at which a matter relating to the transaction arises and be included among the Directors present at the meeting for the purposes of a quorum; and
  - sign a document on behalf of the Company, or do any other thing in his capacity as a Director, that relates to the transaction and, subject to the BVI Companies Act, such Director shall not, by reason of his office be accountable to the Company for any benefit which he derives from such transaction and no such transaction shall be liable to be avoided on the grounds of any such interest or benefit.

(o) Remuneration and Appointment of Directors

- (i) The Directors shall be remunerated for their services at such rate as the Directors shall determine. In addition, all of the Directors may be paid all reasonable out-of-pocket expenses properly incurred by them in attending meetings of members or class or series meetings, board or committee meetings or otherwise in connection with the discharge of their duties.
- (ii) Subject to the BVI Companies Act and the Articles, the Board may appoint one or more Directors to fill a casual vacancy of the Board or as an additional Director. Subject to the BVI Companies Act, the Articles and the rights of the Marwyn Shareholder and the holders of the Sponsor Shares to each appoint a Director as described in paragraph 6.4, the members may by a Resolution of Members appoint any person as a Director and remove any person from office as a Director.

(p) Retirement, Disqualification and Removal of Directors

- (i) A Director is not required to hold a share as a qualification to office.
- (ii) For so long as the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares) any director appointed to the Board by the Marwyn Shareholder (or such a holder of a Sponsor Share) may only be removed from office with the consent of the holders of all of the Sponsor Shares in issue from time to time. Any other director may be removed from office with or without cause by a Resolution of Members or Resolution of Directors.
- (iii) The office of Director shall be vacated if (i) the Director resigns his office by written notice, (ii) he shall have absented himself from meetings of the Board for a consecutive period of 12 months and the other Directors resolve that his office shall be vacated, (iii) he ceases to be a Director by virtue of any provision of law or becomes prohibited by law from or is disqualified from being a Director or is disqualified in accordance with law or any rule or regulation of the primary stock exchange or quotation system on which the Ordinary Shares are then listed or quoted (iv) he dies or becomes of unsound mind or incapable, or (v) he is removed by a Resolution of Members passed at a meeting of members called for the purposes of removing the Director or for purposes including the removal of the Director.

(q) Proceedings of Directors

- (i) Subject to the provisions of the Articles, the Directors may regulate their proceedings as they think fit. A Director may, and the secretary at the request of a Director shall, call a meeting of the Directors. Questions arising at a meeting shall be decided by a majority of votes and in the case of an equality of votes the chairman shall not have a second or casting vote.

- (ii) The quorum for the transaction of the business of the Directors is two.
- (r) Distributions
  - (i) The Board may, by Resolution of Directors, authorise a distribution by the Company to members at such time and of such an amount as it thinks fit if it is satisfied, on reasonable grounds, that immediately after the distribution, the value of the Company's assets exceeds its liabilities and the Company is able to pay its debts as they fall due.
  - (ii) Distributions may be paid in money, shares, or other property.
  - (iii) Notice of any distribution that may have been authorised shall be given to each member entitled to the distribution and all distributions unclaimed for three years after having been authorised may be forfeited by Resolution of Directors for the benefit of the Company.
  - (iv) Any Resolution of Directors declaring a dividend or a distribution on a share may specify that the same shall be payable to the person registered as the holders of the shares at the close of business on a particular date notwithstanding that it may be a date prior to that on which the resolution is passed and thereupon the dividend or distribution will be payable to such persons in accordance with their respective holdings so registered, but without prejudice to the rights inter se in respect of such dividend or distribution of transferors and transferees of any such shares.
  - (v) Any joint holder or other person jointly entitled to a share may give receipts for any dividend or other moneys payable in respect of the share. Payment of any distribution is made at the risk of the person, or persons, so entitled. The Company is not responsible for payments lost or delayed. Payment, in accordance with the Articles, of any cheque by the bank upon which it is drawn, or the transfer of funds by any means, or (in respect of securities in uncertificated form) the making of payment by means of a relevant system, shall be a good discharge to the Company.
  - (vi) If, in respect of a distribution or other amount payable in respect of a share, on any one occasion: (a) a cheque is returned undelivered or left uncashed; or (b) an electronic transfer is not accepted, and reasonable enquiries have failed to establish another address or account of the person entitled to the payment, the Company is not obliged to send or transfer a distribution or other amount payable in respect of that share to that person until he notifies the Company of an address or account to be used for that purpose. If the cheque is returned undelivered or left uncashed or transfer not accepted on two consecutive occasions, the Company may exercise this power without making any such enquiries.
- (s) Disposition of assets

Section 175 of the BVI Companies Act (any disposition of more than fifty per cent. in value of the assets of a company (other than a transfer of assets in trust to one or more trustees pursuant to Section 28(3) of the BVI Companies Act) if not made in the usual or regular course of the business carried out by the company, requiring approval by a Resolution of Members) which may be disapplied by the memorandum or articles of a company, shall not apply to the Company.

- (t) Continuation

The Company may by Resolution of Directors or Resolution of Members continue as a company incorporated under the laws of a jurisdiction outside the British Virgin Islands in the manner provided under those laws.

- (u) Merger and Consolidation

The Company may, with the approval of a Resolution of Members, merge or consolidate with one or more other BVI or foreign companies in the manner provided in the BVI Companies Act. A Resolution of Members shall not be required in relation to a merger of a "parent company" with one or more "subsidiary companies", each as defined in the BVI Companies Act.

In the event of a merger or consolidation of the Company with or into another entity (whether or not the Company is the surviving entity) the holders of each Ordinary Share and A Share shall be entitled to receive the same per share consideration pro rata to the number of such fully paid up shares held

by each holder relative to the total number of issued and fully paid up Ordinary Shares as if such fully paid up A Shares had been converted into Ordinary Shares immediately prior to the merger or consolidation.

(v) Winding-Up

A Resolution of Members is required to approve the voluntary winding-up of the Company.

(w) Return of Capital on a Liquidation

(i) Subject to the BVI Companies Act, on a liquidation of the Company the assets of the Company available for distribution will be distributed pro rata to the number of shares held by each holder of Ordinary Shares and A Shares (subject always to the rights of any Additional Class of Shares).

(ii) The Directors shall be permitted to appoint a voluntary liquidator (or two or more eligible individuals as joint voluntary liquidators) of the Company if the members have, by a Resolution of Members, approved the liquidation plan in accordance with the BVI Companies Act.

(x) Borrowing Powers

The Directors may exercise all borrowing powers of the Company and authorise the payment of all expenses incurred preliminary to and in connection with the formation and registration of the Company and may exercise all such powers of the Company.

(y) Indemnification

The Company is required to indemnify against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred in connection with legal, administrative or investigative proceedings, any person who is or was a party or is threatened to be made a party to any threatened, pending or completed proceedings, whether civil, criminal, administrative or investigative, by reason of the fact that the person is or was a Director; provided however, that except for proceedings to enforce rights to indemnification, the Company is not obligated to indemnify a Director in connection with a proceeding initiated by such Director unless such proceeding was authorised and consented to by the Board. The foregoing indemnity only applies if the person acted honestly and in good faith with a view to the best interests of the Company and, in the case of criminal proceedings, the person had no reasonable cause to believe that their conduct was unlawful.

The Company may purchase and maintain insurance in relation to any person who is or was a Director, officer or liquidator of the Company, or who at the request of the Company is or was serving as a director, officer or liquidator of, or in any other capacity is or was acting for, another company or a partnership, joint venture, trust or other enterprise, against any liability asserted against the person and incurred by the person in that capacity, whether or not the Company has or would have had the power to indemnify the person against the liability as provided in the Articles.

(z) Amendment of Memorandum and Articles

Where required by the holders of the Sponsor Shares whilst the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), or MLTI or an individual holder of a Sponsor Share hold Incentive Shares, the Directors shall not without the prior vote of the Shareholders by a Special Resolution of Members, amend the Memorandum and Articles (subject at all times to the ability of the Company to amend the Memorandum or the Articles to authorise an Additional Class of Shares pursuant to a Resolution of Directors as detailed in paragraph (h)(iv) above).

- (b) by resolutions consented to in writing by shareholders entitled to exercise a simple majority of the votes entitled to vote thereon, without the need for any prior notice (provided a copy of such resolution shall forthwith be sent to the Company and the Company shall within a reasonable time send a copy of any written shareholder resolution to all shareholders that have not consented to such resolution).

Special Resolutions of Members may be approved at:

- (a) a duly constituted meeting of shareholders by the affirmative vote of at least 75 per cent. of the votes of those shareholders entitled to vote and voting on the resolution; or

A written resolution may consist of several documents, including written electronic communications and the resolution shall take effect on the earliest date upon which directors or shareholders (as applicable) holding the requisite majority of the votes entitled to vote thereon have signed or assented to the resolution (or such later date as specified in the written resolution).

#### 6.4 **Sponsor Share**

- (a) For so long as the Marwyn Shareholder (or an individual holder of a Sponsor Share) holds directly or indirectly 5 per cent. or more of the issued and outstanding shares of the Company (of whatever class other than any Sponsor Shares), the Marwyn Shareholder (and such a holder of a Sponsor Share) will have the right to appoint one director to the Board.

Save as disclosed in this document, the Directors and the Proposed Directors have no interest, whether beneficial or non-beneficial, in the share or loan capital of the Company or any of its subsidiary undertakings.

Under BVI law, neither the Company nor its Shareholders are required to make any notifications relating to any person who has a direct or indirect interest in the share capital or the voting rights of the Company. The Company remains subject to the Listing Rules and the Disclosure Guidance and Transparency Rules, to the extent such rules apply to companies with a Standard Listing, and it and holders of Ordinary Shares are also subject to the Market Abuse Regulation. The Company is aware of the following shareholders of the Company who will be interested, directly or indirectly, in 5 per cent. or more of the issued share capital of the Company immediately following Admission.

**Immediately following Admission:**

Shareholder	Number of Ordinary Shares	Number of Sponsor Shares	Voting interest in the Company's shares
the Marwyn Shareholder / Marwyn	20,525,000	1	15.4 per cent.*
Vin Murria OBE	17,500,000	1	13.1 per cent.

Save as disclosed above and subject to Admission, the Company is not aware of any person who will, immediately following Admission, hold 5 per cent. or more of the voting rights in the Company as a shareholder or through a direct or indirect holding of financial instruments (in each case for the purposes of Chapter 5 of the Disclosure Guidance and Transparency Rules of the Financial Conduct Authority).

Save for the Marwyn Shareholder, the Company is not aware of any person who, directly or indirectly owns or controls the Company as at 18 March 2021. Immediately following Admission, the Marwyn Shareholder and Vin Murria OBE will each own 15.4 per cent. and 13.1 per cent. respectively of the issued ordinary shares of the Company (assuming that no Warrants are exercised). As a result, Marwyn and Vin Murria OBE each may possess sufficient voting power to have a significant influence over all matters requiring Shareholder approval. The Company is not aware of any arrangements the operation of which may at a subsequent date result in a change of control of the Company.

Save as disclosed in paragraph 2 of Part II of this document, there are no potential conflicts of interest between any duties owed by the Directors to the Company and their private interests and/or other duties.

## 10 EMPLOYEES

The Company does not have any employees, but Gavin Hugill has been appointed by the Company as Chief Operating Officer with effect from 12 April 2021.

## 11 SUBSIDIARIES

- (a) The Company has one direct subsidiary, in which it has an interest held on a long-term basis and which the Company considers is likely to have a significant effect on the assessment of the Company's assets and liabilities, financial position or profits and losses:

<i>Name</i>	<i>Registered office and country of incorporation/ residence</i>	<i>Percentage of issued ordinary shares %</i>
MAC I (BVI) Limited	Commerce House Wickhams Cay 1 Road Town VG1110 Tortola British Virgin Islands	100

- (b) IncentiveCo was incorporated in the British Virgin Islands on 31 July 2020 under the BVI Companies Act with registered number 2041009 as a company limited by shares. The Company directly holds all of the issued ordinary shares of IncentiveCo. At the date of this document, MLTI, Gavin Hugill, Karen Chandler and Vin Murria OBE hold Incentive Shares entitling them in aggregate to 100 per cent. of the Incentive Value. The ordinary shares in IncentiveCo and the Incentive

Shares each carry rights to attend and vote at any meeting of the shareholders of IncentiveCo. The Company currently holds approximately 78.7% per cent. of the collective voting rights of IncentiveCo. The Incentive Shares may convert into Ordinary Shares subject to certain conditions being satisfied, as described at paragraph 3 of Part II of this document.

- (c) The Company also has one indirect wholly-owned subsidiary, AdvancedAdvT (Netherlands) B.V., which was incorporated in the Netherlands on 18 February 2021 as a private limited liability company (*besloten vennootschap met beperkte aansprakelijkheid*) with the name AdvancedAdvT (Netherlands) B.V.. The shares in AdvT Netherlands carry rights to attend and vote at any meeting of shareholders of AdvT Netherlands.

## 12 DILUTION OF ORDINARY SHARE CAPITAL

The existing holders of 700,000 Ordinary Shares will have their voting rights diluted by 99.5 per cent. and rights to a return of profits and capital diluted by 97.6 per cent. .

Warrants were issued on a one for one basis to the subscribers for Ordinary Shares who participated in the offer for Ordinary Shares as described in the December Prospectus. The Warrants are exercisable only up until 4 December 2025 at £1.00 per Ordinary Share (subject to downwards adjustment and the winding-up of the Company). The exercise of the Warrants will result in a dilution of the Shareholders' interests if the value of an Ordinary Share exceeds the exercise price payable on the exercise of a Warrant at the relevant time. Conditional upon Admission, the Marwyn Shareholder, as holder of 2,500,000 Class A Warrants, will irrevocably waive its rights pursuant to the Class A Warrant Instrument and accordingly such Class A Warrants will not be exercisable.

Other than the Ordinary Shares and the Sponsor Shares, no other shares will be in issue upon Admission. The 2,500,000 A Shares in issue will convert to Ordinary Shares on Admission and the impact of this on the dilution of the voting rights has been reflected in the 99.5 per cent. dilution referred to above. If any Additional Class of Share is issued with voting rights or the right to convert into a class of share with voting rights in connection with the raising of committed acquisition capital and/or the private issuance of listed or unlisted shares to provide financing for transactions, the voting rights of the holders of Ordinary Shares will be diluted on issue or conversion (as applicable).

## 13 MATERIAL CONTRACTS AND RELATED PARTY TRANSACTIONS

- (a) The following are the only contracts (not being contracts entered into in the ordinary course of business) which have been entered into by any member of the Group within the two years immediately preceding the publication of this document and which are or may be material to the Group or have been entered into by any member of the Group at any time and contain a provision under which any member of the Group has any obligation or entitlement which is material to the Group at the date of this document:

The Financial Advisory Agreement is terminable by either party giving the other party one months' written notice. Investec may terminate the agreement with the Company at any time in certain specified circumstances, such as the Company's default on any of its obligations or insolvency. Under the Financial Advisory Agreement, the Company gave certain customary indemnities to Investec in connection with its engagement as the Company's financial adviser. The Financial Advisory Agreement is governed by English law and will terminate on Admission.

(ii) *Corporate Services and Advisory Agreement*

Under the terms of the agreement, Marwyn Capital has been appointed to provide ongoing advice in relation but not limited to the following: corporate finance, research and analysis, strategic development, forecasting and modelling, equity capital markets, debt and equity fundraising, overall project management, negotiation and bid documentation. Under the terms of the agreement, Marwyn Capital is entitled to a retainer of £10,000 per month

which will reduce to £0 per month following Admission, save where agreed otherwise. Marwyn Capital will also provide certain accounting and administration services on an arm's length time and cost basis. Any fee revisions will be determined as and when required (i.e. as part of an Acquisition and will be subject to related party rules). In addition, the Company may also agree to pay a customary corporate finance fee to Marwyn Capital in connection with an Acquisition.

Under the terms of the agreement, Marwyn Capital also provided certain corporate finance and advisory services in relation to the establishment of the Company and its initial public offering and received a one off fee of £150,000.

The parties have also agreed that: (i) whilst the retainer is £0 per month, Marwyn Capital may terminate the provision of general and corporate finance advice on notice, (ii) Marwyn or the Company may terminate the provision of the services of an individual as named company secretary and/or the provision of certain company secretarial support, accounting and administration services on three months' notice and (iii) save as set out in (i) and (ii) and following an initial term of 24 months from the date of the initial public offering, the Company may terminate the agreement upon the giving of 12 months' written notice (or any other period of notice as agreed between the parties). The Corporate Services and Advisory Agreement is governed by English law.

(iii) *Registered Agent Agreement*

The Company has entered into an agreement with the Registered Agent dated 31 July 2020 for the provision of registered agent services. The Registered Agent may terminate the agreement with the Company immediately, at any time, if it is of the opinion that a conflict of interest arises. In other circumstances, either of the Company or the Registered Agent may, upon the expiry of thirty days' written notice, terminate the agreement.

The Company will pay the Registered Agent an annual fee which will be adjusted annually for inflation and to reflect the cost of doing business in the British Virgin Islands. The Registered Agent Agreement contains a customary indemnity given by the Company to the Registered Agent. The Registered Agent Agreement is governed by the laws of British Virgin Islands.

(iv) *Registrar Agreement*

Pursuant to an agreement between the Registrar and the Company dated 23 November 2020, the Registrar has been retained by the Company to maintain the register of members and the register of warrants. The agreement may be terminated by either party on service of three months' notice on the other, such notice to expire no earlier than the second anniversary of the date of the agreement. The agreement may also be terminated upon service of written notice by either party in certain specified circumstances such as insolvency or material breach of the agreement by a party which that party has failed to remedy within 45 days of receipt of a written notice to do so. The basic fee payable by the Company to the Registrar is subject to an annual minimum charge of £2,500. In addition, various transfer fees are also payable on non-CREST transfers. This agreement contains customary warranties and indemnities given by the Company to the Registrar relating to the due incorporation and capacity of each party. The Registrar Agreement is governed by the laws of Guernsey.

(v) *Depository Agreement*

Pursuant to a depository agreement dated 25 November 2020, the Company appointed the Depository to constitute and issue Depository Interests under the terms of a deed poll.

The obligations of the Depository include arranging for the issue, transfer and cancellation of Depository Interests, arranging for Depository Interests to be admitted to CREST and maintaining the register of Depository Interests. The Company has agreed to provide such assistance, information and documentation to the Depository as may reasonably be required for the Depository to perform its duties under the agreement. The Depository has agreed to indemnify the Company against any claim by a holder of Depository Interests against the Company where loss arises out of any breach of the terms of the Deed Poll save where such loss arises as a result of fraud, negligence or wilful default of the Company. The liability of the Depository is limited to the lesser of

£500,000 or an amount equal to five times the annual fee payable to the Depository under the Depository Agreement. The Company has agreed to indemnify the Depository against any loss, liability, cost or expense resulting from the performance by the Depository of its obligations under the agreement save where these arise as a result of negligence, wilful default or fraud of the Depository.

The agreement is terminable immediately by either party on the occurrence of certain insolvency events where one party commits a material breach which remains unremedied for a period of 30 days following notification of the breach by the other party. The Depository Agreement has an initial term of three years and automatically renews for successive 12 month periods thereafter. Either party may terminate on three months' written notice which must not expire earlier than the relevant 12 month period. The Depository Agreement is governed by English law.

Shareholders who elect to hold the Ordinary Shares in uncertificated form through the Depository will be bound by the terms of the Deed Poll, the provisions of which are expressed to bind all holders of Depository Interests, future and present. Further details relating to the Deed Poll are set out below.

Ordinary Shares held in uncertificated form will be transferred to the Depository or to its nominated custodian. Accordingly, in respect of those Ordinary Shares held by shareholders in uncertificated form, the Company's register will show the Depository (or the custodian, as appropriate) as the legal holder of such shares. The beneficial interest in the Ordinary Shares will, however, remain with the holders of the Depository Interests who will be entitled to receive and exercise (or procure the exercise of) all of the rights attaching to such shares.

If CREST members wish to avail themselves of the depository arrangements, they can do so by inputting a stock deposit in the usual way. The Company has informed Euroclear UK & Ireland that: (A) a CREST transfer form or dematerialisation form lodged as a stock deposit will be deemed to constitute a transfer of the Ordinary Shares to the Depository who will issue corresponding Depository Interests in CREST to the depositing members/transferee and (B) in a similar way, a stock withdrawal will be deemed to constitute an instruction to the Depository to cancel the Depository Interest and effect a transfer of the Ordinary Shares to the person specified in the instruction. Shareholders who wish to do so may withdraw their shares into certificated form at any time using standard CREST messages.

The Depository Agreement is governed by the laws of British Virgin Islands

(vi) *Deed Poll*

On 25 November 2020, the Depository executed the Deed Poll which contains, *inter alia*, provisions to the following effect, which are binding upon holders of Depository Interests.

Holders of Depository Interests warrant, *inter alia*, that Ordinary Shares transferred or issued to the Depository or the custodian (on behalf of the Depository) are free and clear of all liens, charges, encumbrances, or third party interests and that such transfers or issues are not in contravention of the Company's constitutional documents or any contractual obligation, law or regulation. Holders of Depository Interests agree to indemnify the Depository in respect of any costs or liabilities which it may suffer by reason of any breach of any such warranty.

It should be noted that holders of Depository Interests may not have the opportunity to exercise all of the rights and entitlements available to holders of Ordinary Shares including, for example, the ability to vote on a show of hands. In relation to voting, it will be important for holders of Depository Interests to give prompt instructions to the Depository or its nominated custodian, in accordance with any voting arrangements made available to them, to vote the underlying Ordinary Shares on their behalf or, to the extent possible, to take advantage of any arrangements enabling holders of Depository Interests to vote such shares as a proxy of the Depository or its nominated custodian.

The Depository is entitled to cancel Depository Interests and withdraw the underlying Ordinary Shares in certain circumstances, including where a holder of Depository Interests has failed to perform any obligation under the Deed Poll or any other agreement

or instrument with respect to the Depository Interests.

The Deed Poll contains provisions excluding and limiting the Depository's liability. For example, the Depository shall not be liable to any holder of Depository Interests or any other person for liabilities in connection with the performance or non-performance of obligations under the Deed Poll or otherwise except as may result from its negligence or wilful default or the fraud or that of any person for whom it is vicariously liable. Furthermore, except in the case of personal injury or death, the Depository's liability to a holder of Depository Interests will be limited to the lesser of: (A) the value of Ordinary Shares and other deposited property properly attributable to the Depository Interests to which the liability relates; and (B) that proportion of £10 million which corresponds to the portion which the amount the Depository would otherwise be liable to pay to the holder of the Depository Interests bears to the aggregate of the amounts the Depository would otherwise be liable to pay all such holders in respect of the same act, omission or event which gave rise to such liability or, if there are no such amounts, £10 million.

The Depository is entitled to charge fees and expenses for the provision of its services under the Deed Poll without passing any profit from such fees to holders of Depository Interests. Each holder of Depository Interests is liable to indemnify the Depository and any custodian (and their agents, officers and employees) against all costs and liabilities arising from or incurred in connection with, or arising from any act related to, the Deed Poll so far as they relate to the property held for the account of Depository Interests held by that holder, other than those resulting from the wilful default, negligence or fraud of the Depository, or the custodian or any agent, if such custodian or agent is a member of the Depository's group, or, if not being a member of the same group, the Depository shall have failed to exercise reasonable care in the appointment and continued use and supervision of such custodian or agent. The Deed Poll is governed by English law.

The Depository may terminate the Deed Poll by giving not less than 30 days' prior notice. During such notice period holders is obliged to cancel their Depository Interests and withdraw their deposited property and, if any Depository Interests remain outstanding after the Deed Poll has terminated, the Depository must, among other things, deliver the deposited property in respect of the Depository Interests to the relevant holders of Depository Interests or, at its discretion, sell all or part of such deposited property. It shall, as soon as reasonably practicable, deliver the net proceeds of any such sale, after deducting any sums due to the Depository, together with any other cash held by it under the Deed Poll pro rata to holders of Depository Interests in respect of their Depository Interests. The Depository may require from any holder, or former or prospective holder of Depository Interests, information as to the capacity in which such Depository Interests are, were, or are to be owned or held and the identity of any other person with any interest of any kind in such Depository Interests or the underlying Ordinary Shares and holders are bound to provide such information requested.

(vii) *Forward Purchase Agreement*

On 27 November 2020 the Company and the Marwyn Shareholder entered into a forward purchase agreement pursuant to which the Marwyn Shareholder agreed to subscribe for up to £20 million of shares. Such shares may be A Shares (with A Class Warrants being issued on the basis of one A Class Warrants per A Share) or any additional share classes to be issued by the Company, subject to the prior approval by the Marwyn Shareholder and the satisfaction of conditions precedent (including evidence that the Board has authorised the issue of such shares). The proceeds of the subscription are to be used to provide the Company with additional funding for Acquisitions and/or additional working capital.

The Forward Purchase Agreement will terminate on Admission. £2,500,000 was drawn down under the Forward Purchase Agreement on 19 February 2021 in consideration for the issue of 2,500,000 A Shares and 2,500,000 Class A Warrants.

The agreement is governed by English law.

(viii) *Warrant Instrument and Class A Warrant Instrument*

On 27 November 2020, the Company executed the Warrant Instrument and the Class A

## Warrant Instrument.

Under the terms of the Warrant Instrument, the Company has granted, on the terms and subject to the conditions set out in the Warrant Instrument, rights to Warrantheolders to subscribe in aggregate for 700,000 Ordinary Shares at a price per share equal to the Exercise Price (being £1 per Ordinary Share subject to the provisions of the Warrant Instrument). Warrantheolders are entitled in respect of every one Warrant held to subscribe for one Ordinary Share in the Company (or such other number of Ordinary Shares as may for the time being be applicable in accordance with the provisions of the Warrant Instrument).

The Warrants are exercisable by Warrantheolders at any time after the date on which the Warrants are issued and before 4 December 2025 (the "**Long Stop Date**"). A Warrantheolder is entitled to exercise all or any part of its holding of Warrants and, if a Warrantheolder exercises part only of its holding of Warrants, the Warrantheolder is entitled to exercise the balance of its holding of Warrants on any one or more occasions and in any one or more parts as the Warrantheolder (subject to the terms of the Warrant Instrument) determines in its discretion.

If at any time prior to the Company completing an Acquisition, any class of shares has been issued by the Company at a price (or conversion price into Ordinary Shares) below £1.00 per share (the "**Discounted Issue Price**"), then the Exercise Price will equal the Discounted Issue Price.

If any Warrantheolder is in possession of relevant inside information and is thereby precluded from exercising any Warrants or any part thereof immediately prior to the Long Stop Date, then, in respect of such Warrantheolder, the Long Stop Date will be extended until the date which falls 10 Business Days after the day on which the Warrantheolder ceases to be in possession of inside information. Subject to this provision, the Warrant Instrument will terminate upon the exercise of the warrants in full.

The Company may at any time purchase Warrants either by tender (available to all Warrantheolders alike) or by private treaty, in each case at any price that is accepted and/or agreed by Warrantheolders.

If at any time an offer is made to all holders of Ordinary Shares (or all such holders other than the offeror and/or any company controlled by the offeror and/or persons acting in concert with the offeror) to acquire any or all of the issued Ordinary Shares of the Company, the Company will as soon as practicable give notice of such offer to the Warrantheolders and use its best endeavours to procure that a full and adequate opportunity is given to the Warrantheolders to exercise the Warrants and that a like offer, being one *pari passu* with the best terms offered to holders of Ordinary Shares, is extended in respect of any Ordinary Shares issued upon exercise of the Warrants.

The Warrant Instrument and the Warrants are subject to and governed by English law.

The Class A Warrant Instrument has identical terms to the Warrant Instrument, save that under the Class A Warrant Instrument, the Company has the right to issue Class A Warrants to subscribe for up to 20 million Ordinary Shares and holders of Class A Warrants will not be entitled to receive in respect of each Class A Warrant any amount on the winding-up or dissolution of the Company prior to an initial Acquisition.

There are 2,500,000 Class A Warrants currently in issue and held by the Marwyn Shareholder. The Marwyn Shareholder has agreed, conditional upon Admission, to waive its rights to exercise the 2,500,000 Class A Warrants.

### (ix) *KKA Engagement Letter*

## 19 BVI LAW

The Company is registered in the BVI as a BVI business company and is subject to BVI law. English law and BVI law differ in a number of areas, and certain key aspects of BVI law as they relate to the Company are summarised below, although this is not intended to provide a comprehensive review of the applicable law. The Company remains subject to the Listing Rules and the Disclosure Guidance and Transparency Rules to the extent such rules apply to companies with a Standard Listing, together with the Market Abuse Regulation.

### *Shares*

Subject to the BVI Companies Act and to a BVI business company's memorandum and articles of association, directors have the power to offer, allot, issue, grant options over or otherwise dispose of such shares.

### *Dividends and distribution*

Subject to the provisions of a BVI business company's memorandum and articles of association, directors may declare dividends in money, shares or other property provided they determine that, immediately following the declaration of the dividend, the company's assets will exceed its liabilities and it will be able to pay its debts as they fall due.

### *Protection of minorities*

The BVI Companies Act provides a number of protections for minority shareholders including: (i) actions for unfair prejudice where the affairs of the company have been, are being or are likely to be, conducted in a manner which is, or any act or acts of the company have been, or are likely to be, oppressive, unfairly discriminatory or unfairly prejudicial to the shareholder in its capacity as a shareholder; and (ii) derivative actions, whereby an action, initiated by a shareholder, may be taken in the company's name rather than the shareholder's name to enforce a wrong done to the company.

### *Management*

Subject to the provisions of its memorandum and articles of association, a BVI business company is managed by its board of directors, each of whom has authority to bind the company. Directors are required under BVI law to act honestly and in good faith with a view to the best interests of the company, and to exercise the care, diligence and skill that a reasonable director would exercise, taking into account but without limitation, (i) the nature of the company, (ii) the nature of the business and (iii) the position of the directors and the nature of the responsibilities taken.

### *Accounting and audit*

A BVI business company is obliged to keep financial records that: (i) are sufficient to show and explain the company's transactions and (ii) will, at any time, enable the financial position of the company to be determined with reasonable accuracy. There is no statutory requirement to audit or file annual accounts unless the company is engaged in certain businesses which require a licence under BVI law. It is not anticipated that the Company's activities would require such a licence.

### *Exchange control*

BVI business companies are free to acquire, hold and sell foreign currency and securities without restriction. There is no exchange control legislation under BVI law and accordingly there are no exchange control regulations imposed under BVI law that would prevent a BVI business company from paying dividends to shareholders in pounds sterling or any other currencies, and all such dividends may be freely transferred out of the BVI, clear of any income or other tax of the BVI imposed by withholding or otherwise without the necessity of obtaining any consent of any government or authority of the BVI.

### *Inspection of corporate records*

Shareholders of a BVI business company are entitled, on giving notice to the company, to inspect: (a) the memorandum and articles; (b) the register of members; (c) the register of directors; and (d) minutes of meetings and resolutions of members and of those classes of members of which such shareholder is a member and to make copies or take extracts from such documents and records. Subject to the company's memorandum and articles, the directors may, if they are satisfied that it would be contrary to the interests of the company to allow a shareholder to inspect any document, or part of a document specified in (b), (c) or (d), refuse to permit the shareholder to inspect the document or limit the inspection of the document, including limiting the making of copies or the taking of extracts from the records.

### *Insolvency*

A BVI business company will be insolvent under BVI law if: (i) the company fails to comply with a statutory demand which has not been set aside; (ii) the company's liabilities exceed its assets; (iii) the company is unable to pay its debts as they fall due; or (iv) execution or other process issued on a judgment is returned wholly or partly unsatisfied. The court can also order a BVI business company into liquidation where it is 'just and equitable' to do so or where (only on the application of the Attorney General or BVI Financial Services Commission) winding up the company would be in the public interest.

### *Takeovers*

The BVI does not have any securities law rules or regulations analogous to the Takeover Code in connection with a takeover of a BVI business company. However, BVI corporate law provides for a number of methods by which takeovers of BVI business companies may be effected including permitting shareholders holding ninety per cent. (90%) of the votes of the outstanding shares entitled to vote to give written instructions to the company to redeem the shares held by the remaining shareholders pursuant to section 176 of the BVI Companies Act, plans or schemes of arrangement and mergers or consolidations.

### *Mergers*

BVI law permits BVI business companies to merge with BVI companies or companies incorporated outside the BVI, providing the merger is lawful under the laws of the jurisdiction in which the non-BVI company is incorporated. With effect from the effective date of the merger, the surviving company or the new consolidated company assumes all of the assets and liabilities of the other entity(ies) by operation of law and other entities cease to exist.

A BVI business company may enter into a merger or consolidation by the directors of each constituent company approving a written plan of merger or consolidation which must then be authorised by a resolution of shareholders. All shareholders must be given a copy of the plan of merger or consolidation irrespective of whether they are entitled to vote at the meeting or consent to the written resolution to approve the plan of merger or consolidation. However, subject to the memorandum and articles of association, there are no

super majority or majority of minority approvals required.

The shareholders of the constituent companies are not required to receive shares of the surviving or consolidated company but may receive debt obligations or other securities in the surviving or consolidated company, or money or other assets, or a combination thereof. Specifically, some or all the shares of the same class or series in each constituted company may be converted into a particular or mixed kind of assets and other shares of the class, or all shares of other classes of shares, may be converted into other assets. As such, not all the shares of a class must receive the same kind of consideration.

#### *Dissent Rights*

A shareholder may dissent from a mandatory redemption of his shares, an arrangement (if permitted by the court), a merger (unless the shareholder was a shareholder of the surviving company prior to the merger and continues to hold the same or similar shares after the merger) or a consolidation. A shareholder properly exercising his dissent rights is entitled to payment in cash of the fair value of his shares. A shareholder desiring to dissent from a merger or consolidation must object in writing to the merger or consolidation before the vote by the shareholders on the merger or consolidation, unless notice of the meeting was not given to the shareholder or the proposed action was authorised by written resolution of the shareholders. If the merger or consolidation is approved by the shareholders, the company must, within 20 days, give notice of this fact to each shareholder who gave written objection, and to each shareholder who did not receive notice of the meeting or to any shareholder who did not consent to the merger or consolidation, if consent was obtained by written resolution. Such shareholders then have 20 days to give to the company their written notice in the form specified by the Act of their election to dissent from the merger or consolidation, provided that in the case of a merger, the 20 days starts when the plan of merger is delivered to the shareholder.

Upon giving notice of his election to dissent, a shareholder ceases to have any rights of a shareholder except the right to be paid the fair value of his shares. As such, the merger or consolidation may proceed in the ordinary course notwithstanding the dissent.
